Agenda Item 3 Wellington Justice Court

A request to Wellington City to enter into an Interlocal agreement with Carbon County, to move all citations and court cases to the Carbon County Justice Court. Councilman Derk Bradley voiced his concern that small communities make most of their revenue having their own court system. Recorder Nelson again said that it depends totally on City practices. Revenue fluctuates. She also stated that the purpose of Justice Court is to not make money. If you are sending your officers out to make money are they are doing the right job. Janeyl Brienholt address City Council she also stated that Justice Court is not in

place to make money for your cities. It is very rare that a small city makes money. To bring in a part time clerk with no prior knowledge they would not be able to process cases in a timely matter. Councilman Wells explain that because of the learning curve to train a court clerk and the changing policies that exist in the job it would be hard for Wellington's new treasurer to take on that responsibility.

Mr.Schilndler needs to take bids for a public defender. Jim Peters over Utah Justice Courts feels it would be the best thing for Wellington City. Wellington City will receive fifty percent of the revenue from citations.
