Mayor excused Eric and Marianne from the town council tonight. Mayor stated that Eric was out early before the town council to open up bids for the new stoplight. Then there was only one bid that came in for the corner; it was way too high. The bid was from Cache Valley Electric the amount was \$99,000.00. The mayor stated that we would have the engineering cost on top of that and we will not have enough money to cover it because the grant that we have was less. So we turned down the bid that we were offered and Eric will reopen the bid again in January 2022. Mayor will talk to the Mayor's association to see if we can still get the money at the first of the year. Mayor asked for a motion to reject the bid from Cache Valley Electric. Scott O'Hare asked the Mayor how much money that we had received from the Mayor's association. Mayor stated \$70,000.00 but we have to put in \$5,000.00 towards it. Scott O'Hare asked if Marianne was going to take over for Eric, the Mayor stated that she was.

Grant studied well to loop the water to the Cemetery and down past Ocean Star's vineyard. When the study is complete then we can put in for a grant to pay for the costs. Scott O'Hare's question was How in the Hell did our funding get wrapped up into a town down into Southern Utah? Also, he asked who put that together?
