Mike Morgan

Mayor Heyder called the meeting to order at 7:00 p.m. He welcomed the council and all others present. Stacey Hill led us in the pledge of allegiance and Keith Thompson offered the opening prayer.

John Levenduski made a motion to accept the agenda. Keith Thompson 2nd. All council members present voted yes.

Keith Thompson made a motion to accept the minutes from the previous. John Levenduski 2nd. All council members present voted yes.

Excused Tammie Morgan and Scott O'Hare

Deputy Averett

June 2021 Deputy Averett 2 Vin Inspections; Harassment -1 Bullying issue with neighbor children. Deputy responded and handled the issue; Citizen Assist- (3) 1- Abandoned trailer on property/ Questions on riding a go-cart on a public road/ Domestic argument between boyfriend and girlfriend. Welfare Check-1 Welfare checks on an individual's husband with health issues, Deputy responded and made a contact with the individual who was safe. Suspicious-1 Truck was broken down on the side of the road and called in as suspicious. Deputy responded and verified there was no suspicious activity occurring. Child Abuse-1 Report of child abuse by a resident in Snowville. The Incident actually occurred in Brigham and was referred to the Brigham police department. Total calls for service is 9. Rod McGary asked the deputy about the vehicles on the side of the road. The deputy stated that they have 24-48 hours to be towed on the 7th day. UDOT can have the vehicles towed if it is a hazard. There are still a lot of people running the stop sign. Deputy said that there are more officers on duty, and Mayor stated that he hopes this new stoplight will help with the running of the stop sign. Everyone Thank the Deputy for his service and others that help him.

Eric Dustler

Eric was excused. Mayor introduced Marianne Reiner to the council she is going to take over Eric's place with the new stoplight so she will be the new engineer that the town will be working with. Mayor stated that Marianne was out here last Wednesday looking at the project. She handed out maps for the new stoplight to the council. They did GEO study for the project. The pole will be placed on the corner with the grass strip and they are going to stay away from the Frontier lines that are there. The power company will bring the power from the south. There is an open water covert Mayor asked Mike Morgan who was over the east canal water. Mike stated that it was Roy Neal. Mayor stated that he would go talk to Roy because they will need to cover the water covert for the stoplight project. Marianne will email forms for Stacey to email back to the State to order the materials for the sign. There needs to be a speed limit sign by the Flying J stating the speed limit coming into town. Marianne is asking Eric about the water grant for \$27,000.00. They will do a pilot study to clean drinking water on the Westside well. Mayor stated that we have used all of the \$27,000.00, Stacey will ask Tammie about the

grant. So we can loop the water to the Cemetery and back down by OSI's vineyard. Beehive still has no permits for the fiber optic that was supposed to be done in September 2021 Mayor stated that they have put us off until September or October 2021. SCI is done with the corner that was damaged by the water line that they hit.

Garbage

Econo Waste's last day was June 28th. The new vendor started on July 8th they will pick up every Thursday around 9-2. Mayor stated that he has had several calls, and we will work out the bugs, as we go to see how many cans that the residents will need each week. Mayor stated that he delivered cans on the outer city limits because the old vendor came and took all of the cans that had his name on them and some of your cans. Mayor and the Econo Waste guy had a heated arrangement. Mayor told him if he took any cans that had Snowville on them that he was going to call the Sheriff was going to be called. The new price for cans is \$27.00 for the first and \$7.00 for the second and every can after that. John will go out and get all of the numbers off the cans so Stacey has a record of all the numbers in town. Jason can help us order new cans at a discount when we need them. Jason has ordered new cans for the residents in the county. Mayor stated that he and John will go and deliver the cans that are out in the county and give them the new cans that Jason ordered and bring the town's cans back. Rod McGary asked if there were any extra parts for some cans that need new wheels or lids some of the cans are in bad shape. Mayor stated that John was going to make an inventory of all the parts that we need to fix the cans.

Water

Mayor stated that when we had the last power outage that the pump didn't reset, so he reset the pump or the town would have been out of water. The power strip wasn't working properly. Mayor had to start it manually. Mayor stated that he has been checking the pumps every day and night making sure that they are running properly. Mayor stated that there are still people in town that are watering in the middle of the day. Mayor stated that he called the lawyer but he was on vacation. Mayor was going to ask if the town council could find the people that are watering in the middle of the day. People that were watering in the middle of the day would be verally warned then a \$50.00 fine, then a \$100.00 fine, then a \$500.00 fine. The Governor has asked that not to water in the middle of the day. Mayor stated that the most water that is being used is between 9 PM to 10 AM. Mayor stated that there 2 or 3 people watering in the middle of the day. The school is one of them, the school uses a lot of water in the schoolyard. Scott

Page changed the batteries in the park's sprinklers. Mayor stated that people with a sprinkler system need to check the batteries on their system so when the power does go out that it doesn't mess them up and they come at the wrong times. Mayor asked the council if they see someone that is watering in the middle of the day to please turn it off until 6:00 PM. Mayor talked to Golden Spike Electric that is going to put in the new generator for the water pumps. They ordered the wrong generator, the new one should be here in August. Mayor stated that when the power is out that no one should be watering outside he wants to put it out in next month's water bill. Rod McGary asked about the spring that is up by Eliason's. He asked if would be beneficial for the town to bring the water down if there is an emergency for water. Alan Terry said that there isn't enough water for the whole town and that it would be very expensive. Mayor has thought about the water up to Eliason's but we have tanks on the hill that we can use for an emergency if needed. The town can control the use of the tanks on the hill.

Dog Pound Fee

Mayor stated that we made some changes to the dog ordinance. The change is that the town of Snowville gets paid first before the dog is released back to the owner. Brigham made the changes and Mayor Heyder has to sign it also Stacey Hill and then Stacey will send it back to Brigham for the Mayor of Brigham to sign and also the Police Chief.

Elections 2021

Stacey stated that she called Lori Putman in Brigham City and found out what we need to do for Elections this year. Lori told her that the person running has to be a resident of Snowville for one year. any wanting to run for Mayor can come into the town hall on Mondays to declare their candidacy. They will have until August 30th to do this. Also, they need to be registered to vote they can go online and register. Steven Thomas asked if it counts that a person lives in an RV if they are able to run for Mayor. Stacey stated that she would find out. Mayor stated that it comes down to our ordinances.

4th of July

Mayor stated that a lot of comments on the 4th of July it was great, the food was yummy, fireworks were great, kids games were good had some complaints about the teenager's games. they liked the big toy blow-ups. Mayor told them that it was Covid and we had to be careful with that. Mayor stated that he told them that they might be back next year. Mayor stated that

we had a ballgame what more did you what us to do? Mayor stated that we were down on attendance. Mayor stated that he expected that this year. Keith Thompson was told by Rod Arbon Thank You and double thumbs up to all that help put the 4th of July this year. Scott O'Hare told Mayor that next year he was going to get a committee to be over the 4th of July. If we don't get volunteers to do it we will don't have it. Mayor wished what we would have had more people participate in the parade. Mayor stated that he thought it went really well.

Old and New Business

Mayor stated that he sent out an email to all the council about 911's 20 years of service. The email said that the council was supposed to look for service projects in their town. If we need any help with painting tables or anything in the town that was a service project. Mayor stated that the only thing that came to his mind was the bulletin board up to the Cemetery. Mayor asked Rod McGary to email, Greg Iverson, back and tell him that we are looking for some help to redo the bulletin board, the town will buy the materials. Mayor stated that he wants to redo everything on the bulletin board. Mayor hopes that on Saturday afternoon we can redo the whole board with the help of anyone in the community. Mayor stated that he would like to get the neighborhood watch back up and running. Mayor stated that he received a call about insurance and fire training and he was going to call Mayor back in September to set it up. Mayor stated that we had a badger in the park, Mayor had a gentlemen call him and Mayor give him permission to kill it. Someone in a town called the sheriff's department stating that someone was shooting in city limits. Mayor stated that he didn't want a badger over to the park, little kids play over there and he didn't want them to get bite by the badger. we had two sheriff deputies came out because someone heard shots in town. Mayor told the deputies that Mayor gave permission for this person to shoot the badger. Mayor stated he was just letting the council know that there was a badger in town and that it was taken care of. Mayor asked the council if everyone agreed with him about removing the badger. Everyone agreed they didn't want anyone hurt. Mayor stated that we need to send a Thank You note to Wilcock Farms and Jeremy Wilcock for their donation to the fireworks this year. Mayor stated that he thinks they donated \$1000.00 each. Stacey said that she would have them ready for the next council. Rod McGary would like to have a bookmobile drop-off box for the bookmobile at the town hall. There would be a drop-off outside under the light, and books inside that people can check out on Mondays when Stacey was there at the office. Rod stated that the box will be smaller than a mailbox at the post office. Mayor asked if Mike Morgan has anything, Mike stated that he had

a question if there had been a check sent for the ambulance. Mike stated that it would be coming in the mail. Keith Thompson asked about the fiber optics that was supposed to be in town during the summer. Mayor said that Marianne Reiner said that it would probably be in here in September. Waiting on permits to go under the creek. Mayor stated that he tried to call the lawyer but he was on vacation. The ordinances should be back from the lawyer in September.

Acceptance of the Expenses Keith Thompson made a motion to accept the expenses with the exceptions of Scott Pages wages John Levenduski 2nd. All council members voted yes.

John Levenduski made a motion to Adjourn. Rod McGary 2nd All council members voted yes.
