1. Ordinance: Rezone at 329-331 South 600 East (Encircle)

The proposed rezone to R-MU would allow for a café eatery within the existing building, which is not currently permitted under the existing RMF-35 zoning designation. This property houses the offices of Encircle Family and Youth Services Center a nonprofit working with LGBTQ+ people and their friends and families. Consideration may be given to rezoning the property to another zoning district with similar characteristics. Petition No.: PLNPCM2021-00268

The applicant owns the adjacent lot north of the alley and would like to incorporate the alleyway with that lot. Petition No.: 400-06-05

4. Ordinance: Administrative Decision Appeals Text Amendment

The Council will accept public comment and consider adopting an ordinance that would amend the zoning ordinance pertaining to appeals of administrative decisions. Administrative decisions are those made by the Planning Commission, Historic Landmark Commission, or the Zoning Administrator in the administration of the zoning ordinance. The amendments primarily clarify what matters can be decided by the City's Appeals Hearing Officer, who can appeal decisions, and when an appeal can stay a decision, modify City Code to align with State law, related case law, and make other clarifications to the appeals chapter of the zoning ordinance, including:

- Clarify that the City Appeals Hearing Officer can only make decisions regarding the interpretation and application of provisions of *Salt Lake City Code*, not provisions regarding the interpretation and application of provisions of the Utah State Code, the Utah Constitution, Utah common law or federal law.
- Modify the list of allowed appellants to the land use applicant, City board or officer, or “an adversely affected party” to comply with new State Code.
- Eliminate automatic stays of decisions. An appellant would have to specifically request and justify a “stay” (a hold on further proceedings on a matter) when appealing an administrative decision.

The proposed amendments affect Chapter 21A.16 of the zoning ordinance. Related provisions of Title 21A-Zoning may be amended as part of this petition. Petition No.: PLNPCM2020-00352

FYI – Project Timeline: (subject to change per Chair direction or Council discussion)

5. Ordinance: Text Amendment Eliminating the Special Exception Process from the Zoning Ordinance

The Council will accept public comment and consider adopting an ordinance that would delete and eliminate the special exception process from the zoning ordinance. A special exception is a minor alteration of a dimensional requirement of the zoning ordinance or addresses accessory uses and structures. The purpose of this proposal is to amend the zoning ordinance related to special exceptions to accomplish the following:

- Simplify the zoning ordinance by updating regulations and eliminating special exceptions;
- Reallocate staff resources away from processing land use applications that favor individual properties and towards updating zoning codes to align with adopted master plans;
- Increase predictability and reduce neighbor conflicts that are created by requests for exceptions to the zoning regulations;

There are more than forty special exceptions authorized in the zoning ordinance. The proposal addresses each special exception and results in each special exception being deleted, permitted, or authorized through a different process in the zoning ordinance. Some special exceptions that will become permitted include changes to standards to add flexibility and reduce impacts. Special exceptions are approved by staff of the Planning Division, the Planning Commission, or Historic Landmark Commission. Related provisions of Title 21A-Zoning and Title 14 may be amended as part of this petition. Petition No.: PLNPCM2020-00606

FYI – Project Timeline: (subject to change per Chair direction or Council discussion)

Generally, projects have a useful life of five or more years and cost \$50,000 or more. The Council approves debt service and overall CIP funding in the annual budget process, while project-specific funding is approved by September 1 of the same year.

The fourth addendum continues service on East-West connecting Routes 2 (200 South), 9 (900 South) and 21 (2100 South). The fifth addendum initiates mobilization on Route 1 (1000 North) which allows UTA to gather the resources needed, such as additional vehicles, to launch the new service. J. CONSENT:

1. Ordinance: Amending City Code Pertaining to Fence, Wall, and Hedge Height Requirements

The Council will set the date of Tuesday, September 7, 2021 at 7 p.m. to accept public comment and consider adopting an ordinance that would amend the zoning ordinance regulations to remove the Special Exception process that allows for over-height fences (Chapter 21A.52.030) and to define instances where a taller fence may be appropriate and approved by right (Chapter 21A.40.120). The proposed amendments would limit fence, wall, and hedge height to four feet (4') in front yards and six feet (6') in the side or rear yards for all zoning districts, except for a few specific instances. Those instances include when a residential district abuts a nonresidential district, manufacturing and extractive industries zoning districts, public facilities and recreation facilities where a greater height is necessary to protect public safety, private game courts, and construction fencing. Additionally, the Planning Commission and the Historic Landmark Commission would have the authority to grant additional fence, wall, or hedge height as part of a land use application. The amendments proposed to Chapter 21A.40 will affect all zoning districts throughout the City. Petition No.: PLNPCM2020-00511

The proposal would rezone the parcels from R-1/5,000 (Single-Family Residential District) and R-1/7,000 (Single-Family Residential District), respectively, to SR-3 (Special Development Pattern Residential District). The applicant would like to rezone the properties for a future Planned Development that would include the preservation of the existing home and add six new single-family attached homes with access coming either from Hoyt Place (private street), or 200 North. However, the request is not tied to a specific development proposal at this time. Consideration may be given to rezoning the property to another zoning district with similar characteristics.
