Background:

In 2015, the City Council established a policy of adjusting elected official stipends annually at the same rate as salaries are adjusted for other employees. A 2% cost of living adjustment (COLA) is being proposed in this year's budget for employees, therefore elected official compensation is proposed to be increased by an equal amount. The compensation of the elected and statutory officers is proposed as follows:

Office:	Proposed Salary:	Present Salary:	Increase:
Mayor	\$861/month	\$845/month	\$16/month
Councilmember	\$343/month	\$337/month	\$6/month

Treasurer

\$44,865-66,286/yr

\$44,002-65,011/yr \$863-\$1,275/yr

ORDINANCE 21-05

AN ORDINANCE PROVIDING FOR THE COMPENSATION OF ELECTED AND STATUTORY OFFICERS OF NIBLEY CITY

WHEREAS, elected and statutory officers are required to devote a significant amount of time and talent to the effective administration of Nibley City; and

WHEREAS, elected and statutory officers should be fairly compensated for their time and expenses; and

WHEREAS, the Nibley City Council established a policy in 2015 of annually adjusting City Council Member compensation commensurate with the cost of living adjustment provided to other City employees; and

WHEREAS, a COLA of 2% is proposed this year for city employees.

NOW, THEREFORE, BE IT ORDAINED BY THE NIBLEY CITY COUNCIL OF NIBLEY, UTAH THAT:

1. All previous salary or compensation ordinances regarding the elected and statutory officers below are hereby repealed.
2. The compensation of the elected and statutory officers shall be as follows:

Office:	Present Salary:	Proposed Salary:	Increase:
Mayor	\$845/month	\$861/month	\$16/month
Councilmember	\$337/month	\$343/month	\$6/month
Treasurer	\$44,002-\$65,011/yr	\$44,865-66,286/yr	\$870-1,285/yr

3. Elected and statutory officers shall be paid on the same schedule as other municipal employees.
4. The compensation listed above is not inclusive of per diem, mileage, phone allowance or other expenses, which may be incurred in the course of conducting Nibley City business.
5. This ordinance shall become effective July 1, 2021.

Background:

The first draft of the budget for the next fiscal year will be presented to the City Council and public. Staff will present and review various changes and proposals in the budget. A public hearing will be held. State law requires the City Council to adopt the first draft of the annual budget by the Council's first meeting in May, which was completed last meeting. Also by state law, the budget will also need to be adopted by the first meeting in June if there is not a tax increase, or by the second meeting in August if there is a tax

increase. Upon final adoption, this resolution would adopt the budget for the next fiscal year, as well as make any final adjustments to the current-year budget. This resolution proposes to keep the property tax rate at its current rate of 0.001667. If Cache County certifies a tax rate lower than this rate, which is likely based on real estate value increases over the past year, this rate will not become the final adopted rate until after the City holds a truth in taxation hearing in August.

RESOLUTION 21-14

C

Honorable Members of the Nibley City Council and Citizens of Nibley,

I am pleased to present the Nibley City Budget for Fiscal Year 2021-22.

I would like to thank everyone who helps to prepare and manage the City's budget. Our fiduciary responsibility to our residents is among our most sacred duties as public servants. Their efforts to create an open and transparent budget puts government in the hands of the hardworking people who pay to make it happen.

Our goal is as always to maintain our conservative approach to funding City operations; we conservatively project revenues and we do our best to maximize the use of existing resources to maintain or increase levels of service.

Nibley is in a strong financial position. We continue to show progress toward meeting departmental and citywide goals and initiatives. Our budget growth is stable, with our General Fund remaining at approximately \$5 million, and all funds combined totaling more than \$14 million. Recent economic changes related to the COVID-19 pandemic have affected our revenue. Our property tax rate proposal is to continue the city's practice of maintaining the rate at 0.001667, the rate that has historically proven appropriate for sustainably funding City needs.

I am excited about the future and the opportunities that exist for Nibley City moving forward. I am grateful to the Council, the Planning Commission, staff members and our volunteers for their vision and their dedication to efficient stewardship. I pledge to continue working to make Nibley the best city it can be for our families.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "SD", is written over a horizontal line.

Shaun Dustin
Mayor

Budget Highlights

The City's General Fund accounts for the financial resources necessary to carry out basic governmental activities for the City that are not accounted for in other funds. The General Fund supports essential city services such as law enforcement and fire protection, street maintenance, recreation, and parks and open space maintenance. General Fund revenue is collected from taxes (property, sales, and utility), licenses and permits, service fees, fines, and grants.

Conservative Revenue Growth

General Fund revenues in Fiscal Year 21-22 are expected to remain stable. This budget estimates a consistent number of building permits due to several continuing and new subdivision projects being constructed. As of April 14, 2021, there are roughly 67 building lots available in Nibley City. In addition to those existing lots, additional subdivisions and additional phases of current subdivisions are expected to add hundreds of new lots.

Nibley has continued to add new real estate value; 62 new home building permits were issued in calendar year 2020. The City issued 200 total permits over the 12 month period from April 2020 through March 31, 2021, of which 84 were new homes. Budget projections related to home building in the FY 21-22 budget are based on an estimated 50 homes being built in the next fiscal year. Home values have gone up about 5 percent over the past year. Sales tax revenue is expected to continue to grow as Nibley's and Utah's economies and populations grow.

Tax Levels and Assessing Fair and Reasonable Fees

The FY 21-22 budget proposes to keep property tax at the same rate as last year. The City's property tax policy is to annually adjust the property tax rate to the historic rate of 0.001667, the rate that allows the City to maintain services at the current level. When there is growth in real estate value, Cache County will certify a lower rate than Nibley's current property tax rate. Therefore, if Nibley maintains the same rate as the previous year, state law considers that to be a tax increase, which would require the City to hold a Truth in Taxation hearing in August.

The sewer revenue amount in this budget reflects a \$1 rate increase for Nibley utility users, as adopted by the Nibley City Council in 2018. Logan City has increased the sewer treatment fee it charges Nibley. The increased rate being charged by Logan City increases by 10% each July 1st, beginning in 2017 and continuing through 2021. The sewer fee Nibley City charges residents is currently \$53 per month. The fee paid to Logan City is increasing due to the cost of constructing a new wastewater treatment facility.

There is a proposed 25 cents per month per residence increase in the residential stormwater fee. This will set the residential stormwater rate at \$8.00 per month. Commercial rates are set by a formula that uses the residential rate as a basis. This increase is part of an incremental fee adjustment recommended in the City's 2013 Capital Facilities Finance Plan prepared by Zion's Bank. The increase was deemed necessary based on infrastructure and compliance requirements placed upon Nibley City by federal and state stormwater regulations.

Grant Revenue

Cache County awarded Nibley City \$315,000 in Recreation Arts Parks and Zoo (RAPZ) grant funding to develop the 20 acres the city purchased west of Virgil Gibbons Heritage Park into a nature park called Firefly Park. The City matched these grants with \$315,000 from the Park Impact Fee Fund. These funds were used to complete the first and second phase of development at Firefly Park. The next phase of construction is expected to install a restroom, class room type seating, bird hides and fence along the northern boundary.

CARES Nibley City received just over \$600,000 (\$607,866.00) in Cares Act funds. Nibley City allocated those funds to three major categories;

1. Personal Protection Equipment (PPEs) and Sanitization Supplies and Equipment,
2. Remote work/communications/IT/AV equipment, and
3. Items to allow for easier social distancing

Just under \$200,000 was spent on Personal Protective Equipment (PPEs) and Sanitization Supplies and Equipment, with the largest purchase being a Kubota vehicle and sprayer that is being used to sanitize outdoor equipment, including playgrounds, picnic tables etc. The city also replaced chairs used by the public with chairs that are easier to sanitize and replaced the flooring in the community room with flooring that is easier to sanitize. Other items purchased include general cleaning supplies and equipment and personal protective equipment.

Remote work/communications/IT/AV equipment, supplies, and infrastructure was the category that was allotted the most money out of all three categories, totaling more than \$340,000. Some items that were purchased include fiberoptic broadband connections to city buildings and city hall IT equipment upgrades to support remote work and city meeting broadcasting. This included laptops and office equipment, server upgrades, and audio-visual equipment upgrades to allow for broadcasts of public meetings etc.

Approximately \$50,000 was spent on social distancing improvements. The city purchased more bleachers and picnic tables for our parks to allow for people to spread out farther apart from each other, as well as other smaller items such as stanchions and plexiglass barriers for city hall.

American Rescue Plan: Information and details on this money are still forthcoming. It is expected that Nibley City will receive around \$800,000 this fiscal year, and possibly more next fiscal year. These funds are shown budget neutral in

Maintaining Core Services

As a community, Nibley continues to place the highest of priorities on funding core municipal services to residents. As a result, please note that the FY 21-22 budget reflects the funding of programs and resources across all operating departments that will allow the City to increase or maintain levels of service.

- Continued construction of Firefly Park
- 1200 West and 3200 South Roundabout
- 3200 South Asphalt Replacement
- Construction of missing links in the City's sidewalk and trails network

Some planned equipment purchases include:

- Replacing 7 Leased Pickup Trucks - Stormwater, Parks, Sewer, Recreation/Community Development, City Manager, City Engineer, and Public Works Director.
- Replace Vac-Truck
- Replace one backhoe with a Mini Excavator in lease program

Other Key Changes to the Budget

- New public works inspector position
- Implementation of EMS fee
- Increase in Sheriff's contract
- Capital Projects

There was a fund transfer from General Fund surplus dollars at the end of the 19-20 fiscal year into the Capital Projects Fund. The General Fund transfer was around \$500,000.

Community Development and Recreation: The Nibley City Recreation Department is responsible for coordinating sports and recreation programs, pursuing funding opportunities for City recreation, organizing and supporting cultural events and other community development programs. It has started a new soccer program and is planning future recreation programs, such as Ultimate Frisbee, summer camp, clinics and tournaments, and fitness and family programs. The City will also continue to provide many of the successful programs offered in years past, such as Heritage Days, the BOOnanza, baseball, softball and more.

Planning: The planning department has been busy handling subdivision applications in the past year, along with updating ordinances, and made an update to the Capital Project Plan and to the Sewer Master Plan. The City Council has made it a practice to set aside funds on an annual basis for planning. In the next year, Nibley City will work on an update to the City's Stormwater Master Plan. This is particularly important in light of continued rapid growth.

Budget Documentation

Nibley City staff members continue to revise and improve the structure of this budget document in order to make it more easily understandable and compliant with the standard recommended by the Government Finance Officers Association.

Qualified and Motivated Workforce

The ability to provide quality services to Nibley residents is made possible by the City's qualified and motivated workforce. It is Nibley's policy to continue to invest in training and education in order to continue to maintain that standard of quality.

It has also been the City's practice to adjust the employee pay scale by 2% annually as a cost-of-living adjustment. Some Nibley City employees also receive merit pay adjustments until they reach the top of their particular pay grade. The FY 21-22 budget includes the usual COLA of 2% for employees and elected officials and accounts for increases in benefit payment amounts, including retirement contributions.

Proposed Timeline for future meetings and approval

- May 13 – First presentation and adoption of tentative budget
- June 10 – Public Hearing and possible budget workshop
- August 12 or 26 – Truth in Taxation Hearing and Final Adoption

Nibley City Financial Oversight

Budget Timeline

January	• Make any mid-year adjustments to current fiscal-year budget • Begin anticipating upcoming capital projects
February	• Meet with department heads to review accomplishments and upcoming priorities
March	• Project expenses for department priorities • Compile anticipated revenue worksheets • Begin compiling salary/benefit information for upcoming year
April	• Finance team meets to review projected revenue and expenditures • Prepare initial draft of budget
May	• Present tentative budget to the City Council by the first meeting in May • Council workshops of budget (As needed) • Public hearing on budget
June	• Adoption of the Budget not later than the 24th of June (If no tax increase)
August	• Truth in Taxation Hearing and Final Adoption • Submit budget to State Auditor's office • Submit budget for GFOA certification

Should Nibley City find a need to make an amendment to the budget subsequent to its adoption, a public hearing is held prior to adopting changes. Other less-significant budget amendments are made at year-end, as part of the process of adopting an amended current-year budget.

Fiscal Policies

Nibley City examines statistical and demographic information as part of the financial decision-making process. Nibley City has grown from a population of 2,040 in the 2000 Census to approximately 8,000. More than 40% of the City's population is under the age of 18.

The City currently employs 19 full-time employees, 17 part-time employees, 7 seasonal employees, and has multiple contracted positions, including the City Attorney, Engineers, Auditor, Accountant, and Commercial Building Inspector. Nibley also contracts with other agencies for Court, Library, Wastewater Treatment, Solid Waste Disposal, Fire, Law Enforcement, Prosecuting, Animal Control and Ambulance services.

Nibley City uses the modified-accrual basis for all budgeted funds, which is also used in preparation of the City's annual financial reports. Modified accrual is a governmental accounting method whereby monies are accounted for when they become measurable and available, which typically occurs when the City is invoiced for the payment. Budgets are subject to ongoing review by City staff. The Nibley City Council and public are provided with monthly financial statements to keep them updated on the status of each budget department.

Revenue projections are made by analyzing the City's population and expenditure growth and projecting the upcoming year's growth based on those trends. Expenditures are, to the extent possible, anticipated and projected in the preparation of each department's budget, and most capital expenditures are accounted for in the preparation of Capital Improvement Plans.

In compliance with the requirements of the laws of the State of Utah, Nibley City staff members present a balanced budget to the City Council for adoption. In order to meet the balanced budget requirements, one of the following must occur: revenues exceed expenditures, revenues equal expenditures, or revenue and any appropriated fund balances equal expenditures.

In preparing and executing each fiscal year's adopted budget, Nibley City adheres to the following principles:

1. Nibley City will practice fiscal conservatism.
2. Nibley City will focus on holistic budget issues and not dedicate unreasonable effort to a single project or item.
3. Nibley City will take responsible steps to pay off the City's debts in a timely manner.
4. Nibley City will make contributions to the City's long-term savings, so that the City will be adequately prepared in the event of a fiscal crisis.
5. Nibley City will keep its residents, City Council and staff apprised of budgetary decisions, so that those decisions can be made in a transparent manner.
6. Nibley City recognizes that, from time to time, it may be necessary to update these principles in order to reflect changes in financial planning practices.

General Fund Revenue

Revenue

The Revenue section of the budget shows funds received by Nibley City from various sources, including taxes, fees for permits and licenses, grant funds etc.

Taxes

The Taxes portion of the Revenue section of the budget accounts for funds received by Nibley City from taxes on property, sales, utilities and vehicles.

From the table below, it is clear that Nibley's primary revenue sources are 1) Sales Tax from state sales tax redistribution, and 2) Property Taxes. Nibley's taxation policy should therefore support state sales tax laws that sustain this revenue and the management of staff and finances to maintain an attractive, quality community that is friendly to property owners and supportive of high property values.

10-31-110 Real Property Taxes – Property tax revenue is determined by multiplying the property tax rate by the value of real property in the City. Property valuations are reviewed by the County annually and new valuations are released by the County each June. Based on the valuations determined by the County, the County adjusts the City's tax rate to a level that, when multiplied against the new year's property value, generates the same amount of dollars of revenue for the City as was generated the previous year. That rate is referred to as the Certified Rate. If property values go up, this would result in the certified tax rate going down. In order to allow the property tax revenue to grow with inflation and expansion, and to maintain sustainable and predicable service as the City grows, it is the City's practice to adjust the City's tax rate annually. This may be an increase or decrease depending on the state of the economy. If the certified rate is raised or lowered by Cache County, a vote of the City Council is required to adjust the tax rate back to the historic level of 0.001667. In order to adjust the rate up to the historical rate, the City is required to hold Truth in Taxation Hearing. If necessary, this hearing is held in August. Homeowners are taxed on 55% of the value on their primary residence.

10-31-120 Delinquent Property Taxes – These are property taxes that were not paid during the year they were due but were received this year.

10-31-130 Sales Tax – These are taxes that are collected from retail sales both in Nibley and throughout the state. For every dollar spent in Nibley, one cent is set aside for cities as the municipal share. Nibley City receives 50% of all the municipal share sales taxes generated within Nibley City; the rest of that sales tax goes to the state's population pot. Sales tax generated in Nibley accounts for about 15% of the City's total sales tax revenue, with about 85% coming from statewide population redistribution. Nibley City receives taxes from the state's population pot based on Nibley City's total population. Sales taxes are collected each month and then distributed about 25 days after the last day of the month that the tax is due. The Sales Tax rate in Nibley is 7%. Of that, 4.85% goes to the state, 1% goes to the municipal share, as described above, 0.25% goes to the county, 0.30% goes to CVTD, 0.50% goes to Cache County for transportation and 0.10% goes to the county for Recreation, Arts, Parks, and Zoo (RAPZ) Tax.

10-31-140, 141,142, 143 Franchise Taxes – Revenue generated from taxes and fees paid by utility customers, as well as taxes collected by the utility companies that are operated in the city. Franchise agreements are in place with Rocky Mountain Power, Dominion Energy, Comcast, Digital First Telecom and CenturvLink.

10-31-150 Vehicle Taxes – Revenue generated from the taxes the city receives from vehicle registrations of city residents' vehicles. These taxes are collected and distributed by Cache County once each month.

10-32-210 Building Permits – Revenue generated from building permits. There were a total of 164 total building permits in calendar year 2020, of which 62 were new home permits.

The building permit fee on a home averages \$1,500 per home. In addition to the budgeted revenue that would come from new home permits, additional revenue is anticipated for other permits as well, such as for remodels, solar permits, and commercial permits.

The graph below shows the trend in building permits from FY14-15, FY15-16, FY16-17 and FY17-18, FY18-19, FY 19-20, FY 20-21 including the breakdown for the types of permits. As of March 31, 2021, the City had issued 42 new home permits in past 12 months.

10-32-220 Business Licenses & Fees - Revenue generated from business license fees, which include: \$30 for a home-based business and \$150 for a commercial business. The City currently has 135 home-based businesses and 23 commercial businesses.

10-32-225 Fire Inspection Fee - Revenue generated from commercial business license fire inspection fees, which are billed at \$30 per hour. The fee is billed by Cache County, passed on to commercial businesses, collected with the business license fee, and then passed on to the county fire department.

10-32-250 Dog Licenses - Revenue generated from dog license fees, which include: \$15 for spayed/neutered dogs or \$25 for unaltered dogs. Revenue is used to pay for animal control services provided by the Sheriff's office. See expenditure account 10-54-360 for reference.

10-32-251 Multi-Dog License - Revenue generated from multi-dog license fees, which are \$30 for a multi-dog license for up to 3 dogs. Revenue is used to pay for animal control services provided by the Sheriff's office. See expenditure account 10-54-360 for reference.

Intergovernmental Revenue

The Intergovernmental Revenue portion of the Revenue section of the budget shows funds received by Nibley City from other government agencies, which often include grant funds.

10-33-322 Children's Theatre Grants - Revenue generated from anticipated grants including: a \$1,000 RAPZ grant, a \$2,000 Rocky Mountain Power Grant, a \$750 Utah Division of Arts & Museum Grant, and \$500 from T-shirt sales. Due to cancellation of the 2020 play, the Theatre is rolling over some of the grant funds to the next fiscal year.

10-33-323 Grants Miscellaneous - Revenue generated from economic development, public safety or other grant sources.

Charges for Services

The Charges for Services portion of the Revenue section of the budget shows funds received by Nibley City as charges for services provided by the City.

10-34-410 Communications Center-Dispatch - Revenue generated from a \$3 per residence and business monthly charge to pay for the countywide dispatch center. This charge is passed on to Logan City through expense account 10-54-440. The \$2 dispatch center fee provides funds to support the Countywide 911 Emergency Dispatch Center and the \$1 Radio Fee provides funds to support the radio and antenna infrastructure around the county that is used by public safety agencies.

10-34-420 Planning Review and Inspection Fees - Revenue generated for application fees, such as for submission of a final plat, to pay for items reviewed by the Planning Commission. This account is also used to account for the \$200 fee for a land use appeal hearing. Those hearings typically only occur a couple of times per year. The cost for the hearing officer is \$150 for a hearing. This account also will receive revenue from charging for development review and inspection fees.

10-34-422 Development Fees Reimbursement - Revenue generated from developers who reimburse the City for fees the City incurs such as: street lights, concrete collars and trees, engineering and legal reviews.

10-34-430 Refuse Collection Service Fees - Revenue generated from fees paid by residents for garbage, recycling and green waste collection services. Revenue is passed through to Logan City through expenditure account 10-62-320. The City charges an extra 25 cents per can for an administrative fee in addition to what Logan charges for the services.

10-34-431 Community Center Rental Fees - Revenue generated from Community Center/Council Chambers rentals. Community Rental Fees are: Resident Small Gathering \$50, Resident Large Gathering \$150, Non-Resident Small Gathering \$100, Non-Resident Large Gathering \$300.

10-34-435 EMS Charges - Revenue generated from a \$6 per residence and business monthly charge to pay for the countywide EMS program. This charge is passed on to Cache County through expense account 10-54-330.

Planning & Building

In the past year, the Planning Department completed a Community Wildfire Preparedness Plan and worked on updates to the Capital Projects Master Plan and Sewer Master Plan. These master plans will help the City plan for future growth in the face of increased demand on our infrastructure and services. The Planning Department Staff successfully received grants to update the Sewer Master Plan and develop a Transfer Development Rights Ordinance. The Planning Department has also reviewed several subdivision applications, commercial and industrial developments, fence permits, accessory building permits, and conditional use permits during the year. In the 2020-21 Fiscal year, the Planning and Building Department helped write and review 10 new ordinances that have passed, 2 that are still under review and 1 that did not pass.

Nibley has continued to add new real estate value. In 2020, the Planning & Building Staff issued a record-breaking number of permits. The City issued 164 total building permits in the 2020 calendar year, including 62 new home building permits. There are approximately 55 available building lots to the City. When the currently approved subdivisions are built, there will be 243 lots. There are currently 42 Homes under construction.

2021-22 Department Goals/Projects

- Complete Capital Projects Master Plan
- Complete Sewer Master Plan
- Review and update open space plan and goals
- Develop transfer of development rights ordinance incorporating open space plan recommendations
- Update stormwater master plan
- Develop town center commercial zone and standards

10-70-740 Capital Outlay Equipment - No funds are being budgeted this year.

Recreation Department

Community Development and Recreation

From 2015 to the present, our community has benefited from the creation of the Recreation Department through expanded offerings and quality experiences that connect our citizens. Although the socio-economic benefits are challenging to measure, we believe that our recreation offerings keep law enforcement costs down, create a great place to live, and significantly improve the quality of life for our citizens

Nibley's Recreation Director, full-time coordinator, part-time seasonal staff, and interns continue to support, improve, and or expand existing events and programs, and despite a pandemic have offered innovative ways for our community to connect with healthy, productive, and meaningful options for recreation. Our Reinvented 2020 Heritage days was recognized by all Cache valley news agencies, and more importantly appreciated by our citizens, at a time when other communities offered no options. Surprisingly although in 2020 Youth sports experienced significant delays and was subject to sanitation protocols; participation numbers still grew significantly. Other holiday event offerings including Halloween and Christmas events were modified appropriately and experienced exceptional participation beyond what was anticipated.

Last year's budget included funding for a Full-Time coordinator position which has allowed for the department to leverage the Recreation Director's management and planning experience while also expanding revenue generating youth sports programs significantly. Exponential growth in soccer especially offsets the additional cost of a full-time employee and has allowed for an expansion in opportunities available for our community. This staffing model more closely matches recreation departments in cities of similar size with a similar level of service. However, as the community grows, programs expand, and additional programs are offered its critical that staffing keep pace with the growth of the community and recreation offerings.

With data from the recent USU Wellbeing Survey in Nibley, the Imagine Nibley Campaign of 2017, clear direction our Parks, Recreation and Trails Plan, continued council direction, post event/program numbers and participant feedback, the department has clear direction regarding recreation that makes a difference in the lives and health of our residents. In addition to established plans and valuable data collected, our Parks and Recreation Committee facilitates events and offers a continuous connection with the members of our community, to help us provide relevant and effective recreation experiences. This committee will also support future planning that will more effectively meet the needs of our community moving forward. Utilizing all these tools, this department will continue to incrementally adjust events and programs to match the interest of Nibley citizens, based on the available resources provided, to maximize the benefit for our residents who are our most valuable asset.

Considerations of the impact of meaningful experiences, sustainability, efficient use of resources, and cost/revenue numbers, will continue to be evaluated for both new and existing recreation offerings. Although the overall expenses for this department have increased when compared to the amount budgeted last year, note that recreation opportunities have expanded and, and revenue generated from programs has also increased. Anticipated revenue for this proposed budget is conservative and realistic and well worth the effort considering that isolation due to a pandemic has had a significant impact on our residents. As new programs are offered staff will continue to carefully create the best forecast of revenue and expenses. However, with cost evaluations, and participation data collected in recent years, along with historical revenue and expense numbers, the department has more effectively forecasted the recreation budget presented here.

First Responders

The Nibley-Millville First Responders are a volunteer group of emergency medical technicians who respond to emergencies in Nibley and Millville. In January 2021 the Nibley-Millville First Responders merged and became part of the Cache County EMS program. From July 1 2020 to Decemer 31st 2020 they responded to 103 calls last year and the members attended approximately 102 hours of Continuing Medical Education. The unit covered 4,384 hours of on-call medical coverage in 2019. Another 47 hours of classroom and hands-on training was provided by the First Responders to Scout Groups and Church organizations throughout the year.

45-40-731 Major Street Projects - Due to the pending connection of Logan's 1000 West to Nibley's 1200 West, Nibley is working on a project to realign the 1200 West 3200 South intersection. With the potential development of two projects near 1200 W/1000W and 2200 S, it is probable that 1200 West will soon be fully connected from Hyrum to 1000 W in Logan. This near-future connection has the potential to bring significant traffic to 1200 W through Nibley. Unfortunately, 1200 W is currently not complete along this route, with several sections only paved at half-width and the intersection at 3200 S being offset and in need of realignment. A construction project is underway to correct these deficiencies in order to address them before the street is completely connected. Funds will also be used to construct a turnaround at the end of 2980 South in Stonebridge.

In 2017, Nibley City applied for COG funds to pay for the construction of a realigned intersection at 1200 West and 3200 South. Nibley was successful and in securing \$3,150,000 for the project. The total project cost is \$3,555,500, betterment for the project is \$175,000, making Nibley's match for the project \$230,500.

45-40-734 Street Maintenance/Construction - See 11-40-650

45-40-735 Public Works/City Hall Building Projects - Funds allocated for landscape rework of City Hall.

45-40-736 Facilities Parking Lot Preservation - Funds allocated to fund maintenance of City parking lots, in order to increase lot longevity. No projects are planned this year.

45-40-737 Master Plans - Funds are budgeted in this account this year for a capital projects master plan.

45-40-738 Morgan Farm: Funds allocated for the construction of a walkway to allow access from Elkhorn Park and associated fencing, other fencing repairs, historical gate repair, fertilizer and other nutrient application to pasture, foundation repairs to east side of barn.

45-40-742 Capital Equipment – Funds allocated for the lease on an administration vehicle \$3,000, recreation vehicle \$3,000, two public works vehicle \$3,000, parks vehicle \$3,000, one backhoe and one mini-excavator of \$8,000 each for the streets and parks departments.

45-40-743 Sidewalk Projects - This account has been combined with Active Transportation 45-40-746.

45-40-745 River Repair - Funds allocated in order to maintain the improvements made in the Blacksmith Fork River restoration project and to repair damage that occurs during heavy river flows.

45-40-746 Active Transportation - Funds allocated to purchase Right-of-Way for and construct future trails and sidewalk projects. Money in this account will remain in a dedicated fund. Funds will be used for construction of trails as shown in the Trail Master Plan, and to connect missing links in the City's sidewalk network. This account is anticipated to fund a different portion of missing links in the network each year. The sidewalk and trail segments being considered this year are \$135,000 for completion are the trail around city hall and \$165,000 for missing sidewalks on the south side of 3200 South between 1200 West and 800 West. Also \$50,000 for Anhder park and \$16,000 for Hollow Road Advisory Lanes

45-40-747 ROW Acquisition - Funds allocated to purchase Right-of-Way for future street projects.

45-40-748 Capital Projects Miscellaneous - Funds allocated for Nibley City's match from the technical planning assistant UDOT grant.

45-40-749 Cottonwoods Infrastructure - The Cottonwoods Development paid the City \$10,000.00 to install a future water line along an easement located on the northeast side of the subdivision. The Cottonwoods Development also paid the City \$9,737.00 in compliance with the Planning Commission Resolution 17-P3 for future Improvements along Hollow Road adjacent to the Cottonwoods Subdivision. These terms were placed in the Development Agreement for the Cottonwoods, and that Development Agreement was approved by the City Council on January 17, 2017.

45-40-750 Public Art - Funds allocated for public art to be placed throughout the city.

45-40-751 Elkhorn Park Playground Replacement - Funds allocated for the replacement of the playground structure and swings at Elkhorn park. This playground is well passed it's useful life, and repair parts are no longer manufactured.

45-40-760 Property Acquisition - No funds are budgeted in this account this year.

Sewer Department

Because of its relatively young age, the Nibley City sewer system has low maintenance costs. The majority of the Sewer department's maintenance budget is spent on cleaning and video inspections of the system in order to maintain its efficient operations.

Sewer Department Accomplishments 2020-2021:

- Inspected all manholes. Identified and repaired leaks
- Repair 3rd rail at Hansen Lift Station
- Installed generator at Scott Farm Lift Station
- Cleaned 7 miles of sewer line
- Repaired two major ground water leaks in system

Sewer Department goals for FY 21-22:

- Repair valving at Hansen Lift Station
- Repair/replace one pump at Hansen Lift Station

PROJECT PRIORITIZATION

Projects listed with a GL number are budgeted for this year. Those without a GL number are future projects. Project explanations may be found in the budget notes for the listed GL account.

56-37-601 Appropriated Fund Balance - This account is used to appropriate funds from the fund balance to be used in the current fiscal year. Funds are being appropriated for the capital projects below.

56-37-610 Interest Earned - Revenue generated from interest earned on all fund balances of money held in interest bearing accounts. This is apportioned out once per year at the end of the fiscal year to each of the individual funds based on the percentage of the total fund balance.

56-37-720 Grant RAPZ - In 2014, the City was granted \$40,000 to build tennis court at Heritage Park. The courts are now being proposed for Anhder Park based on the recommendations of the park master plan update. The City requested \$100,000 in RAPZ funds in 2016 to begin work on Firefly Park. The City applied for another \$215,000 in RAPZ funds in 2017 to continue work on Firefly Park project.

56-37-790 Park Impact Fees - Revenue based on 50 new homes being built in the coming fiscal year. The park impact fee for a new residential home is \$4,500. Ridgeline Park is prepaying park impact fees for 40 lots which will be used for the design of Ridgeline Park.

Expenditures:

56-40-740 Capital Improvement - \$180,000 is being budgeted to pay for the design of Ridgeline Park. These funds will be reimbursed to the city through impact fees by that development.

56-40-751 Firefly Park - Funds allocated to complete Phase 3 of Firefly Park. Phase 3 includes fence along the north property line, restrooms, amphitheater/instruction area, bird blinds, and additional seating.

56-40-752 Tennis Court - This account is not being funded this year.

56-40-760 Reserves - Funds that are not allocated to be spent in this year's budget.

Description	Discussion & Consideration – Resolution 21-15: Amending Nibley City's Consolidated Fee Schedule (Updating Engineering Services & Development Inspections Fees) (First Reading)
Presenter	Justin Maughan, City Manager
Recommendation	Move to approve Resolution 21-15: Amending Nibley City's Consolidated Fee Schedule (Updating Engineering Services & Development Inspections Fees), for first reading.
Reviewed By	Mayor, City Manager, City Treasurer, City Engineer

Background:

Engineering Services Fee

In the past, fees for engineering development reviews were charged by our contracted City Engineer, JUB. Those fees were collected by the City in the form of a deposit when a developer submitted their application for a subdivision. As fees were charged by JUB for reviewing the subdivision, the deposit was debited by the City to pay JUB the fees. Recently, an inhouse engineer was hired. It is expected that the fees proposed, will not fully pay for the new City Engineers full salary, but will bring in some revenue to help. We also expect these fees to be quite low as a starting point. As time goes on and actual data becomes available, the fees will likely need to be reviewed and adjusted. Staff reviewed other municipalities, and how they handle these fees, and have proposed the following:

\$1,500.00 + \$50 per lot for two reviews.

To put into perspective, two recent, similar sized subdivisions paid about \$7,000 for the review process. Under the proposed fee structure, those same subdivisions would have cost about \$4,500.

As an incentive to not submit unfinished plans for reviews, the fee will be charged in blocks of two reviews.

Development Inspection Fee

As Nibley City grows, it is imperative that the infrastructure that is constructed adheres to APWA Standards and Specifications as approved by the City Council. With all the development that is happening and expected to continue into the future, the ability for

current staff to adequately inspect projects has been brought into question. The proposed FY21/22 budget proposes additional staff, focused on Public Work Inspections, and will also assist in conducting building inspections as needed. The fee proposed is to help offset the cost of this additional employee. As with the Engineering Fee, it is not expected that this fee will cover the entirety of the salary proposed, but will help, and will need to be reviewed and updated as time goes on. This fee is set as a starting point, and will need to be reviewed and adjusted in the future. Staff has reviewed other municipalities across the State, and have proposed the following:

0.75% of the estimated construction cost as set forth by the Bond Summary Estimate prepared by the City Engineer, for the construction of the subdivision.

This would equate to be around \$15,000.00 for a 60 lot subdivision.

RESOLUTION 21-15

A RESOLUTION AMMENDING NIBLEY CITY'S CONSOLIDATED FEE SCHEDULE FOR ENGINEERING SERVICES AND DEVELOPMENT INSPECTION FEES

WHEREAS, State Law and the City Code empower the Nibley City Council to set rates and charge fees for services provided by the City;

WHEREAS, the City has historically set rates and fees for services through various resolutions from time to time as needed;

WHEREAS, the City Council finds that it is in the best interest of the City and its residents to update the consolidated schedule of all existing rates and fees and to review and update the schedule as needed;

WHEREAS, the city no longer contracts for engineering design reviews of subdivisions, and has hired an inhouse Engineer to conduct subdivision development reviews and inspections;

WHEREAS, deposits for engineering fees to be charged against for cost of contracted engineering services are no longer needed.

NOW, THEREFORE, IT IS HEREBY RESOLVED BY THE NIBLEY CITY COUNCIL THAT:

1. Final Plat Deposit shall be removed from the Charges for Service portion of the 2020-2021 Fee Schedule.
2. Preliminary Plat Deposit shall be removed from the Charges for Service portion of the 2020-2021 Fee Schedule.
3. An Engineering Design Review Fee shall be added to the Charges for Service portion of the 2020-2021 Fee Schedule at \$1500 + \$50 per lot. The fee shall be paid prior to any comments from the City Engineer being returned to the applicant. The Fee shall cover the cost for two reviews by the City Engineer. Subsequent reviews will be charged the same fee, in blocks of two reviews.
4. A Public Works Inspection Fee shall be added to the Charges for Service portion of the 2020-2021 Fee Schedule equal to 0.75% of the cost to construct public improvements as determined by the City Engineer during the creation of the Bond Summary for the development.
5. This Resolution does not repeal, abrogate, annul, or impair in any way the existing resolutions or ordinances of the City except to modify the rates, fees, and charges reflected in the Consolidated Fee Schedule. All rates, fees, or charges not listed in the Consolidated Fee Schedule which are contained in or promulgated pursuant to any current resolution or ordinance shall remain in full force and effect, unless and until duly modified. All resolutions or ordinances which set forth rates, fees, or charges which are contained in the Consolidated Fee Schedule are hereby superseded by the Consolidated Fee Schedule.
6. This Resolution shall become effective immediately upon passage.

ADOPTED BY THE NIBLEY CITY COUNCIL THIS _____ DAY OF _____, 2021.

Description	Discussion & Consideration – Resolution 21-16: Implementing a Fee for Emergency Medical Services (First Reading)
Presenter	Justin Maughan, City Manager
Recommendation	Move to approve Resolution 21-16: Implementing a Fee for Emergency Medical Services, for first reading.
Reviewed By	Mayor, City Manager

Background:

For nearly the past two decades, ambulance/emergency medical services have been provided through an interlocal agency called the Cache County Emergency Medical Services Authority (CCEMS). This organization was funded partially by Cache County and paid for through property taxes accessed by the County. Due to Logan and Smithfield City's decision to withdraw from CCEMS, CCEMS ceased to exist at the end of the 2020 calendar year.

At that time Cache County offered to lead countywide EMS operations through its fire department. The services offered, including ambulance transport to and between hospitals, and to also oversee the Nibley/Millville first responder unit. Thereafter, Nibley City Council entered into an agreement with the County for these services.

There were a number of benefits and reasons to contract with the County:

1. The County has increased the level of service by
 - i. Having a licensed paramedic on staff
 - ii. Ambulance stationed in Hyrum for faster response times
2. Providing ongoing training to first responders
3. Ability for first responders to increase the level of their licenses

Cache County has continued to put the same portion of tax revenue into providing these services, as they were previously putting into the CCEMS organization. However this amount does not cover the costs. Therefore, the City Council agreed to pay \$15 per resident per year to Cache County for the services, with an increase of 3% per year

thereafter. In addition, \$24,000 per year to the County for management of the Nibley/Millville First Responders Squad.

This puts an additional burden on the City budget that has not existed in the past. The most recent US Census estimate data is from 2019 with 7,135 residents in Nibley. This would put the fee to the County for the ambulance service at \$107,025. However, staff has concerns that the 2019 estimate may be low, and could possibly have a significant jump when the 2020 Census data comes out, which should be by next year.

To cover this additional burden, staff has proposed a \$6 per month per utility account. This number would bring in sufficient revenue to cover both the ambulance and the management of the First Responder Unit. It will also bring in enough to provide a bit of a buffer for next year, should the population data come in higher than expected and or absorb some of the 3% increase. Staff feels that charging the fee is more transparent, than absorbing the cost in the General fund through property taxes. However, this is an option, and the City Council could adopt a rate that would cover the increased burden through property taxes.

RESOLUTION 21-16

IMPLEMENTING A FEE FOR EMERGENCY MEDICAL SERVICES

WHEREAS, Nibley City has contracted with Cache County for Emergency Medical Services, and

WHEREAS, the agreement for Emergency Medical Services (EMS) services has been deemed to be in the best interest and for the general welfare of the City, and

WHEREAS, Nibley City is desirous of ensuring EMS in the incorporated areas of Nibley City, and

WHEREAS, the agreement with Cache County stipulates that on January 1, 2021 seven dollars and fifty cents (\$7.50) per capita based on current U.S. Census estimates for persons living in the incorporated area of Nibley for EMS to be provided for January 2021-June 2021 and, thereafter, pay annually on July 1, fifteen (\$15.00) dollars per capita with an increase of 3% per year beginning July of 2021 based on current U.S. Census estimates for persons living in the incorporated area of Nibley City for EMS to be provided.

NOW, THEREFORE, IT IS HEREBY RESOLVED BY THE NIBLEY CITY COUNCIL THAT:

1. All utility billings sent by Nibley City shall be assessed \$?.?? Per month for Emergency Medical Services. Said funds are to be paid, upon request, to Cache County to pay for the cost of ??? and maintaining.
2. This EMS fee shall be in effect starting ????, 2021.

Description	Workshop – Capital Projects Master Plan
Presenter	Justin Maughan, City Manager
Recommendation	Discuss proposed projects and priority to be incorporated into Capital Projects Master Plan
Reviewed By	Mayor, City Manager, City Planner, City Engineer

Background:

Nibley City Staff is currently working with consultant, Lewis, Young, Robertson & Burningham to develop a Capital Projects Master Plan. The purpose of this Master Plan is to identify specific transportation, parks, trails and general public works projects that can reasonably be implemented within the next 10 years. The City has developed specific master plans for such improvements that have a longer time horizon. The Capital Projects Master Plan will include a more detailed analysis about feasible projects based upon more fine-tuned cost estimates and revenue projections. This document is meant to inform the City with budgeting such projects in the short-term.

To inform the financial analysis, which the consultant has started to perform, City Staff has reviewed projects in existing master plans and other necessary projects based upon existing needs and developed a proposed list of projects for the analysis. Staff has also recommended priority levels (high, medium, low), which will inform the timing of such projects. The purpose of this workshop is to review the proposed list and priorities and offer feedback to Staff, which may be incorporated into the analysis. Based upon this recommendation, Staff will direct the consultant to incorporate such projects and priorities into the Plan.

The next step in the process will be to perform the financial analysis, develop a phasing plan, incorporating costs, revenues and phasing. The final draft plan will then be presented to the public and ultimately the City Council for consideration of adoption.
