**Subject:** GSENM Plan Amendment Notice of Intent (NOI) - Status Update

Hello Brian; I wanted to apprise you that the Notice of Intent (NOI) for the Livestock Grazing Monument Management Plan Amendment and associated Environmental Impact Statement (MMP-A/EIS) is now in the BLM Washington Office for processing. We anticipate a 6-8 week review process in the Washington Office before the Notice of Intent is published in the Federal Register Notice.

We are anticipating publication sometime in October 2013. This will start the 60 day public scoping period.

Please feel free to contact me if you have any questions concerning this matter.

Thanks,

---
