Jean will report to the Commissioners on who has contributed to the project. Ruby's Inn is donating rocks. The original bid for the concrete was \$3,500.00, but they decided the hole needed to be deeper for the sign. They will do the labor, put the steel in and finish concrete. The sign will be a Bryce Canyon Country sign. The total cost for sign will be around \$16,000 and it will be a two sided sign. If the County will not cover the cost of the sign, they will still have landscaping in the middle. The project is still 2-3 weeks out. UDOT and The County will work on the liability of the signage.
