The Salt Lake County library provides a benefit to the people of West Valley City. However, calls for service to a library are common. Assigning on-duty officers to the library as a dedicated assignment will alleviate the burden the library places on the West Valley City Police Department and provide a continuous police presence to assist the library in protecting its property and insuring order.

Mayor Bigelow noted that there have been issues at this library and this is an important agreement for the City to have. Councilmember Christensen asked if there is any concern at the Hunter Library. Deputy Chief Buchanan replied that this was requested by the West Valley Library and Hunter Library has not reached out with concern. He noted that the Police Department has a great relationship with the libraries in the City.

The City Council will consider Resolution 21-43 at the Regular Council Meeting scheduled March 23, 2021 at 6:30 P.M.

CONSIDER APPLICATION PUD-1-2020, FILED BY RUSSELL PLATT, REQUESTING FINAL PLAT APPROVAL FOR THE ALPIZAR PLANNED UNIT DEVELOPMENT

Steve Lehman, CED, presented application PUD-1-2020, filed by Russell Platt, requesting final plat approval for the Alpizar Planned Unit Development.

Written documentation previously provided to the City Council included information as follows:

Mr. Russ Platt, representing the property owner, is requesting final approval for a planned residential development to be known as Alpizar PUD. The property was recently rezoned from the C-2 Zone to the RM Zone.

The Alpizar Planned Unit Development will be a residential community consisting of 50 townhome units on just over 3 acres. Proposed townhomes will be 3 stories with two different building types. Proposed unit sizes are 1,750 square feet for the west units and 1,950 square feet for the east units. Each unit will have 3 bedrooms and a bonus room that could be used for an office or similar.

The architecture is very urban. All units will have a roof top patio which has been used successfully in the Cobalt Landing development on Redwood Road. Proposed building materials are stucco, fiber cement siding and tile. All townhome units will have a two-car garage for parking. Units on the east side will have driveways for additional parking. 34 guest spaces will be provided for the west units which do not have driveways. Overall, the site will be parked at 3.5 spaces per unit.

Access to the subdivision will be gained from 3500 South. All internal roads will be private. The project has a large central open space on the west side of the development. During the rezone, the applicant agreed to install courtyards, rooftop patios for all units, a tot lot/playground, a walking path and BBQ and picnic areas, some of which will be located within the central open space.

Councilmember Lang asked if the units to the south are three-story. Steve replied yes but noted that there is a healthy setback from the residential properties. Steve detailed the elevation and the location of the property lines. Councilmember Lang indicated she is concerned with the height of the buildings and their proximity to residential. Councilmember Nordfelt asked if the Council can place restrictions on a PUD. Steve replied yes. He indicated that he will speak with the developer to see if there is flexibility on building height.

COMMUNICATIONS

A. SENATOR MAYNE UPDATE

Senator Karen Mayne provide an update on bills recently passed at the Legislative Session. She discussed Metro Townships, dreamers, medical records, public noticing, Code Enforcement violation “predators”, alcohol facilities, domestic violations, mental health, emergency powers, rioting, elections, transgender bills, etc.

The Mayor and Council had no further questions or concerns.

B. STREET LIGHTING FEE FOLLOW-UP DISCUSSION

Mayor Bigelow stated he revisited the discussion and is up to speed. Councilmember Huynh thanked the Council for their streetlight conversation. He indicated this is an important conversation to have and can be detrimental to the community in both safety and appearance. Mayor Bigelow stated that streetlights provide a quality of life and safety for residents. He indicated that the City is falling behind as time passes and a \$3 increase would cover the cost of maintenance and repair. Mayor Bigelow stated that the problem won't be solved in a short amount of time. He indicated that Councilmember Lang was concerned about sidewalks and noted that staff suggested using the general fund balance that is currently being used for streetlights and applying that to sidewalks. Councilmember Buhler stated that he feels the City is committed to sidewalks and lighting and the question is how and when to fund it. Councilmember Lang asked if this money would be in its own enterprise fund that is only dedicated to streetlight repair, maintenance, etc. She stated that she would like to ensure that the funds are used in the way they are meant to. Wayne replied that this is something that the City can do. Councilmember

MINUTES OF COUNCIL STUDY MEETING – MARCH 16, 2021

-6-

Lang indicated that she would be supportive of that and noted that this would provide a benchmark to measure progress. Councilmember Nordfelt asked if all properties would be charged. Russ replied all properties with streetlights which is almost the entire City with the exception of a few commercial properties. Councilmember Nordfelt stated that he feels it may be more feasible to take this fee from a property tax raise. He expressed concern that smaller properties and homes will be paying the same rate as larger more expensive ones. Russ stated that the intent with a streetlight fee would be that the City could charge all properties, including schools, churches, government, etc. If this was removed, it may change the revenue significantly. Mayor Bigelow stated that the options are to do nothing, get funding from taxes, or charge a monthly fee. Mayor Bigelow stated it can be easy to get support on new buildings or roads but can be difficult to get funding for maintenance and repair. He indicated that it is important for the City to maintain its appearance for both aesthetics and cost effectiveness. Councilmember Huynh stated that he feels it's important to do something. Councilmember Buhler agreed and stated that he feels the City has a responsibility to maintain infrastructure. Councilmember Christensen agreed and stated that things will continue to get worse. Councilmember Lang indicated that she is in favor of a change when staff is prepared. Russ stated that it could be several months before work can be planned but the ordinance could be prepared in several weeks. Councilmember Lang stated that she is in favor of a fee as opposed to a tax increase. Councilmember Fitisemanu suggested a proportional fee. The Mayor and Council continued to discuss options of funding and how fees could be applied. The Council agreed to move forward with a fee and would like an ordinance to be proposed with an effective date.

C. PUBLIC WORKS UPCOMING PROJECTS

Dan Johnson, Public Works, provided updates on Public Works upcoming projects. He detailed the 4100 South Reconstruction Project, 2540 South, 2700 West Improvement Project, Stanton Drive Storm Drain Project, asphalt treatment projects, pedestrian ramp projects, Hawkeye Street, Crystal Avenue Sidewalk project, 4700 South, Cross Towne Trail project, Parkway Blvd widening, and the Mountain View Corridor. Councilmember Lang stated that this is a very good outlook and she is looking forward to seeing these improvements.

D. PARKING ORDINANCE

Wayne Pyle indicated that staff has drafted an ordinance at the request of the City Council related to on-street parking and allowing a 5-foot separation from driveways. Councilmember Buhler stated that he likes this ordinance and would like to see it move forward. Councilmember Lang is supportive but noted that she would want to ensure that delivery drivers would not be ticketed. Mayor Bigelow

MINUTES OF COUNCIL STUDY MEETING – MARCH 16, 2021

-7-

stated that he would think this would be overlooked by a ticketing officer as long as the delivery was quick and not causing concerns. Councilmember Buhler agreed.

E. LEGISLATIVE WRAP-UP

Lincoln Shurtz, Legislative Advisor, provided an update on bills that were passed at the latest Legislative Session. These include bills regarding transportation funding, ADU's, public noticing, building material amendments, and broadband networks.

F. COUNCIL CALENDAR

Mayor Bigelow referenced a Memorandum previously received from the City Manager that outlined upcoming meetings and events.

Members of the City Council had no further questions regarding the Council Update.

A. POTENTIAL FUTURE AGENDA ITEMS
