

March 24 2008

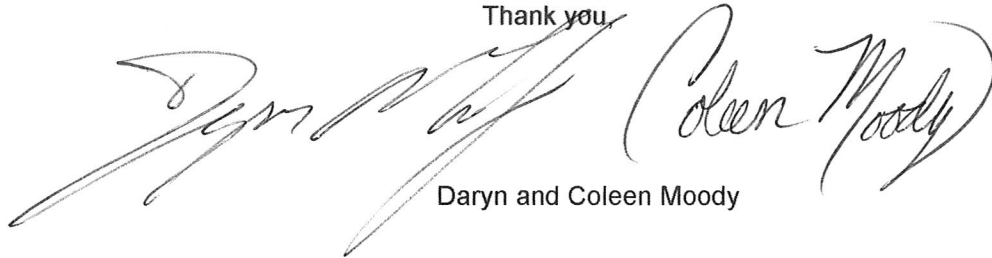

To whom it may concern,

We are writing this letter to inform you of the purposes and objectives of the Infill Overlay Zone for the Moody subdivision at 802 East 400 South in Payson. This will allow the orderly development of the established areas of the community. It will encourage reinvestment and maintenance of the existing neighborhood. It will stabilize and enhance property values. It will foster community pride. It will promote new development and will enhance and protect the existing structures. It will strengthen the economy and improve the quality of life.

We have lived in this neighborhood for 12 years and we recognize that the current residents of the neighborhood value it so much that we want to continue to live here. Rather than moving from the area, we would like to reinvest in the neighborhood by building a new home on our current property.

Our subdivision will be created in such a way that it will enhance the existing neighborhood and our home will be tasteful and increase the value of the homes that surround us. Please consider this change as a benefit to the area.

Thank you,

The block contains two handwritten signatures in cursive. The signature on the left is for Daryn Moody, and the signature on the right is for Coleen Moody. The names are written in a fluid, connected script.

Daryn and Coleen Moody
