Concerns with information reported by the licensee DOPL. Review with the Board before reinstatement would be considered.

- Allowed license to expire and did not contact DOPL until June. They continued practicing after their license had expired.
- Inconsistencies with hours reported
- Reported hours were completed in May 2021

Utah reinstated the license on November 13, 2019. At that time the Board determined they were only willing to accept the following hours obtained in IL.

- TPAN (IL) - 03/05/2018-02/20/2019

1600, including 161 hours of MHT with clients & 35 hours of direct supervision

- Other hours reported were not accepted due to inconsistencies with paperwork or supervisors not signing off on the hours.

Hours reported after reinstatement:

Red Willow Counseling / Paige Zuckerman - 11/13/2019 - 06/07/21

1830 hours, including 1672 MHT with clients & 79 hours of direct supervision.

\* License expired on 05/12/21, hours can not be counted after that date

Janae Summers - 04/22/2013-04/05/20

1044 hours, including 63 MHT with clients & 63 direct supervision.

\* Original ACMHC license was not obtained until 05/27/2014.

\* Hours cannot be considered if not obtained while having active licensure.

\* Better timeline needs to be provided for when these hours were obtained
