

MINUTES OF THE STUDY SESSION – FEBRUARY 9, 2021

The Board of Education of the Alpine School District met in a study session on Tuesday, February 9, 2021 at 4:00 P.M. at the Alpine School District Office. The meeting was live streamed to the public.

Board members present: Board President Mark J. Clement, Vice President Sarah L. Beeson, Stacy M. Bateman, Amber L. Bonner, Sara M. Hacken, Julie E. King, and Ada S. Wilson.

Also present: Superintendent Samuel Y. Jarman, Business Administrator Robert W. Smith, and members of the administrative staff.

Preliminary District Restructure Data

Assistant Superintendent Rob Smith presented preliminary data to begin a conversation about restructuring the district. He said when looking at a district change, we need to view the current structure through the following lenses:

- Are academics declining?
- Is the financial strength of the district declining?
- Is the public engagement of the district declining?

When the business team studies this information, they take seriously putting good data together and allow others to review it and ask the questions. Rob presented data about demographics, tax revenue, student enrollment by city & forecasting, current district operation structure, long-term obligations, governance, representation & engagement process and other variables. He reviewed the number of schools per city and the change in taxable values over five years. If there was a district restructure, the schools would go to the city they are in, which could present a challenge with the open enrollment policy and Dual Language Immersion schools.

The following is a list of the other data points the board would like studies on:

- The data on revenue based on cities over the next five years.
- RDAs in all the cities located in ASD.
- Equity of resources across zip codes in the district.
- Possible reassignment of schools in a cluster to assist in the number of schools each board member covers.
- Possible three way district split instead of east/west.
- Evaluate if money could be saved with the creation of central services.
- Compare and contrast needs if there is a split, and if we don't split, what necessities will need to be added i.e., upgraded warehouse, transportation, west garage, etc.
- How would debt be paid in the case of a split?
- Study what part of budget is WPU and property tax.
- What would the property tax need to be in each area to sustain the current status?
- What would the cost be if the district was restructured and we have to duplicate positions and buildings?

Mark Clement encouraged board members to consider what criteria they would use to make a decision regarding a district restructuring and what information would they need to support that criteria. This information will be helpful in making a decision. He said the discussion will continue in a future study session.

County Re-districting

Kimberly Bird, Assistant to the Superintendent, reported that the county is not finished preparing the data from the 2020 Census. That information is necessary for us to move forward with a discussion regarding re-districting. The county redistricting process begins in January 2021 and ends in October 2021.

- January 25th – an independent re-districting commission was created.
- February 1st – data gathering from the 2020 Census and future growth analysis begins.
- March to July - seven public hearings are held from March to July.
- September – using 2020 Census data, the variances between district board seats will be studied with the creation of the proposed schedules on September 20th.
- October - three scenarios will be submitted by Utah County to Alpine School District, a public hearing will be held, ASD's board and staff will review and suggest potential revisions. On October 12th, the suggestions/revisions will be resolved and submitted to the Lieutenant Governor's office on the 19th.

The following are the guiding principles:

- Comply with state statute to balance/minimize variances between board seats and representation based on population and age of voters
- Maintain contiguous boundaries
- Anticipate future growth opportunities when making recommendations
- Study and understand specific impacts to ASD with the number of K-12 students, schools, and cities represented by each district seat

Board Governance

Ada Wilson led a discussion about chapters 1, 2 and 6 in the *Governance Core*. Some of the thoughts shared from the reading:

- A board effectively working with superintendent and staff is the only way we can make improvements in the achievement of students.
- Board members have the vision, but should not get caught up in the day to day, which is the role of staff.
- Management is rowing, the board is steering. We are powerful as a group and do not have power individually.

Dr. Farnsworth reviewed the moral imperative statement discussed in the January 25th board training and agreed on the following:

The Board of Education commits to high levels of learning for every student by strategically prioritizing:

1. *Student Achievement (Learning)*
2. *Teacher Effectiveness*
3. *Stakeholder Engagement*

Guiding principles will be discussed at the February 23rd study session.

ADJOURNMENT

The meeting adjourned at 5:32 P.M.

MINUTES OF THE BOARD MEETING – FEBRUARY 9, 2021

The Board of Education of the Alpine School District met in a board meeting on Tuesday, February 9, 2021 at 6:00 P.M. at the Alpine School District Office. The meeting was live streamed to the public.

Board members present: Board President Dr. Mark J. Clement, Vice President Sarah L. Beeson, Stacy M. Bateman, Amber L. Bonner, Sara M. Hacken, Julie E. King, and Ada S. Wilson.

Also present: Superintendent Samuel Y. Jarman, Business Administrator Robert W. Smith, and members of the administrative staff.

Board President Dr. Mark Clement conducted the meeting.

PLEDGE OF ALLEGIANCE

Dr. Mark Pew led the Pledge of Allegiance.

REVERENCE

The reverence was offered by Kara Sherman.

RECOGNITIONS

Kim Lowe, District Nurse Supervisor, was recognized for her efforts in leading the school nurses in response to COVID-19.

Students from the Skyridge Cluster who have had artwork displayed at the district office for the past few months were honored.

COMMUNITY COMMENTS

Jim Larkin is a parent of students in the district. He is also a track coach and has been a substitute teacher. He was happy to hear the discussion about the moral imperative in study session. He is alarmed by the information he found on the district's website regarding an equity study. He is concerned that a district in Utah County would be promoting this kind of information and the harm it could cause.

The following online comments have been received and read by the board members:

Kellie Spiker asked about the mask mandate and when it will be lifted. Her daughter came home from school and said she was having a hard time breathing during the day. This is dangerous to their health. Kellie said when she enquired about online learning, she was told they are at capacity.

Kendra Owens asked why children from the Fairlane Village Mobile Home Park area being sent to Aspen Elementary, especially with the growth of Anderson Farms.

Ellen Drinkwater wants the district to reinstate Google Hangouts. She said it was a good way for kids to connect during the COVID pandemic and it was useful for school.

Eliza Johnson asked that Google Hangouts be reinstated.

Joseph Hilton asked that Google Hangouts be reinstated. It was a good way for students to communicate.

Sharlee Largey said Title I schools across the district have lost funding for FTEs and she is wondering why and how we can get that funding back next year. Westmore has lost two FTEs a year for the last two years, even though the student population has been increasing. It is so frustrating to have classrooms filled to capacity (especially during this time of supposed 'social distancing') with multiple empty classrooms right next door. 95% of the Title I money is already allocated to aides and teacher salaries, so they cannot afford to pay more teachers. Westmore has extended day so the teachers have smaller groups in the mornings and afternoons, but teaching in a Title I classroom is different. A classroom of 35 students can have 40% ELL which makes teaching difficult. At least one third of these students are from low income homes and have no parent support. Westmore has the best, experienced, well-trained and incredible teachers, but they cannot be expected to take on such difficult classes without getting burned out. Sharlee asked the board to please reconsider their decision to cut this funding.

Edon Davenport said the pandemic has place unprecedented stress on our children. They have had to cope with countless changes including masks, social distancing, quarantines and school closures. With so many challenges, our children are desperately seeking consistency from their schools. The boundary proposed by the south Saratoga Springs elementary committee brings dramatic changes to all of the elementary schools involved. A large number of children will be displaced at a time when they are searching for familiarity and predictability. The rejected boundary alignment would have provided stability for the larger number of children. It would have kept more children at their current school during this time of crisis. The other option would have let more children maintain their established support systems at the school they have been attending. She asked the board to please consider the emotional and mental impact this realignment will have on families in our community during this turbulent time.

Erik Schaumann spoke about the discussion on the agenda regarding the easement request and intersection improvements with Orem City and its relationship to a proposed road expansion on 600 West next to the softball fields. He requested that the decision be delayed. Erik is a resident of a nearby neighborhood and his children attend Mountain View and Orem Jr. High. The requested road expansion is due to a massive planned water tank in the Orem Community Park. He said there has been no community involvement regarding the placement of the water tank, with the exception of one email. There is concern about the long term effects of this decision. Erik requested that the board of education delay their decision to allow more time for community input, and involvement, and more time is needed to review the placement decision and choose a location that is best for the community, which may or may not be the Orem Community Park.

Katelyn Lagana said she is interested to see the results of the survey because based on community responses, not many residents in the affected area voted for the proposed boundary change. She is unhappy that ASD is splitting up the kids in the HOA. They have family in the neighborhood and the children attend school together. With the proposed changes, they will be split between schools. Saratoga Shores already went through a split when Springside opened and are now being asked to split again. Katelyn said the school south of Pelican Bay was a bad build and will not meet the demand needed by the growth in Saratoga Springs. The expansion in Saratoga Springs has been further north and soon Springside will be overcrowded because of the Wander development. ASD is using boundary changes to control student population, and while that may look good on a graph, it does not translate to a cohesive community within a school.

Michelle Sim requested that the Alpine School District Board of Education please strongly consider postponing the vote on widening the road by Orem Elementary to provide use for the Community Park Well. This project needs more research completed for student and neighborhood safety. By postponing the vote, it will allow more time for appropriate research to be completed. As of right now, this project is a huge risk for Orem Elementary and the surrounding neighborhoods.

Alicia Alba is concerned by some of the more extreme elements she recently found on the district's student educational equity webpage. She agrees that we need to work to end racism and to ensure that our students receive equitable opportunities according to their individual needs. But the district's stated goals go beyond that by proposing we should also pursue equitable achievements. Alicia thinks this is a misguided goal which will negatively impact our students' academic potential and it is rooted in a very narrow and extreme ideology which is not backed by research. In fact, this ideology has been shown to harm organizations which embrace it, causing them to regress rather than progress toward social justice. Some people refer to this ideology as "anti-racism" or "wokeness" or even "critical social justice." Whatever you choose to call it, it is no more appropriate to push it as the sole or best means for achieving social justice than it would be for the district to push for any other totalitarian doctrine or dogmatic creed to be embraced by our community. All of the anti-racism resources in the SEE page are grounded in just this one philosophy for pursuing social justice. Resources include everything from articles like "watching my 5 year old wrestle with his whiteness," to calls for "positive discrimination" as retribution for past discrimination, to proposals for passing an amendment to the US Constitution which establishes a Department of Anti-Racism responsible for preclearing all government policies to ensure they align with this worldview. Alicia respectfully requested that our district reconsider the SEE content to more accurately reflect the values of our schools- values which are grounded instead in classically liberal -law, and unity. Some organizations which embrace this more liberal worldview for both student curriculum and staff training can be found at: <https://counterweightsupport.com/useful-organizations/>

Chris Carn thanked the board for their service to our community and children. As an elected official he understands that you will never make everyone happy. He also realizes that often times you are working with a larger data set when making these types of changes. He will respect and support what the board decides and will try to work for the best solution for his kids and family. Chris acknowledged that boundary changes are never easy. It will take a toll on families, faculty and most importantly our students. He currently has three kids at Saratoga Shores and one more who will start elementary school in two years. The current boundary proposal has his family and neighborhood changing to Springside. While they can make the adjustment, he requested a slight change if possible. When Springside opened, his entire HOA attended Saratoga Shores. It was a big adjustment to split the HOA in half. Attending two different elementary schools hurt the sense of community and togetherness. The new boundaries are doing the same thing over again. Please consider moving the small area at the far south end of Saratoga Springs Home Owners Association (Fairway to Bliss) to Springside in this boundary adjustment. That will keep the entire neighborhood at one elementary, one middle school and one high school. Chris also requested that bussing still be provided to the areas of the new Springside boundaries. While technically they are on private roads, they are still beyond walking expectations. His home is three miles from Springside.

Carol Kingston said they are devastated at the idea of losing some of the phenomenal teachers from Saratoga Shores Elementary with the building of the new school. Having lived there for 11 years, she knows that growth will remain exponential and Saratoga Shores will quickly be at its current capacity.

Steven Phelps wrote to encourage ASD to commit to offering ongoing online options for all students. Online education has proven to be successful for certain students. Also, high risk students will not be able to return to schools until they have been vaccinated. Steven said that Alpine Online and East Shore fail to address the needs of students with disabilities. Given the FAPE requirement for schools, online options must be included for the coming school year. Committing to this now will ease the uncertainty many families are feeling about the next school year.

Patricia Norwood said when emails were sent out earlier this year asking what parents at Saratoga Shores would prefer in regards to a school boundary change, many requested and hoped for a smaller number of students. What they failed to understand is that they would be losing so many great teachers and support staff, and putting other teachers in hard situations by having to move grades to stay at the school. Patricia said most parents and teachers would prefer that Saratoga Shores stay with similar numbers so that they can keep the amazing team that is currently in place.

Rebecca Dowdle lives in the Lakeside area directly south of Fairway Blvd. She is concerned that the proposed cut off for the HOA at Fairway puts them in an awkward neighborhood position. Lakeside has a low number of elementary school kids and splitting up the HOA at Fairway could cause further geographical problems for the young families.

Nathan Walton is a parent of several elementary school students who attend Westmore Elementary School. He recently learned that the school will be losing teachers next year, which he finds quite distressing. The school has lost teachers for the last two years already, so this will make it three years in a row that the teacher staff has been reduced even though enrollment has increased. When Westmore was placed on an extended day schedule, with some students coming early and some coming later, it was to allow for more focused time at the beginning or end of the school day. It was a strategy for helping to better serve the at-risk students. It was not meant as a way to increase class sizes.

In a Title I school there are many students who require extra attention. There are a high number of

English language learners at Westmore and many students are living through difficult family situations. Many students are behind, more students with behavior problems, and more things getting in the way of student learning. Nathan quoted one teacher as saying that at any given time, half of her students are in crisis. His argument is that Title I schools should not be treated like other schools. They should be allowed to keep smaller class sizes while also running an extended day schedule.

Mr. Walton said that studies suggest that smaller class size for at-risk students make a difference. A 2015 article from the Goldman School of Public Policy, "The Class Size Debate: What the Evidence Means for Education Policy," reviewed the empirical studies and conclusions for and against smaller class sizes. They gave a measured conclusion overall but pointed specifically to benefits for schools like Westmore: *"The evidence on the relationship between class size and achievement is not conclusive but there is good reason to believe that smaller classes could be beneficial to students in the early years of primary school and especially for minorities and low-achieving students."* One of the competing theories this article discusses is that teacher quality may have a greater effect on student achievement than class size. He believes this too will be impacted by reducing teachers in Title I schools. If a good teacher has a choice between a school with lots of parent support and high quality programs as opposed to a school with kids more "in crisis" and more behavior problems, it won't be too long before Title I schools will lose their best teachers. To keep good teachers at Title I schools, there must be mitigating factors as compared with other schools, and smaller class sizes make a big difference for teachers. Mr. Walton urged the board to reconsider the teacher cuts, specifically for Westmore next year, but more broadly to allow all Title I schools to keep their class sizes smaller than other schools.

Kristine Walton is the mother of several students at Westmore Elementary. This week at the school community council meeting she learned that, like many of the Title I schools, Westmore would be cut teachers for the coming year. She is concerned about this and is disappointed in the decision. As a Title I school, there are many extra challenges--transient families, many ELL learners, discipline issues, and more, that make the learning environment more difficult. In the past, Westmore was allowed to keep their classroom numbers at the traditional classroom size, while still offering the extended day schedule. She asked the board to please consider allowing this for all Title I schools whose students truly need some extra considerations. Kristine's daughter has been in a grade cut from three classes to two the last few years. She has seen first-hand the toll it is taking on teachers. Westmore has amazing teachers who care and teach so well. However their stress level has noticeably increased. She has also seen a rise in her daughter's stress level in the classroom. Smaller class sizes make a huge difference for an at risk population.

MINUTES

Board President Mark Clement recommended approval of the January board meeting minutes. Ada Wilson made the motion to accept the minutes as written, Amber Bonner seconded it, and the motion passed with a unanimous vote.

CLAIMS

Check numbers 00178373 through A4385239 and 00002358 through 00002436 totaling \$18,856,947.98 were presented for the board's acceptance. **Superintendent Jarman recommended the board's acceptance of the January claims. Julie King made the motion to accept the claims, Stacy Bateman seconded it, and the motion passed with a unanimous vote.**

4. Alpine Foundation Report

The latest Alpine Foundation report was included for the board's review.

Superintendent Jarman recommended the approval of the routine business. Sara Hacken made the motion, Sarah Beeson seconded it and the motion passed with a unanimous vote.

ACTION ITEMS

1. LEA Specific Licenses

Superintendent Jarman recommended the approval of the LEA Specific Licenses. Ada Wilson made the motion to approve the LEA Specific Licenses, Julie King seconded it and the motion passed with a unanimous vote.

2. Resolution 2021-002-Sale of Approximately .24 Acres in Lehi

Resolution 2021-002 was moved to a future board meeting.

3. Resolution 2021-003-Authorizing a Power Meter Easement & Intersection Improvements Between ASD & Orem City

Superintendent Jarman recommended the approval of Resolution 2021-003 to authorize a power meter easement & intersection improvements between ASD & Orem City.

Dr. Shane Farnsworth explained that Orem City is remodeling their fitness center and we have been working with them in a collaborative effort. They have placed a sign on center street and need to run power for the lights and sign and are requesting access to ASD property to place a 2x2 concrete pad for a power meter. Dr. Farnsworth explained that we have other utilities and infrastructure that would be consistent with their request and recommended the board's approval.

The second easement is the widening of the road on 600 West to allow Orem City to align it with the road across from 400 South. It is narrow street with a lot of school traffic accessing Mountain View and the city park. It is offset right now and they would like to either purchase or seek an easement of approximately 3,600 feet on the east side of the road. This would allow them to widen it for greater access and to align it with the road across the street. Dr. Farnsworth requested approval from the board to pursue further talks with the city regarding purchasing land or granting an easement and what that might entail. He also noted that the city is in the process of trying to determine where to place a water tank. If they are able to improve the road access it could make it easier for them to move machinery, etc. in and out of the area if they decide to place the water tank at the city park. The city indicated that they are wanting to make adjustments to the road regardless of where they place the water tank. Dr. Farnsworth recommended approval for the power easement and permission to continue the conversation about the road improvements. Board members commented that the safety of the road is important, but the water tank placement is not a district issue. However, they have received emails from the community expressing concern about the placement of the water tank at the park. **Julie King made the motion to approve 2021-003 authorizing a power easement between ASD and Orem City. The motion was seconded by Stacy Bateman and it passed with a unanimous vote.**

DISCUSSION/ACTION ITEM

1. Policy 6068 Sex Education & Maturation Education (Rewrite & Title Change)

Assistant to the Superintendent Kimberly Bird reported that the last time that Policy 6068 was reviewed was in the 1980's. The policy committee is proposing that ASD not only have a thorough sex education policy, but also include the maturation education programs we have throughout the

district. Kimberly read the statement of policy, which included links to the USBE Administrative Rule R277-474 and Utah Code 53G-10-402. She also read the sex education description in the rewritten policy, as well as the description of maturation and health education. Kimberly explained that this includes the new procedures and practices that align with the current law. Board members discussed the need for community representation on the sex education committee and will follow the guidelines as described in procedures 1.1. Board members vetted the policy as written.

Sara Hacken made the motion to move this to an action item and to accept Policy 6068 as written. Sarah Beeson seconded it and the motion passed with a unanimous vote.

2. Policy 5225 Technology Resources & Acceptable Use (Rewrite & Title Change)

Kimberly Bird explained that the original Policy 5225 was written in 2011. It needs to be rewritten to bring into practice the resources and devices used throughout our schools. The pandemic helped us to realize that we need a policy for when students take devices home. Board members raised concerns about parent consent and the ability to limit use. Technology Administrator Dr. Blaine Edman explained that in re-writing the policy, they used the language of other districts' acceptable use policies. He agreed that we want to give parents choice and the policy can be rewritten to reflect that better. Dr. Edman explained that parents give permission on Skyward and can change their preference if they choose to do so. Approval of Policy 5225 will be an action item on the February 23rd board meeting agenda.

DISCUSSION ITEMS

1. New Saratoga Springs Elementary School Boundary

Assistant Superintendent Dr. John Patten presented the feedback from the boundary survey for the new south Saratoga Springs elementary. The boundary will affect Sage Hills, Saratoga Shores and Springside elementary schools. The survey results were analyzed by current school boundaries, and by those developments that are in different boundaries between the two options. Of the 710 who responded to the survey, 41% favored option 1, 48% option 2, 6% were undecided, and 5% indicated neither option. The boundary committee sent out a follow-up survey to families living east of Redwood Road in the Saratoga Shores boundary. They were asked if option 2 were the approved boundary, would they prefer their students to attend Springside Elementary or the new school? Those living north of Fairway Blvd favored Springside and those living south of Fairway preferred the new school. This information was used to create the staff's recommendation, which is option 2, with the exception that Fairway Blvd becomes the boundary between Springside and the new elementary school. This recommendation creates long-term boundaries, prepares for future growth and reduces bus traffic on Redwood Road. Board members asked questions regarding bussing and safe walking routes. The final boundary decision will be an action item on the February 23rd board meeting agenda.

2. New Vineyard Elementary School Boundary

Dr. Patten reported that the survey results for the proposed boundary for the new Vineyard elementary had overwhelming positive feedback. The staff's recommendation is to create a boundary on Center Street from the freeway to the lake. It is a natural geographic boundary, falls in equal distance from the schools and balances current and future enrollment at both elementary schools. The final decision will be an action item on the February 23rd board meeting agenda.

3. Jr. High Boundaries in Vineyard

Assistant Superintendent Rhonda Bromley said the elementary survey drew attention for the need to adjust the jr. high boundaries in the Vineyard area. More than half of the respondents urged the district to align the elementary and jr. high boundaries south of center street near the lake. The staff is supportive of aligning the boundary that would allow all of Vineyard Elementary students to attend the Lakeridge Jr. High. Parents could still allow their students to stay at Orem Jr. High if they prefer, because it is an open school. This boundary will be voted on at the April 13th board meeting.

Reports

1. Membership Report

Superintendent Jarman reported on the enrollment report. He said from December to January the district gained 301 elementary and 84 middle school students. It's good to see a large number of students have returned to our schools.

BOARD MEMBERS' AND SUPERINTENDENT'S INFORMATION ITEMS

Sarah Beeson reported on the curriculum committee meeting she attended and the discussion about the Ready Math Program. Kids are thinking outside the box when it comes to math and are working on teams and collaborating with each other.

Stacy Bateman reported on the suicide coalition.

Sara Hacken reported that she also serves on the suicide coalition. Things being done in school to help kids feel more connected, but are not necessarily academic related. She also reported on the Alpine Foundation and the selection of a teacher of the year. Last year it was challenging to celebrate the honorees because of COVID. As they have begun the process for this year, the decision has been made to not have a banquet, but will honor them at their schools in the spring.

On motion by Sarah Beeson and seconded by Stacy Bateman, the meeting adjourned into closed session at 7:40 P.M. with Mark Clement, Sarah Beeson, Stacy Bateman, Amber Bonner, Sara Hacken, Julie King, and Ada Wilson voting in favor.

MINUTES OF THE CLOSED SESSION - FEBRUARY 9, 2021

The Board of Education of the Alpine School District met in a closed session on Tuesday, February 9, 2021 at 7:51 P.M. The meeting took place at the Alpine School District Office.

Board members present: Board President Dr. Mark J. Clement, Vice President Sarah L. Beeson, Stacy Bateman, Amber L. Bonner, Julie E. King, Sara M. Hacken, and Ada S. Wilson.

Also present: Superintendent Samuel Y. Jarman, and Business Administrator Robert W. Smith, Assistant Superintendents Dr. Shane Farnsworth, Dr. John Patten, and Rob Smith.

The purpose of the closed session was to discuss personnel, property, litigation, and collective bargaining.

Sam, Shane, John and Rob were excused at 8:22 P.M.

ADJOURNMENT

On motion by Sarah Beeson and seconded by Stacy Bateman, the meeting adjourned at 9:28 P.M.

DRAFT

MINUTES OF THE STUDY SESSION – FEBRUARY 23, 2021

The Board of Education of the Alpine School District met in a study session on Tuesday, February 23, 2021 at 4:00 P.M. at the Alpine School District Office.

Board members present: Board President Dr. Mark J. Clement, Vice President Sarah L. Beeson, Amber L. Bonner, Sara M. Hacken, Julie E. King, and Ada S. Wilson.
Stacy M. Bateman joined the meeting through Zoom.

Also present: Superintendent Samuel Y. Jarman, Business Administrator Robert W. Smith, and members of the administrative staff. The public participated through live stream.

BYU Public Schools Partnership Recognition

Dr. Gary Seastrand Executive Director of the BYU Public School Partnership presented Alpine School District with an award for Exemplary Professional Development School Achievement from the National Association of Professional Development Schools (NAPDS). The BYU partnership was established in 1984 to provide a strong collaboration between districts and the university. To have great schools, you have to have great teachers. To have great teachers you have to have great training programs for teachers and strong mentors. The goal of the McKay School of Education at BYU is to prepare teachers that the districts want to hire.

Dr. Barry Graff, Associate Director of Professional Development, explained that five districts are involved in the BYU Associates and Leaders Associates Programs. BYU is committed to the Center for the Improvement of Teacher Education and Schooling Program (CITES). The CITES program runs the Instructional Coaching and Principal Academies. They also sponsor two conferences which are available to all teachers. They also offer many USBE endorsements for teachers.

Dr. Seastrand said there is a dramatic decline in the number of college students who want to become teachers. BYU is committed to finding ways to change that and put certified teachers in the classroom. He thanked the school board for allowing district staff to take the time to be involved in the partnership.

Board Governance

Board member Sarah Beeson led a discussion about chapter 4 in the *Governance Core* about welcoming new board members.

Board Priorities

Dr. Shane Farnsworth continued the discussion about the board's Moral Imperative statement and the strategic priorities:

The Alpine School District Board of Education commits to high levels of learning for every student by strategically prioritizing:

1. *Student Achievement (Learning)*
2. *Teacher Effectiveness*
3. *Stakeholder Engagement*

These priorities were taken to the district leadership team and they created initiatives. Board members vetted the initiatives and made suggestions. The district leadership team and advisory board will take these suggestions and come up with measurable goals that could be presented in a June board training.

School Consolidation Guiding Variables and Process

Dr. Farnsworth said the goal is to outline an informal process that we might consider for school consolidations before moving forward with the formal process as outlined in state statute. The following was discussed:

- School variables
 - Enrollment
 - Equity, Demographic and Program Variables
 - Neighborhood Variables
- Facility and Financial Variables
 - Building Size
 - Building Condition
 - Costs and Savings
 - Bond and Capital Planning
- Timing and Timeline Variables Recommendations
 - Informal Study
 - Process begins in March
 - Board and staff consider possible sites for informal study
 - Staff gathers data on sites chosen for informal study
 - Board and staff review data on selected sites
 - Board and staff determine sites for formal consolidation study
 - Consolidation Study
 - Process begins in September of current school year
 - Follows state statute for process and notification (53G-4-402 (21) (a)(b)
 - Final decisions on consolidation are made in January for implementation the following school year
 - Principal and staff changes and FTE adjustments are aligned with other administrative changes and FTE allocations
 - Catalyst Variables
 - Enrollment less than a certain number of students
 - School rebuild prioritization
 - Larger boundary adjustments
 - Student/school achievement concerns
 - Equity concerns
 - Capital planning/bond consideration alignment
 - Square footage
 - Schools that need to be rebuilt

The board gave input and agreed that this is a good starting point for creating an informal process for studying the consolidation of schools. It will be helpful to both the district, and the public.

ADJOURNMENT

The meeting adjourned at 5:30 P.M.

MINUTES OF THE BOARD MEETING – FEBRUARY 23, 2021

The Board of Education of the Alpine School District met in a board meeting on Tuesday, February 23, 2021 at 4:00 P.M. at the Alpine School District Office.

Board members present: Board President Dr. Mark J. Clement, Vice President Sarah L. Beeson, Amber L. Bonner, Sara M. Hacken, Julie E. King, and Ada S. Wilson.
Stacy M. Bateman joined the meeting through Zoom.

Also present: Superintendent Samuel Y. Jarman, Business Administrator Robert W. Smith, and members of the administrative staff. The public participated through live stream.

Board President Dr. Mark Clement conducted the meeting.

PLEDGE OF ALLEGIANCE

Eric Woodhouse led the Pledge of Allegiance.

REVERENCE

The reverence was offered by Elizabeth Wilson.

ALPINE FOUNDATION RECOGNITIONS

Board president Mark Clement recognized the following individuals from Willowcreek Middle School for their excellence:

- Support Professionals:
 - Marcia Randall
 - Korrine Thompson
- Teachers:
 - Libby Robertson
 - Trevor Peart
- Volunteers:
 - Brian Pendleton
 - Sharra Cal

STUDENT RECOGNITIONS

Principal Asa Nielsen recognized the following Willowcreek Middle School students for their excellence:

- Bella Lung
- Anna Lindsay
- Alyssa Gunnell
- Hannah Dajany
- Taelyn Flake
- Kayden Colledge
- James Pilling

- Derek Blackwell

School Report

Principal Asa Nielson shared a report about the great things happening at Willowcreek Middle School. The mission statement for the school is “we inspire, we learn, we belong”. The 2020-21 school year has been a challenge, but they have seen many great accomplishments. The leaders of tomorrow are attending Willowcreek Middle School.

COMMUNITY COMMENTS

Board President Mark Clement outlined the parameters of the community comments. Personnel issues are not appropriate discussion in an open meeting.

Karie Sigua comments were muted after she thanked the school board members for helping to see Superintendent Jarman out of Alpine School District. Mark Clement reminded her that personnel issues were not appropriate for an open meeting.

Chad Fotheringham requested that the school board change the current policy from 25% attendance at sporting and extracurricular activities to a minimum of 50%, preferably 75% or 100%. In most cases there is fewer than 25% capacity and most families are spaced triple to quadruple the recommended amount of six feet with masks appropriately worn. 25% capacity was allotted based on parents of players and other extracurricular activities. What was not considered is that the large majority of parents who get tickets only stay for their kids game that they play in, cheer for, or play in the band, do drill team, etc., so every game really looks like about 5-10% capacity. Chad's sons and daughters all play and perform in other activities (outside of school district events) and these events have much greater attendance capacity allowed and attended. At all these other events, parents and families have learned to sit together and not be irresponsible in their seating or behavior. The school district guidelines are unknowingly overkill due to the fact that no event I've been to has anywhere near 25% attendance. He recommended that the district either change their policy to 50%+ or to allow 25% per event. It has also been proven that COVID does not affect the students anywhere near the way it affects elderly or immunocompromised people. Chad posed these questions to the board: Has there been any serious cases of COVID among the ASD students? Has there been a greater incidence of depression, anxiety caused by isolation of students not being allowed to attend normal school events that are so important in their physical, social, mental, and emotional development? It is important to have parents (and all children) support and attend their kids and siblings events. It grows stronger family bonds- not just for the athletes, but especially for the participants and families who have not been able to join many events they normally would attend.

Ellen Drinkwater asked for the district to bring back Google Hangouts for students to use. It helps students communicate with friends and work on group projects.

Olivia Vellings asked that Google Hangouts be unblocked for students.

Anna Thayer said we should bring Google Hangouts back for students. It is the most efficient way for people who don't have phones to communicate and chat with friends. She said it can be distracting in school, but there are other ways to stop it instead of just getting rid of it all together.

Clara Wikle said Google Hangouts is a great way to contact other students to use for both personal and school related things. I think it is especially important this year when many students are doing online or modified schedules, and have a difficult time connecting with friends and school mates. Clara asked that Hangouts be restored, at least during the time when students are not in school.

Anna Meyers said when we all went into quarantine, Google Hangouts was added to the Alpine District Google suite. This became a fast and efficient way for students to communicate and socialize with each other during isolation. Recently this was taken off, and has been causing problems. Many students relied on this for communication, especially the ones that have been doing remote online school. Because this is now gone, many students have been cut off from their friends, and mental health has plummeted.

Camilla Nielson asked if the board has considered full day kindergarten options for families that feel their child could benefit from it. Who determines the length of kindergarten? Is it a school or district decision?

Smith Alley commented on the affects pornography has had on him since he was exposed to it at a young age. He has started the Live Life Bigger Foundation to help educate students about the harmful effects of social media and pornography and to inspire kids to live life bigger and to be a change in the world. He asked the district to consider hosting more wellness promoting assemblies, inviting high quality speakers, and prioritizing emotional wellness in schools.

Jessica Ludlow is a new ASD parent who recently relocated from Nevada. For years, students have been increasingly plagued with depression, anxiety, bullying, substance/screen abuse, self-harm, and suicide, culminating last February in the loss of five students within six weeks. She offered some resources that would be helpful, both for prevention and processing tragedy. At the top of this list is an increase in licensed, qualified social workers and psychologists in each school. Funding needs to be prioritized to help our kids build empathy, resilience skills, and be inspired to live their lives fully, because their test scores don't matter if they are dead. Second is QPR training for students as well as staff at the start of each academic year to give kids the vocabulary and resources they need to both express and refer peers to appropriate resources. Third is to invite qualified, talented speakers to come share and motivate kids to make healthy choices. Jessica said she is appreciative of the work this district is doing to promote mental and emotional health, and looks forward to supporting you and being part of the solution.

ACTION ITEMS

1. New Saratoga Springs Elementary Boundary

Assistant Superintendent Dr. John Patten said the staff's recommendation is option 2, with the change that splits the piece east of Redwood Road at Fairway Blvd. Students north of Fairway Blvd will attend Springside and those living south of Fairway will attend the new school. This change will best prepare us for growth in the next few years and adheres to our guiding principles by keeping students in reasonable proximity to their schools, keeping communities together and stabilizing enrollments over time. **Julie King made the motion that we accept option 2 with the adjustment that the boundary will be at Fairway Blvd with students living south of Fairway Blvd attending the new school and north of Fairway attending Springside Elementary. The motion was seconded by Sara Hacken.** Julie King explained that the boundary decision is a challenge because we do not have a guarantee that the district will go out for a bond in 2022, which means there is not guaranteed

money for another school. We need to plan and allow for growth in Saratoga Shores and Springside elementary schools. She said this boundary recommendation is supported by the principals and the board feels this is the best plan moving forward. **The board voted and the motion passed with a unanimous vote.**

2. New Vineyard Elementary Boundary

Assistant Superintendent Dr. John Patten said the staff's recommendation is to move forward with a boundary for the new Vineyard elementary school that runs along center street in Vineyard. It is a natural geographic boundary and allows both schools to grow. A change was made above 800 North in Vineyard by the lake where significant development is planned. It will also be included in the New Vineyard Elementary boundary, instead of Aspen Elementary as originally planned. **Ada Wilson made the motion to approve the New Vineyard Elementary Boundary as stated, Amber Bonner seconded it and the motion passed with a unanimous vote.**

3. Resolution 2021-002 Sale of Approximately .24 Acres in Lehi

Superintendent Jarman recommended approval of Resolution 2021-002, the sale of approximately .24 acres in Lehi. Rob Smith explained that this .24 acres is a frontage road off of Highland Blvd that we originally thought would be the site of a new elementary school on the northeast side of the Micron facility. We actually received property on the west side and have built a school, and the .24 acres is not needed. The developer who is under contract for the 1,300 acres that surrounds the Micron facility needs this property to access the development. **Sarah Beeson made the motion, Julie King seconded it and the motion passed with a unanimous vote.**

4. Student Trip Requests

Superintendent Jarman recommended approval of the student trip requests. Secondary Supervisor Jeff Schoonover explained that this request is for student travel for the 2021-22 school year. The request is for a trip for the American Fork Marching Band to participate in the national competition in Indiana. No money is being put down at this point and plans will change if COVID restrictions are not lifted. **Sarah Beeson made the motion to approve the student trip requests, Amber Bonner seconded it and the motion passed with a unanimous vote.**

5. Revision/Renumbering of Policy 5225 Acceptable Use of Technology Resources

Assistant to the Superintendent Kimberly Bird reported that the policy review committee is recommending that Policy 5225 be renumbered to 7250 to incorporate technology use for employees and students. Other changes to the policy were recommended at the February 9th board meeting. Board members expressed appreciation to Dr. Blaine Edman, Administrator of Technology and his team for their work on this document. **Amber Bonner made the motion to renumber Policy 5225 to 7250. Sarah Beeson seconded the motion and it passed with a unanimous vote.**

6. Approve the Retirement of Policy 5225

Superintendent Jarman recommended approval to retire Policy 5225. Sara Hacken made the motion to retire the policy, Sarah Beeson seconded and the motion passed with a unanimous vote.

RECOGNITION OF SUPERINTENDENT JARMAN

The staff presented a video for Superintendent Jarman sharing their appreciation for his services. The following expressed their appreciation:

- Kara Sherman from the PTA
- Mike Gowans from the Alpine Educators Association
- Rick Montague from the Alpine Education Support Professionals
- Todd Dawson from the Alpine Administrators Association
- Principal Matt Killpack represented the Elementary Administrators
- Principal Joel Perkins represented the Secondary Administrators

Board member Amber Bonner presented the superintendent with a quilt she made representing all of the schools in ASD. Sara Hacken read a statement from the board honoring his years of service and the meeting concluded with closing remarks by Superintendent Jarman.

Board Member Committee Reports

Sarah Beeson attended American Fork High School's production of Anastasia and said it was amazing. The drama department produced the show without any COVID challenges.

ADJOURNMENT

On motion by Julie King and seconded by Sara Hacken, the meeting adjourned into closed session at 7:45 P.M. with Mark Clement, Sarah Beeson, Stacy Bateman, Amber Bonner, Sara Hacken, Julie King and Ada Wilson voting in favor.

MINUTES OF THE CLOSED SESSION – FEBRUARY 23, 2021

The Board of Education of the Alpine School District met in a study session on Tuesday, February 23, 2021 at 7:56 P.M. at the Alpine School District Office.

Board members present: Board President Dr. Mark J. Clement, Vice President Sarah L. Beeson, Amber L. Bonner, Sara M. Hacken, Julie E. King, and Ada S. Wilson.
Stacy M. Bateman joined the meeting through Zoom.

Also present: Superintendent Samuel Y. Jarman, Business Administrator Robert W. Smith, and Assistant Superintendents Rhonda Bromley, Dr. Shane Farnsworth, and Dr. John Patten.

The purpose of the closed session was to discuss personnel, property, litigation, and collective bargaining.

Sam, Shane, Rhonda, John and Rob were excused at 9:01 P.M.

ADJOURNMENT

On motion by Sarah Beeson, and seconded by Julie King, the meeting adjourned at 9:56 P.M.

ROBERT W. SMITH
ASSISTANT SUPERINTENDENT, BUSINESS ADMINISTRATOR

MEMORANDUM

TO: ASD Employees
FROM: Robert W. Smith
DATE: March 9, 2021
SUBJECT: Supplemental Educator COVID-19 Stipend

We are excited to share information regarding the Supplemental Educator COVID-19 Stipend. As you may be aware, the Utah State Legislature authorized funds for a grant to provide stipends to many Certified and Classified school-level employees. Our ASD Board of Education has authorized local funds to provide a stipend to the remaining school district employees. Eligibility for stipend is based on the guidelines below:

School Locations:

- Certified employees (teachers, hourly teachers, counselors, psychologists, OTPT, principals, and assistant principals.) **at school locations** will receive a \$1,500 stipend (based on 1.0 FTE, prorated down for less than 1.0 FTE).
- Classified and hourly employees (secretaries, nutrition service workers, bus drivers, techs, custodial, paraprofessionals, aides, assistants, etc.) **at school locations** will receive a \$1,000 stipend (based on 1.0 FTE, prorated down for less than 1.0 FTE).

District Locations:

- Employees (teachers on assignment at district, classified employees, district administrators, and hourly employees) **at district locations** will receive a \$1,000 stipend (based on 1.0 FTE, prorated down for less than 1.0 FTE).

Stipend Processing:

- Payment will be included in the March payroll on the employee's regular check.
- A download from Alio will be made on March 8, 2021 for contract employees who are eligible – contract employees not captured on that download will be handled on a case-by-case basis.
- For an employee to be eligible, they must be employed on payday March 31, 2021.
- Contract part-time employees' stipends will be prorated based on the employees FTE.
- Hourly employees' stipends will be prorated on an annual estimated wage based on hours worked for the pay period 1/9/2021 to 2/5/2021. This coincides with the February payday.
- Hourly sweepers' stipends will be prorated on an annual estimated wage based on hours worked 1/16/2021 to 2/12/2021. This coincides with the February pay days.
- Any anomalies for hourly employees will be handled on a case-by-case basis.

Thank you for your great work in caring for our students and working so very hard to keep our students safe and learning face to face during this unprecedented time.

To Whom it may concern:

Brenton Cates is currently employed at Cedar Valley High School working as a teacher in one of our Life Skills classes. Brent received a Bachelor's degree in Exercise and Sports Science from BYU Hawaii. Since receiving his degree Brent has worked in multiple positions with youth. Brent has worked in a PE classroom as a teacher's aide prior to running his own PE and Weightlifting class. Brent is passionate about working with youth and his ability to connect with young people is obvious. Prior to coming Cedar Valley High Brent was teaching Resource Math at Cyprus High School.

While Brenton spent much of his career working with youth in a sports setting he has chosen to pursue working with individuals with Special Needs. Brent has an older Brother who has severe special needs and through growing up with and working with him Brent is passionate about working with special needs individuals. In our Life Skills classroom we feel that Brent has all of the tools he needs to successfully help our students to learn at a high level. We are grateful to the Alpine District SPED team for all of the help and mentoring that they are offering to Brent and all of our new SPED teachers.

Respectfully,

To Whom It May Concern:

We are seeking a long term LEA for Whitney Randall for a class period or two of Yoga Instruction. Whitney is a fabulous educator. She has a Bachelor's in Deaf Education from Utah Valley University and a Secondary Teaching License in the state of Utah. She is already endorsed to teach ASL (American Sign Language). Whitney is a Career Educator. In addition, Whitney has a Master's Degree in Athletic Administration and works for Cedar Valley High School as an Assistant Athletic Director. Whitney has coached sports for many years and was a very active athlete in high school and college. She is incredibly athletic with interests in fitness and well being. Whitney has studied Yoga for years. We added Yoga to our schedule as a fabulous elective and hoped for PE credit because it works very well for many of our students. Yoga is an amazing life time activity and the results are great for our students. I personally have participated in Ms. Randall's class and felt better after that period than I have felt in years.

Our hope is that Whitney will continue to teach Yoga while she continues her career as an ASL instructor and while she pursues her careers in coaching and as an Athletic Director. She is a great teacher and we feel lucky to be able to offer this class. We hope the district will support this fabulous educator.

If you have any other questions or needs, please feel free to contact me.

Sincerely,

Notes:

1) Annual maximum aggregate fee per student: \$7,500 (up to three (3) activities and one (1) out-of-state trip). Maximum fee per activity per student: \$5,000.

2) In addition to the fees listed on this fee schedule, the Board authorizes fines for failing to return school property; losing, wasting or damaging private or public property through intentional, careless, or irresponsible behavior; or improper use of school property, including parking violations.

3) *Per the District's Procedures for Advisors and Coaches of Extracurricular (PACE), overnight trips shall not exceed \$1,400 per student unless approved by the principal and secondary supervisor. The \$3,000 maximum for overnight trips/competitions applies to international travel.

- [1] Several high schools have expressed that \$100 is not enough to cover transportation for smaller teams like Golf. Increase by \$100 & decrease Uniforms/Supplies by corresponding amount.
- [2] Decrease by \$100 so the Participation fee can be increased by \$100.
- [3] Added because USBE considers ACT/PSAT prep tests to be a waivable fee.
- [4] Moved to Co-Curricular section
- [5] Moved to Co-Curricular section
- [6] Move down to miscellaneous because there are other programs besides extracurricular that have feeders.

Notes:

- 1) Annual maximum aggregate fee per student: \$3,000 (applies to four (4) or less activities). Maximum fee per activity per student: \$1,500.
- 2) In addition to the fees listed on this fee schedule, the Board authorizes fines for failing to return school property; losing, wasting or damaging private or public property through intentional, careless, or irresponsible behavior; or improper use of school property, including parking violations.
- 3) If a junior high or middle school student participates in an activity at a high school, the high school fee schedule and maximums would apply.

- [1] Schools are not using this fee on their spend plans & do not know what it is for. Consolidate to one participation fee.
- [2] Participation is needed for more than just basketball, track & cross country - such as winterguard, dance co, ballroom, archery at Frontier, wrestling at Lakeridge. Also, 7 & 8th graders have been participating & paying participation fees in the past.
- [3] Consolidate to one participation fee to reduce complexity and confusion.
- [4] Remove this and list under miscellaneous - consistent with high school
- [5] Strike this fee - Schools are using the performing arts participation & uniforms/apparel/supplies/equipment below
- [6] Added competition language to be consistent with high school schedule.
- [7] Move here to be consistent with high school schedule.
- [8] Per Michelle Price, this is a duplicate fee. The appropriate course name is Intro to Ag, which is listed above. She recommends deleted this line item.
- [9] Changed name per Michelle Price
- [10] Changed name per Michelle Price
- [11] Added per Michelle Price
- [12] Created Curricular Clubs section and moved club fees under the new heading for clarity.
- [13] Added per Michelle Price, this fee fell under FACS for FY21, but now is limited to just Foods 1 for 9th graders.
- [14] Added per Michelle Price, this fee fell under Exploring Technology in FY21. Michelle split out to restrict 9th grade courses with fees - enough CTE funding

School LAND Trust Program - Appropriate Expenditures

February 2021

The requirements of the School LAND Trust Program have changed over time as distributions have increased and emerging student needs are identified. We have provided the current Utah State Code and State Board Rule defining appropriate expenditures with funds from the School LAND Trust program. All expenditure discussions should begin by defining a school's most critical academic need by reviewing school-wide assessment data. The council then makes a goal for measurable student improvement and makes plans to expend funds on allowable research-based programs and interventions to meet the goal. Positive behavioral interventions are no longer limited to \$7,000 and must be used as a strategy to meet an academic goal.

[Utah Code 53G-7-1206](#) School LAND Trust Program

4(a) A council shall create a program to use its allocation...to implement a component of the school's (Teacher and Student) success plan, including:

- (i) The school's identified most critical academic needs;
- (ii) A recommended course of action to meet the identified academic needs;
- (iii) A specific listing of any programs, practices, materials, or equipment which the school will need to implement a component of its school improvement plan to have a direct impact on the instruction of students and result in measurable increased student performance; and
- (iv) How the school intends to spend its allocation of funds under this section to enhance or improve academic excellence at the school.

[State Board Rule R277-477-4](#) Appropriate Use of School LAND Trust Program Funds

(1) Parents, teachers, and the principal, in collaboration with an approving entity, shall review school-wide assessment data annually and use School LAND Trust Program funds in data-driven and evidence-based ways to improve educational outcomes, consistent with the academic goals of the school's teacher and student success plan (success plan) framework under Subsection 53G-7-1304(1)(a) and the priorities of the LEA governing board, including:

- (a) strategies that are measurable and show academic outcomes with multi-tiered systems of support; and
- (b) counselors and educators working with students and families on academic and behavioral issues when a direct impact on academic achievement can be measured.

(2) A school's School LAND Trust Program expenditures shall have a direct impact on the instruction of students in the particular school's areas of most critical academic need and consistent with the academic priorities of the LEA's governing board:

- (a) to increase achievement in:
 - (i) English;

- (ii) language arts;
 - (iii) mathematics; and
 - (iv) science; and
- (b) for high schools to:
 - (i) increase graduation rates; and
 - (ii) promote college and career readiness.

(3) A school may not use School LAND Trust Program funds for the following:

- (a) costs related to district or school administration, including accreditation;
- (b) expenses for:
 - (i) construction;
 - (ii) maintenance;
 - (iii) facilities;
 - (iv) overhead;
 - (v) furniture;
 - (vi) security; or
 - (vii) athletics; or
- (c) expenses for non-academic in-school, co-curricular, or extracurricular activities.

(4) A school that demonstrates appropriate progress and achievement consistent with the academic priorities of the LEA governing board outlined in Subsection (2) may request local board approval of a plan to address other academic goals if the plan includes:

- (a) how the goal is in accordance with the core standards established in Rule R277-700
- (b) how the action plan for the goal is:
 - (i) data driven;
 - (ii) evidence based; and
 - (iii) has a direct impact on the instruction of students consistent with Subsections (1) and (2);
- (c) the data driving the decision to spend School LAND Trust funds for academic needs outlined in this Subsection (4); and
- (d) the anticipated data source the school will use to measure progress.

(5) A council may budget and spend no more than \$7,000 for an academic goal or component of an academic goal than incorporates any combination of the following:

- (a) digital citizenship training under Subsection 53G-7-1202(3)(a)(iii); or
- (b) safety principles consistent with Subsection 53G-7-1202(1)(d)

(6) A school district or local school board may not require a council or school to spend the school's School LAND Trust Program funds on a specific use or set of uses.

(7) Student incentives implemented as part of an academic goal in the School LAND Trust Program may not exceed \$2 per awarded student in an academic school year.

Leading School Community Councils: Responsibilities of Local School Boards

LAND Trust Plan Approval Guidelines

A LAND Trust Plan must have at least one goal and all goals must be academic and student focused. Goals with the same measurements may be combined. The district may choose to limit the number of goals. Too many goals may make implementation and reporting more difficult.

- Does the plan address the academic priorities of the board? Will plan expenditures have a direct impact on the instruction of students in math, science, language arts, or other board priorities? If other core subjects are addressed, has the school demonstrated appropriate progress in the above areas?
- Is the goal measurable, student-focused, and academic?
- Does each goal clearly address a school's greatest academic need, enhance and improve academic excellence at the school, and implement a component of the school's teacher and student success plan?
- Is it apparent that the goals have been written to address an academic need identified through a data review, including an action plan to implement the goal?
- Goals must include a measurement to evaluate progress towards the goal. Does each goal specify measurable outcomes and how the council will monitor progress towards achieving the goal?
- If behavioral interventions are included as part of a measurable academic goal, is it clear how they are a necessary component of the action plan?
- Are each of the action plan steps mirrored in the expenditure list?
- Components of academic goals that incorporate digital citizenship training and/or safety principles as a component of the action plan, may not exceed a total of \$7,000 for a single plan.
- School LAND Trust funds should benefit the students the same year they are allotted.
- Schools may carryover up to 10% of funds. Carryover greater than 10% requires explanation and local board approval. Will this school have carryover? Is it under 10%? If the plan has a large carry-over without a valid reason, the goals and expenditures should be reconsidered and edited to spend the funds for the upcoming year students.
- All expenditures must be accounted for in each goal. Are expenditures specifically identified in the action plan?
- The signature page is designed to show school boards that council members are participating in the development of the School LAND Trust plan. Signature pages include the language, *"I fully participated in the development and creation of my School LAND Trust Plan."* Does a signature page accompany the LAND Trust Plan?
