

Minutes Of Work Session Meeting Of The Mayor And Town Council Of

Central Valley Town, Sevier County, Utah

June 10, 2021

A work session meeting of the Mayor and Town Council of Central Valley Town was held on Thursday, June 10, 2021 at the Central Valley Town Hall, 50 West Center Street, Central Valley, Utah at the hour of 2pm after due and timely notice had been provided pursuant to Section 52-4-6, UCA, 1953 as amended.

MAYOR & COUNCIL MEMBERS PRESENT:

Mayor Susan Outzen, David Nielson, Charles Evans and Kody Winkel

Gary Barney was excused

Bill David, Maintenance Department

Agenda:

1. Chlorination of downtown well
2. Water Restrictions

Minutes:

1. John Chartier from the Utah State Division of Drinking Water was present to guide us in the procedure we need to follow if we decide to pursue the chlorination project.

Charles Evans explained what the town would like to do with the well; he explained the idea of running additional pipe along the west side of the ball park to give contact time for the water; we have had no bad bac t's from the well in the past. He thinks the park and church sprinklers could keep residuals up to code.

John stated if we had a couple of months of positive hits on bad samples the state would require chlorination.

Bill suggest they could start the well when the lawn water usage starts up and it wouldn't hurt the residuals.

John stated his concern was the residual balance.

John stated if we want to chlorinate there are two options (1) chlorinate the well or (2) install a dedicated line to the tanks.

Charles stated he and Bill could do the construction if we decided to chlorinate the well itself.

John stated we must have the project engineered and the plans approved by his office.

Discussion continued back and forth.

John was thanked for coming to the work session and told we would let him know when or if we want to proceed with the project.

2. Water restrictions:

The council talked about implementing water restrictions if it becomes necessary. Charles stated at present the town have sufficient water to deliver to the citizens. However, due to the drought conditions that could change. Susan suggested a letter informing the citizens of the consequences of wasteful use which could result in restricted use. The council agree and she will prepare the letter for approval at town council meeting June 16, 2021.

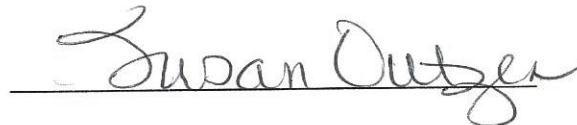

Voluntary Conditions to be listed in the letter are:

1. NO watering between the hours of 10 am to 6 pm.
2. NO watering on windy nights.
3. Reduce watering times on sprinkler sections.
4. MAXIMUM days to water – 3 days per week. If you normally water 3 days a week starting on Monday consider switching to the Tuesday cycle. If possible, water only 2 days per week.
5. Cut your lawns on a higher setting to allow the lawn to retain it's moisture longer.
6. Use a drip system on gardens.
7. NO open hose watering.

Also, a copy of the culinary ordinance giving the council authority to enforce restrictions will be added to the letter.

Minutes prepared by Susan Outzen

Date Approved: 6-16-21

Mayor Susan Outzen

Attest:

Sheyenne Tenney, Town Clerk
