Dog Ordinance

Scott O'Hare stated that we need to change the dog kennels, for the town. He stated that the impound facilities weren't humane. That the town is better than that and we could do better for the dogs that we impounded. Keith Thompson stated that the kennels are fine for the time that we hold the dogs. Scott handed a picture of a kennel that was \$ 11,000.00. He stated that he knew that the town couldn't afford this kennel, but that we could build one for about \$3,000.00. So the dogs that we impound would have a clean and safe place to be kept. Mayor Heyder stated that he had talked to three lawyers and the kennel that we have now is fine for the time that we hold a dog. Mayor Heyder suggested that we get a kennel and put it in the Fire Station in front of the Snow Plow. The dog would be in a clean, warm area, and wouldn't be able to escape. Like the dogs have in the past. Mayor Heyder stated that we need to change the Dog Ordinances. Because we are having so many problems with the dogs that haven't been licensed or vaccinated. Mayor Heyder also stated that we need to change the Dog Ordinance for a service dog that live in the city limits. Any service dog needs to be licensed and vaccinated as well. Mike the animal control officer from Tremonton suggested that we ask

for donations for the business and citizens of the town to help us get a new kennel. Mike also stated that we look at the State Code 10 for more help. We will be having Licensing and Vaccinating Dogs on March 27th 2021, for all the indoor and outdoor dogs that live in city limits. The time is 11:00 to 12:00 at the Fire Station.

He will look at the damage to the corner that was caused by SCI to see what needs to be fixed. Eric stated that Con Source will be hired to fix the new stop light at the four way stop this spring. In the 2021 CDBG Grant, Brian told Tammie that we needed 23 surveys and then he told her that we needed 29 so Keith Thopsom went out and got more. Then Brian told Tammie we were still 19 people short, he was going off of the census that said we have 4 people living per household. Brian didn't get the right information to Tammie. Tammie was all ready to submit the application for the new Ambulance, but he said we needed more surveys and we ran out of time for the Grant this year. But Brian said that he would help us to find another Grant for a new Ambulance.

Water

The St. George Water Conference is March 3rd 2021. Attending will be Alan Terry, AJ Morgan, Tammie Morgan and the new water operator that we will select. Mayor Heyder asked if all the arrangements have been made. Tammie and Stacey will make the arrangements next week after we know who the new water person will be. They have to attend every year to the Conference to keep certified with the State of Utah.

The new vendor IDAWY for the garbage is making us a contract to present to the town council he might come down for council but, not sure. Jason will set up another night to meet with the council in March. The contract with Econo Waste ends on July 11, 2021. Finalized the rates \$27.00 for the first can, Second additional can \$7.00. The new vendor will bill the outside of city limits and business. Keith Thompson asked if there were any extra cans and Mayor Heyder stated that there would be in July because the new vendor will come every week. So residents will turn their cans back to the town, so if we could get by until then it would be great.

Rod McGary made the motion for the first can to be \$27.00 and any additional cans to be \$7.00 each. Scott O'Hare 2nd. All Council members present voted yes.

If the owner doesn't come get the dog in the 24 hours, the dog will be transported to Tremonton/Brigham City facilities at the owner's expense. Scott O'Hare suggested that the dog that is caught be taken to the owner have the owner pay \$25.00 for its release. Then go from there if the animal is taken to Tremonton/ Brigham City. Mike the Tremonton Animal controll officer suggested door hangers to notifiy the owner that we have there dog and to take a picture of it for proof.
