3. BUSINESS ITEMS

a. Consider approving Resolution No. 226 amending the Redevelopment Agency bylaws

Economic Development Director Chris Pengra oriented the Council with amendments to the Redevelopment Agency bylaws that would bring them current and add a provision designating a Chair and Vice Chair for the board. He noted that Adam Long, outside counsel for the RDA, was available for questions and had reviewed and approved the proposed changes.

Board Member David Pack asked for clarification regarding the duties of the Board Chair. It was explained that duties were similar to those for a City Council Chair and the time required was greatly reduced noting that meetings were held only as needed.

Board Member McConnehey asked in the future that a legislative version with redlines be provided for better clarity of the proposed changes. Mr. Pengra explained that the proposal was a basically a new version and not much had been kept from the original version, making a redlined version too confusing. He also noted the proposed amendment requested by Chair Jacob for language detailing that if a vote did not take place appointing a Board Chair and Vice Chair that Council Chair and Vice Chair would assume those roles ensuring the board was not without those positions.

Mr. Pengra responded to a question for clarification about the provision, he felt that the provision would protect the board. He further explained that it had been many years since the bylaws were approved and since that time, many provisions had been rendered obsolete, making the board technically not in compliance as an oversight. The provision would keep the board in compliance even if there was nothing pressing the board to meet. Board Member Pack noted he would be happy to help out in one of either capacity.

Board Member McConnehey asked for the addition of a designee in Section 5 for the Secretary of the agency. He asked for clarification regarding the Chairperson terms coinciding with City Council terms. It was his understanding that when you start your term on Council, you would then also be a board member for a four-year term. However, the appointment section stated that it would be done on an annual basis. Mr. Long, Legal Counsel for the Redevelopment Agency explained that it could be handle however the Chair or Vice Chair were willing. Section 8 was proposed so that the board at least thought about it annually. It would not matter if the position was a one-year term or four-year term, the goal was to ensure someone took the responsibility. Board Member McConnehey preferred that the positions be one-year terms. Board Member Green agreed and requested that the language be modified for an annual process/term. Board Member McConnehey asked that the positions also be appointed by resolution.
