Determination to Hold Meeting Without an Anchor Location

Public Body:

UBCC Electrical Advisory Committee

Chair Name:

Jason VanAusdal

Public Meeting date or date range:

April 8, 2021

The public meeting(s) scheduled for the date(s) above will be conducted electronically and without an anchor location. I have determined meeting with an anchor location presents a substantial risk to the health and safety of those who may be present at the anchor location.

This determination was based on the following facts/information:

The public monitoring and participation requirements in Utah Code Title 52, Ch. 4, Open and Public Meetings Act, would gather the participants and interested persons in this public meeting in a single, confined location, where the risks of further transmission of COVID-19 are far greater. At the time that this meeting is being scheduled, Salt Lake County is currently in the "High Level of Transmission" phase, according to the Utah COVID-19 Transmission Index. This designation requires masks be worn, recommends physical distancing and limiting gatherings to ten people or fewer. In addition, the Heber M Wells Building remains closed to the general public as a precaution to prevent the spread of COVID-19.

MINUTES

A motion was made by Bryan Romney to approve the minutes from the January 14, 2021 meeting as written. The motion was seconded by Dave Winger and passed unanimously.

REVIEW OF THE ELECTRICAL PORTION OF THE 2021 IRC

Bryan Romney inquired as to what extent the committee needs to identify the cost impact changes and how in depth the cost analysis report needs to be. The committee discussed the processes that could be used to develop the cost analysis report for the electrical portion of the 2021 IRC and the several processes that could be utilized.

Joseph Taft gave a review of chapters 34 & 35. He reported that he found no major changes.

Bryan Romney reported that during this legislative session several amendments

have been proposed that would impact his review of chapters 38 & 39. He needs to wait until the final version has been approved before he can complete his review.

The next meeting will be held on April 8th.

The meeting adjourned at 3:34.
