#### **Agenda Item 4 Wellington Justice Court Review**

Wellington City's Justice Court employee Amy Christian put in her two week notice. Wellington City is researching how the court has been handled and if changes would be best for Wellington City. Glenna Nelson has documentation of the revenue from the Justice Court in the last 8 years. It shows a significant downward trend in money received from traffic tickets, etc. In 2019 Wellington City had to pay over 3 thousand dollars to keep the justice court open. Judge Carpenter was in attendance to explain the process of moving the court system to Carbon County. He stated that Helper City had moved there justice court to the County. Wellington would still receive revenue which would be used to pay for prosecutor etc. The county employees would take all calls and schedule all court dates. Judge Carpenter explain it is to train one person to do Justice Court for a small community. They have to learn every aspect of the job, where in a larger city jobs are divided among several employees. The council will take time to research before making a final decision.

#### **Agenda Item 5 Taylor Johnson, Culinary Leak Adjustment**

Johnson water bill was up \$300.00 in November 2020 to May 2021. After further investigation a water leak was located on her line; the leak has been fixed. Taylor is asking Wellington City to adjust her bill. This is a common procedure provide to customers when they act on a water problem. \$208.00 will be applied to her bill.

#### **Council Reports**

Derk Bradley voiced is concern about changing the Justice Court and felt that Wellington should have a public meeting to discuss the changes. Mayor Noyes said they would put it on the next agenda. Glen Wells talked about the drought. He thanked the community for using their turns and water wisely. Bethany Perea informed the council about Chipper Day. Members of the fire department would go to residence homes that asked for the service and help them clear wood clippings limbs and debris. Perea encouraged residence to call and participate. This project will help reduce fire hazards in yards.
