**Re: Olympia Hills  
Possible Annexation into Herriman City**

Dear Mayor Wilson and Members of the County Council:

This letter is to update you on the status of the Olympia Hills project moving forward after the last long and difficult year. Specifically, we wanted to let you know about discussions that have recently occurred between Olympia Land and Herriman City.

You may recall that the Master Development Agreement provided, in Section 2.7, that Olympia Hills would be required to take actions in the future to either incorporate the project as its own municipality or annex the project into an existing municipality. We are happy to report that we are attempting to fulfill that requirement even earlier than was previously contemplated in the MDA. We have recently been in good faith discussions with Herriman City. Those good faith discussions have now led us to file with the County today a Notice of Intent to file a Petition for annexing Olympia Hills into Herriman City.

We would hope and trust that we would have your support in this annexation including taking whatever steps are necessary to replace the MDA with the County with a new MDA with Herriman. We would also consider these efforts to be a fulfillment of our obligations in that regard under the MDA.

If you have any questions about this potential annexation, we are happy to address them. We will update you in the future as things move forward.

Respectfully,

Olympia Land, LLC

Doug Young
