

## March 2021 Community Newsletter

### Bagging Recyclables

Please do not place anything in your recycling can that is wrapped in plastic bags. We are still seeing many situations where residents are placing their recyclable materials in plastic bags. The recycling processing facilities will not accept plastic-bagged materials, and they often times send them to the landfill, unopened.

Contact our Sustainability Coordinator, Ethan Morris ([EMorris@wasatchfrontwaste.org](mailto:EMorris@wasatchfrontwaste.org) or 385-468-6337) if you have specific recycling questions.

### Annual Earth Day

Earth Day is on April 22<sup>nd</sup>. Help celebrate our beautiful planet and practice conservation efforts by reducing the use of disposable plastics, recycling your e-waste, and buying local produce. More information and suggestions can be found at [www.earthday.org](http://www.earthday.org).

### Illegal Dumping

Utah Administrative Code R315 requires all waste to be disposed of at a properly designated disposal facility. It is illegal to dispose of any waste at any other location. If residents see any illegal dumping, they should contact the Salt Lake County Health Department at 385-468-4100.

### Broken/Damaged Cans

If your garbage or recycle can is broken or damaged, please call our office at (385) 468-6325. We will come and repair your cans as part of your fees for services. You can also complete an online service order request on our website (<https://wasatchfrontwaste.org/report-a-problem-or-request-service/>).
