PROVIDENCE CITY
Land Use Authority – Staff Report
Meeting Date: March 24, 2021

Request: Applicant is requesting approval of a conditional use and zoning approval for a residential site plan for a home at 570 N. 275 E., Providence UT.

Item Type: Conditional Use

Applicant: Visionary Homes

Property Address: 570 N. 275 E.,
Providence UT (Lot 62)

Parcel ID #: 02-301-0062

General Plan: LCR

Zone: LCR

Background Information:

Complete Application was received March 4, 2021; application contained:

1. Providence City Conditional Use application and Residential Site Plan application
2. Payment of \$100 application fee

Rob Stapley, Providence City Public Works Director, inspected the current infrastructure on March ---, 2021.

FINDINGS OF FACT:

1. UCA 10-9a-507. Conditional Uses allows a municipality to adopt a land use ordinance that includes conditional uses and provisions for conditional uses that require compliance with standards set for in an applicable ordinance.
2. Providence City Code (PCC) 10-5 Sensitive Areas, Section 1 Conditional Use Permit Required states, all requests for permits involving a lot, parcel or site located wholly or partially within an area subject to the Hazard Flood (HF), Hazard Slope (HS), Hazard Water Table (HW), Hazard Earthquake Primary Fault (HE), or Hazard Wildfire (WF), shall be dealt with as a request for a conditional use permit under the provisions of Section 10-3-5 of this Title. All applications shall comply with the following regulations before any permit shall be issued.
3. PCC 10-3-5 Conditional Use Permits allows the City to impose reasonable conditions: to mitigate the reasonably anticipated detrimental effects of the proposed use on the health, safety, or general welfare of persons residing, working, or conducting business in the vicinity; to mitigate injury to property in the vicinity; to mitigate any risk to safety of persons or property because of vehicular traffic or parking, large gatherings of people, or other causes.

CONCLUSIONS OF LAW:

1. Providence City has adopted land use ordinances that include conditional uses and provisions for conditional uses.
2. This parcel is in a Hazard Water Table area.
3. Providence City has the authority to impose reasonable conditions to mitigate the reasonably anticipated detrimental effects of the proposed use.
4. The request meets the requirements of the Codes listed in the Findings of Fact with the following conditions:

CONDITIONS:

1. The applicant will continue to meet all relevant federal, state, county, and Providence City rules, laws, codes, and ordinances.
2. The applicant will mitigate Hazard Water Table by:

- a. See submitted mitigation letter and Window Well Drain Detail
3. This conditional use is for the residence only as shown on the site plan date stamped March 4, 2021.
4. Payment of fees listed on the Providence City Zoning Permit.
5. Approval by the City of any application submitted, or paperwork does not alleviate the owners and/or their agents from their responsibility to understand and conform to local, state, and federal laws. Providence City's approval is not intended to and cannot be construed to allow any laws to be violated.

Property owner and contractor shall be responsible for compliance with all state, national and local building codes and ordinances. Initial JW Name Jessica Williamson

Approval by the city of any application submittal or paperwork does not alleviate the owners from their responsibility to understand and conform to local, state and federal laws. Providence City's approval is not intended to and cannot be construed to allow any laws to be violated. Initial JW

By signing this document, you agree that Providence City will bill you for any and all professional firm fees as they arise throughout the approval process. This is in addition to application fees. All subdivisions require engineering review throughout the approval process, such as but not limited to reviews of development agreements, construction drawings, preliminary and final plats, and inspections. These services are billed by our city engineer at an hourly rate. Some subdivision applications may also require legal review. Other applications, such as but not limited to conditional uses, may also require engineering and/or legal review at the City's discretion. You agree to reimburse the City for all such costs, whether or not you were forewarned about such costs, and that the City cannot predict all situations in which professional services may be required in order to process your application. Initial JW

I declare under penalty of perjury that I am making this application of my own free will and choice and that the statements, answers, and documents submitted in connection with this application are true and correct to the best of my knowledge.

¹ Filing Fees do **not** include professional firm review fees. Those will be billed to the applicant separately.

² Public Hearing required at Planning Commission only when the proposed code amendment is related to land use.

³ Construction drawings are reviewed/approved by the City Engineer and Public Works Director.

⁴ The City Council does not review the final plat itself, but rather reviews and approves the development agreement associated with the final plat.

⁵ Lot consolidations are only required to have City approval when they are in a platted/recorded subdivision.

⁶ Developers may ask for an exception from the requirements of the Providence City Subdivision Code (Title 11) through this process. All other variance/exception requests shall be handled by the Appeal Authority.

All Applicants Must Read the Following Before Signing This Application

The granting of a zoning permit does not override any federal, state, or local building code or authorize any individual to violate any local law or ordinance. Approval of this permit does not constitute a representation by the City that it will be liable for any issues arising from the construction of homes and other structures in a Sensitive or Hazard Area. It is the responsibility of the property owner to comply with all relevant local, state, and federal laws and regulations, including but not limited to Providence City Code 10-5 outlined below:

Sensitive and Hazard Areas:

1. JURISDICTIONAL WETLANDS: As Defined by the US Army Corps of Engineers
2. STEEP SLOPES: Where the rise or fall of the land is equal to or exceeds 30% over a horizontal distance of 50 feet or greater measured perpendicular to the contour lines.
3. NATURAL WATERWAYS OR OPEN WATER: Including but not limited to: rivers, creeks, or streams. Identified as those areas where surface waters flow sufficiently to produce a defined channel or bed.
4. FLOODPLAINS: See definitions in Chapter 16 Section 3 of this Title.
5. CRUCIAL WILDLIFE HABITAT AREAS: As identified by the State Division of Wildlife Resources (DWR)

6. GEOLOGICAL HAZARD AREAS: Earthquake fault lines or areas prone to debris flows, landslides, high or extreme liquefaction potential, and rock falls as identified by the US Geological Survey (USGS)
7. WILDFIRE HAZARD AREAS: Areas of the City designated as having moderate to extreme potential for wildfire hazards as identified by the City.
8. HAZARD WATER TABLE AREA: An area where potential ground water levels may occur within 12 feet of the natural grade.

By submitting this application, I affirm that I have read and understand the Title 10 Chapter 5 requirements for construction on property in the Sensitive or Hazard Area. I understand that the City is not liable for any issues which may arise because of the construction of structures in the Sensitive or Hazard Areas of the City. The property owner and their agents assume all liability for placing structures in this area of the City. I hereby certify that I am the property owner or authorized agent and I have read and examined this application and understand that the City has no liability. I accept responsibility for all soils and hazardous conditions on the site.

I declare under penalty of perjury that I am making this application of my own free will and choice and that the statements, answers, and documents submitted in connection with this application are true and correct to the best of my knowledge.

PROVIDENCE CITY BUILDING DIVISION CONSTRUCTION POLICIES

(Required for all zoning permit applications)

1. Zoning requirements

- a. Site plan required to be on site at footing inspection
- b. Property corners to be marked and staked for inspection

2. Lot ID

- a. Posting of a lot ID sign is required during construction for inspections and emergency services. This sign is provided by the City and shall be posted by the first scheduled inspection and visible from the street.

3. Toilets

- a. The IPC and OSHA require a toilet on site during construction and in place prior to the first inspection. This has to be accessible to all workers in the area and requires the cooperation of all.

4. Water Meter

- a. Unauthorized use of City water will result in a fine and a stop work order on the property.
- b. Meter and sewer clean outs are not allowed to be encased or surrounded in concrete. (Contact the Public Works for the required specs.) The moving cost will be the responsibility of the owner.

5. Streets/Sidewalks

- a. No material will be allowed on public streets or sidewalks. "Material" is defined as construction products, or any size or dimension of aggregate. (See Providence City's specs.)
- b. Dirt piled over curb and sidewalk requires a minimum 4" pipe installed to allow drainage to the gutter. This temporary (180 days) blockage to the sidewalk requires safety tape or cones to divert traffic.
- c. All sidewalks, curbs, gutters, and streets associated with the property are to be kept clean during construction with a final cleaning required prior to final occupancy.
- d. Construction sites should be kept clean and all debris contained to that site.

6. Elevations

- a. I accept responsibility for all the soils and hazard conditions of the site. Approval of this permit does not constitute a representation by the City that the building at any specified elevation will solve any ground water, slope or hazard condition. The solution to this problem is the sole responsibility of the permit applicant, agent, or property owner.

7. Final Occupancy

- a. Occupying the building prior to final occupancy will result in revocation of the \$500 power bond. After the initial inspection, the Building Official will determine whether any furniture can be moved into the house or garage.

8. Temporary Occupancy

- a. Will only be issued with special permission. Temporary permits will expire after 30 days of issue and the construction bond will be forfeited if work is not completed

9. Permits

- a. Plan review and permit fees are good for 180 days. Only the permit portion will be refunded, after a written letter of request is received. No fees will be refunded after this period has expired.

By signing below, I state that I have read and agree to the above terms and understand that I am the responsible party for the information contained on this sheet.

APPLICATION FOR CONNECTION TO THE PROVIDENCE CITY WATER SYSTEM

(Required only for applications for new home/commercial construction)

I hereby apply to Providence City for permission to connect my residence at 570 N 275 E to the Providence City water system and receive water services thereby provided. I agree to the following:

1. Providence City will install a water meter for the premises when the service line and meter set is in and has been accepted by the City.
 - a. This acceptance is also contingent upon any changes or alteration to grade of landscape made by the homeowner/builder around the meter set. These changes must also meet Providence City specifications.
2. If a homeowner/builder is required to make a connection to the Providence City water system, all costs of this connection, service line, meter set and permits shall be paid by the homeowner/builder.
 - a. Applicant shall purchase an excavation permit.
 - b. Applicant shall post an \$800 bond with the City, \$750 refundable upon satisfactory acceptance by the City.
 - c. Installation shall follow all guidelines of Providence City standard specifications (a copy is available for purchase at the City Office).
 - d. All work shall be inspected by the City. If not approved, the applicant will have the problems rectified at his expense to meet Providence City requirements.
 - e. Any connection and service line made from the City's main line up to and including the meter shall remain the property of the City, and Providence City shall have access thereto at all times.
 1. Cost for installation and maintenance of service lines, including homeowner connection to the meter setter is the sole responsibility of the homeowner/builder.
3. The applicant understands that the billing for water service begins once the meter is set. The time frame for setting of the water meter needs to be scheduled with Providence City Water Dept.
 - a. Providence City shall have 30 days in which to install the requested water meter after payment of all fees and satisfactory inspections have been completed. Providence City Water Dept. reserves the right to evaluate the feasibility of a water service or water meter being installed between November 1 and April 1.
4. No water meter set shall be installed in a sidewalk, driveway or encased in concrete. Providence City shall have a minimum of an 18 inch unobstructed radius from the center of the lid and free access to the lines and meters installed under this agreement at reasonable times, through applicant's property if necessary.
5. Sprinkler systems or other possible contamination sources on the homeowner's property that connect to the City water system shall have approved backflow assemblies installed and registered with the City.
6. Applicant hereby agrees to abide by all rules, regulations, resolutions or ordinances enacted or adopted by the governing body applicable to the Providence City Water System.

APPLICATION FOR CONNECTION TO THE PROVIDENCE CITY SEWER SYSTEM

(Required only for applications for new home/commercial construction)

I hereby apply to Providence City for permission to connect my premises at 570 N 275 E to the Providence City sewer system. I agree to the following:

1. Providence City will allow the applicant to connect to the sewer trunk line or the service line extension, if one exists.
2. Applicant will obtain an excavation permit and comply with it if connection to the trunk line is required.
 - a. Applicant shall purchase an excavation permit.
 - b. Applicant shall post an \$800 bond with the City, \$750 refundable upon satisfactory acceptance by the City.
 - c. Installation shall follow all guidelines of Providence City standard specifications (a copy is available for purchase at the City Office).
 - d. All work shall be inspected by the City. If not approved, the applicant will have the problems rectified at his expense to meet Providence City requirements.
 - e. Applicant will bear all the costs associated with the permits, excavation, pipe, installation, backfill, compaction, and repair of curbs, sidewalks and streets.
 - f. Applicant shall use the mechanical connection apparatus approved by the Public Works Director.
 - g. All materials used that are placed on City property shall become the property of Providence City.
 - h. Applicant shall call for a City inspector 48 hours prior to any work beginning on a City right-of-way. All work shall be inspected prior to backfill.
3. Before making connection with the sewer system, applicant shall cause the plumbing upon the premises to be inspected by the municipality, and if it is not approved, it shall be rectified at the applicant's expense.
4. The Providence City Water Department reserves the right to evaluate the feasibility of installing a sewer connection between November 1 and April 1.
5. Providence City shall maintain all sewer trunk lines in the City, but it shall be the responsibility of the home owner to maintain the line on the premises and to the junction with the sewer trunk line, commonly known as the "Y".
6. Applicant agrees to abide by all rules, regulations, resolutions or ordinances enacted or adopted by the governing body applicable to the Providence City Sewer System.

Groundwater Note:

A geotechnical study was performed on this parcel by A Cache Corp. prior to the development of this subdivision. In that report, areas of potential high groundwater were encountered. The full geotechnical report is available in the Providence City Public Works office. The report suggested installing a land drain to mitigate the high water in order to make installations feasible in this development. A land drain will be installed with the utility improvements prior to any home construction as suggested in the report, and as required by Providence City. Individual footing drains are to be installed with each home, and connected to the land drain.

SETOBACKS

Setbacks (Single Family Detached, Duplex)

Front Yard (street garage access): 20 feet min./35 feet max.

Front Yard (alley garage access): 10 feet min.

Back Yard: 10 feet min.

Side Yard: 7.5 feet min.

Corner Lot: 15 feet min. on side adjacent to street

Setbacks (Single Family Attached, Apartment)

No front or rear building setback is in place for single family attached and apartment housing, provided that the development's open space is integrated throughout the project so that each group of single family attached dwelling units and each building of apartments has a minimum of 10' of surrounding open space on all sides, and side landscaping being calculated from the front/rear plane of the dwelling unit or building wall of the apartment building, with the exception of one side of single-family attached which may be needed for play garage access. Buildings whose front plan faces the front plane of another building shall have a minimum of 20' separation between the building's front planes.

SURVEYOR'S CERTIFICATE

I, Brian G. Lyon, a Registered Professional Surveyor, as prescribed by the laws of the State of Utah, and do hereby certify that by authority of the owners, I have surveyed the land shown on this plat, which is accurately described therein, and that the same has been surveyed and staked on the ground as shown on this plat.

Signed on this 14th day of Oct 2020.

NOTES

- The developer shall meet Providence City Code Title 9 Chapter 1, Section 21.1, Indoor use: 30 Residences x 0.45 sq-ft = 13.50 sq-ft
- Outdoor use: 2.66 acres x 0.45 sq-ft = 1.20 sq-ft
- 5/8" rebar with cap will be set at all rear and interior property corners. Curbs will be set at the intersection of the lot line with the curbing once it is placed.
- All lots have an adequate buildable envelope with regards to hazardous slope, building, and zoning setbacks.
- The City will not issue any building permit for any lot until minimum improvements, as specified in Section 11-9-2 of the City code are complete.
- There are no known sensitive lands as defined in Providence Code 10-3-2.
- All easements, utility, water, sewer, gas, telephone, and electricity with the project are contained within the project. They are set aside and reserved for the use of the respective utility to which they are dedicated and/or appurtenant.
- All other areas contained within the project, but not shown with diagonal stripes or shading or public streets are considered common areas, including parking, private streets, storm water detention and drainage easement areas.
- All common areas and limited common areas are considered to be an easement for all public utilities, irrigation and drainage purposes. This includes the ingress/egress areas.
- All easements involving the necessary improvements or extensions for a culinary, water system, sanitary sewer system, gas service, electrical service, telephone service, cable television service, grading and landscaping, storm drainage systems, curb and gutter, street lighting, and other improvements shall be paid for by the subdivision.
- No lots are allowed driveway access onto Spring Creek Parkway.
- With Exception of those areas under private ownership, the property is subject to limited easement over, across, above, and under 2 feet ingress, egress, installation, maintenance, repair, and replacement of utilities exclusively serving the property. Utilities include, without limitation, water, sewer, gas, telephone, and electricity with the exception of those areas under private ownership.
- The detention pond will be owned and maintained by the Home Owners Association.
- There is a 10 foot Public Utility Easement (P.U.E.) along all single family lot frontages.

RE: Vineyard Subdivision, Single Family Lot conditional use permit hazard mitigation narrative

Skarlet,

As was discussed in depth during the entitlement process for the Vineyard subdivision, the water table in certain areas of this development are relatively shallow, which qualifies this property as a hazard area per Providence city ordinance.

The geotechnical report provided by A Cache Corp. on June 12, 2019, addresses the high-water table, and indicates that a land drain would be an acceptable mitigation strategy that would allow the construction of homes with basements. Based on this recommendation, a land drain has been installed as a part of the subdivision improvements. Each single-family residence in this development, that is planned to have a basement, will install a footing drain that connects to the provided land drain. A detail of the footing drain design will be submitted to the city as a part of each building permit application.

If additional information is needed related to this mitigation strategy, please contact me with any questions.

Thank you,
