

January 26, 2021,

To the Town of Rockville,

Please read this into the meeting minutes for today's special meeting.

I wrote a letter last week notifying the town of an error when selecting the new planning and zoning members for the town. While I have no opposition to Mr. Arnold being on the board, I also want to make sure that things are being done in a legal and appropriate fashion.

I feel that the town bends the rules to appoint who they want to these board positions. I would be disappointed if the town, again, bent the rules to try to make it seem like applications were sent in in time even though the official 'Received by' stamps on the letters of intent seem to be pretty clear.

So, barring any shenanigans by the town council, I guess it would be appropriate to congratulate Brooke, Jacob, or Jan to the town council. I would also hope to see Mr. Arnold on the town council in the future.

Thanks,

Tydon Oler
