

Logan River Golf Advisory Board Meeting

Thursday, August 19, 2021, 5:00pm

Logan River Golf Course Tournament Room

Present: Dawn Drost, Jeff John, Randy Oldham, Russ Akina, Rick Johnson, Tom Jensen

Absent: Rob Gines, Kaycee Hunt, Carol Denniston, Lee Samsel, Leslee Olsen, Jason Olsen

Approval of Minutes:

There were not enough Board Members present to approve minutes.

Financial Report:

- Dawn presented Board Members with the Financial Report for the month. Month of June did really well. Did over \$40,000 more compared to last year. Jeff believes both Covid and growth in population in the valley has brought higher traffic to the course.

Course Tour Follow-up:

- Russ let board know that our GIS department has acquired a new, bigger drone and would like to reshoot the flyover video for the course. Randy thinks in about a week or two the course would look great to shoot.

Golf Fees Considerations:

- Russ has been discussing with our Finance Department Golf Course fee increases. Last year Tournament room fees were increased. Now looking into Golf Course Fees, as they have not been increased in 2 years.
- There has been an increase in Labor rates, therefore should increase Golf Course fees to balance out. Jeff and Russ will study other Golf courses to see how they have increased before going to Council to propose any increases. Increasing Season passes \$100-200 would only be about 50 cents a round.

Women's Association Report:

- So far have 86 Members. Up 14 from last year. Scheduled an additional tournament in September. Monday will be competing with Northern Utah, about 8-10 Courses will be participating. It is Logan's turn to host. Logan River is currently in first place with about 10 points. Tuesday will be an overall Championship game. You must play both days to participate. Begins at 8am. Season is going well. Club Champion is Sam Prom who is currently employed at the Golf Course Pro Shop. Closing social will be in September. 30% of Birch Creek Ladies' Association are members of Logan River Golf Course.

Men's Association Report:

-Jeff gave a quick Men's report. Men's Club Championship is posted in the lobby. 3 flights play for 1st place for \$150, second place receives \$75. There are 262 paid members for Men's Association. July was the busiest month for Men's Club. There are 82 new members who have never play before. Will host a meeting in the winter to explain a little more to new members.

Golf Superintendent Report:

- Really happy with the rain. Restrooms have run out of water due to well running dry. Hopefully rain fall will help. Randy will look into portables for restroom for the upcoming Women's Tournament. Restrooms in Pro Shop are not affected. Tom asked if they could possibly use pond water to flush and wash hands. It would need to be signed "No Drinking". Randy will check with Public Works department and Bear River Health Department. If portables were brought in, there would need to be sanitizer available as well. Still having trouble getting applicants. Has been down 3 staff members all year long. Has cut down to 3 times a week mowing to twice. Mowing is done every day, just different locations around the course.

Golf Professional Report:

- Thanked Dawn for her work in putting Financial Report together. Credit Card sales alone were 1.3 million dollars. Still unable to order as much Pro Shop merchandise as he would like; bags and grips are impossible to get. Randy has had cups backordered for months. PGA Junior League did really well this year. They received jerseys and played against 4 other leagues.

Next Meeting: Thursday, September 16, 2021

Adjourned: 6:12 PM

Minutes Submitted by: Gloria Chacon
