DRAFT

1. Welcome to COG –Chair Mayor Jo Sjoblom

Mayor Jo Sjoblom declared a quorum present and welcomed everyone in person and online.

1.1 Prayer: Mitch Adams

1.2 Pledge: Mark Shepherd

Katie Witt welcomed everyone and they are excited to host in their new building.

2. Business/Action Items

2.1 Consent Item: Approval of Minutes from February 17, 2021.

Motion: John Pohlman motioned to approve the February 20th minutes as written, Mitch Adams seconded the approval. All in favor.

3. Presentations/Informational Items

3.1 **Legislative Q & A—Blake Moore:** Congressman Blake Moore mentioned that it has been a very busy quarter and unprecedented compared to the past. It has been frustrating with what has gotten to the house floor and what hasn't. During this crazy time, Blake has been amazed with his team and what they have been able to do. He said he has done everything they can to have productivity over participanship. He lobbied to get on armed services and was able to get on it.
Travis with Moores office is here locally and willing to help if there is anything they can do.
Question: Mayor Wilkinson—When will the halls of congress be open? A: Right now it is fort Pelosi. There is talk that they are going to scale back and open up things slowly.

3.2 **I-15 EIS and WDC/US-89 Update—Tiffany Pocock & Randy Jefferies:** Tiffany Pocock is the project manager for the I-15 environmental impact study from 600 N in SLC to US-89 in Farmington. They are early in the process but are trying to put together the best team. Contract goals include: 1. Evaluate long term goals. 2. Proactively engage all stakeholders 3. Consider the broad range of perspectives and potential solutions 4. Support quality of life through transportation. Question: Rick Earnshaw—Are you going to take into account of individual residences and do you know how wide you are going to expand I-15? A: that all is still to be determined. As it develops they will keep the county informed. They will be considering impacts to homes.

Randy Jeffries: update on us 89 construction and West Davis Corridor. Right now they are working on three different interchanges that are expected to be finished this year (200 north, Gordon Ave, Oak Hills). Antelope, Nicholls Road and Crestwood are scheduled to begin in 2022.

West Davis—this is just getting started. RMP is starting on powerline relocations. They are doing pile testing on Legacy Parkway. Construction to begin in April.

UDOT has a new mission: enhance quality of life through transportation. Values: Respect, integrity, caring

3.3 **Paramedic Update—Bob Stevenson:** We have been working on putting together a paramedic program. On 1.1.23 the county will be out of the paramedic business. Presently the levy that the county assesses is broken into 3 parts. Both South Davis and Layton city run their own paramedics. The county doesn't plan on terminating anyone's job. This coming year the county is going to dissolve the levy. The service won't decease until December of 2022.

Shane Pace—the interlocal agreement has been given and is being discussed by all of the parties involved. If you would like a copy of this please contact your city manager. There are 8 sections in this agreement. There are still moving parts and the parties involved are working on what the costs will be.

3.4 **Animal Shelter Update—Randy Elliott:** We got the bill passed to get the tax levy for Davis County only. We are hoping the governor passes this in the next week. This will help fund animal care services in the county. The commission is planning on sending a letter to the governor

Other:

Motion to adjourn: Mayor Witt motioned to adjourn. Mayor Shepherd seconded. All in favor.

DRAFT
