2021 2ND QUARTER REPORT

2021 2ND QUARTER HIGHLIGHTS

Internal TNR clinic was set up at the Murray shelter location. This clinic provides treatment, spay/neuter surgeries, and care for impounded feral cats.

With kitten season in full swing. Our Outreach department started doing pop-up kitten adoption events. Thanks to strategic marketing and vast amounts of adorable kittens these events have been highly successful.

Thanks to microchips we've been able to redeem over 1000 animals back to their homes. Several animals we received had been lost for an extended period, some were lost for years! Luckily the microchips traced back to the owners and we were able to facilitate joyful reunions.

SHELTER/CLINIC OPERATIONS

- Shelter Operation is still maintaining a cautionary approach to Covid.
- Due to the increase in cases and with the Delta variant the Shelter is closed to through traffic at this point, but we are hopeful to reopen as more members of the community receive vaccinations.
- Services are still provided by appointment to limit exposure to staff and the public.

FIELD OPERATIONS

Animal Services field operations is fully operational with the addition of cautionary measures to limit Covid exposure to staff and the public. As the temperatures rose so did the requests for service.

- All requests for service are handled in a timely manner according to priority.
- When possible and appropriate no contact response is encouraged.

FIELD STATISTICS

4-1-21 TO 6-30-21

NACO AWARD

Salt Lake County Animal Services, Pet Crew Pantry, has been recognized with a Human Services Achievement Award from The National Association of Counties (NACo). The awards honor innovative, effective county government programs that strengthen services for residents.

The Pet Crew Pantry provides free pet food and supplies to individuals who reside in Salt Lake County that find themselves in need. This program is fully funded by donations and grants Pet Crew Pantry events are held monthly at Salt Lake County Animal Services and are advertised on many platforms.

Since the beginning of the pandemic, SLCoAS continues to receive calls from Salt Lake County residents informing the agency of the challenges they face caring and feeding their animals. Many calls are requests to surrender their animals. The obvious need to help people and their pets remains, which is why the program was created. Animal Services' goal continues to be to ease the burden many pet owners are facing by providing needed pet care supplies. With this added assistance Animal Services is seeing healthier animals and fewer surrenders. The Pet Crew Pantry has a positive fiscal and emotional impact on the community and their pets.

HUCK'S AGILITY RUN

One of our newly renovated outdoor runs has been transformed into Huck's Agility Run! Featuring artificial turf, shade spots, and new agility equipment. This great tool is already being well used, working the brains and bodies of our shelter pets.

Huck's run was made possible by our generous donors who donated around $29,000.

Special thanks to everyone who helped make this possible including the George Q Morris foundation and Ms. Robin M. Woods for the turf and everyone who donated for the equipment.

FREE FELINE FIX

Our very popular Free Feline Fix program unfortunately had to be placed on hold due to the Covid pandemic in 2020. Thankfully, the program is back up and running!

- The Free Feline Fix will be bimonthly as we continue to adhere to social distancing protocols.
- Pre-registration is required. Each event provides spay/neuter surgeries for 10 males and 10 females.
- Open to all residents within the jurisdictions we serve.
