

Logan River Golf Advisory Board Meeting

Thursday, May 20, 2021, 5:00pm

Logan River Golf Course Tournament Room

Present: Dawn Drost, Jeff John, Randy Oldham, Carol Denniston, Kaycee Hunt, Russ Akina, Rick Johnson, Lee Samsel, Leslee Olsen, Jason Olsen, Tom Jensen

Absent: Rob Gines

Approval of Minutes:

The minutes were unanimously approved as written.

Financial Report:

- Jeff passed out this month's Financial Report. He brought up the fact that all City employees can bring a punch pass to golf and put \$10,000 in the revenue account for the City's Monthly Wellness Program.
- Dawn mentioned the significant increase to date. It is about a \$120,000 increase. Driving range amounts are up.
- Dawn, Rich, Jeff and Randy will plan to go over financials this month.
- Russ informed Board members that they will be going to council to use revenue account from this year to cover last payroll for the fiscal year as they have been busier with Staff and Credit Merchant Fees.

Course Schedule & Conditions:

- Jeff mentioned aerating on Monday. Tomorrow afternoon has a 150+ Men's Tournament. June is very busy. Father's Day weekend is one of the busiest weekends of the year. Has a few returning tournaments from last year coming back, and a few that were cancelled last year due to Covid will be returning this year.
- Randy said that this year he has seen the healthiest and greenest mow clippings there has ever been.
- Still has to work on the roof of the pumphouse. Has been watering from midnight to 5am.
- Rick asked what kind of aeration he will be doing. Randy explained to him the process.
- Temperatures next week are looking good for the course.
- Doing the best with the current crew he has hired.

Women's Association Report:

- Tutus for Tatas will be held June 8th.
- Playing Northern Women's
- Has 76 members
- Ladies are in first place at the moment.

Men's Association Report:

- Schedules are full. Has a Deuce pot Tournament coming up. Explained what a Deuce Pot was to Board Members. It was an extra \$2 to participate; members were hesitant at first but are receiving it well
- Has over 150 members at the moment. A lot of "outsiders" coming in due to the beautiful greens at Logan River Golf Course.

Golf Superintendent Report:

Aerating Monday and Tuesday. Had a great spring. Touched up on Weed Control. Pretty happy with current course conditions. Dawn asked about hole 18 where repairs are being made. Randy said it will open up soon and they will be able to drive through it. Carol asked if it could be printed on the scorecard. Kevin has been marking the Ladies' drop zones. Ladies appreciate it.

Golf Professional Report:

Tournament room will be painted and get new carpet. Explained credit card fees situation. Planning on upgrading in July. Trying to deal with the swallow problem, it makes use of the deck almost impossible due to the infestation of them. Golf Cart fees will increase but has received a deal to receive them in January at a discounted rate. He would receive the carts in January that would allow him to put the tops on earlier. Next cart upgrade will be in 2026 after this time. Jeff would like to propose combo tees on scorecards the next time he prints them out. It would be easier for users that want to play different tees.

Still planning to re-rate in the fall.

Open Forum:

Dawn brought up new video and marketing signs. Randy and Russ let her know that it will be shot this summer. Hopefully potential sponsors will be on board in participating and getting back to normal. GIS department is planning on hiring a summer intern to reshoot new video. Will follow up at the August meeting.

Should be up and running with former plan by 2022 spring season. Jeff has gotten great feedback from video shoot and marketing. Dawn suggested a Board Members golf play this summer. Carol wished everyone a great summer break.

Next Meeting: Thursday, August 19, 2021

Adjourned: 5:39 PM
