ONE UTAH MUTUAL ASSISTANCE AGREEMENT

This Mutual Assistance Agreement (“**Agreement**”) is entered into by and between PacifiCorp dba Rocky Mountain Power (“**Rocky Mountain Power**”), the Utah Rural Electric Cooperative Association (“**URECA**”); and entities, as indicated on a signature page to this Agreement, which belong to URECA (“**URECA Members**”), the Utah Associated Municipal Power Systems (“**UAMPS**”); and entities, as indicated on a signature page to this Agreement, which belong to UAMPS (“**UAMPS Members**”), the Utah Municipal Power Agency (“**UMPA**”); and entities, as indicated on a signature page to this Agreement, which belong to UMPA (“**UMPA Members**”). Each of Rocky Mountain Power, URECA and its Members, UAMPS and its Members, and UMPA and its Members are individually referred to as a “**Party**” and together as the “**Parties.**” The Agreement shall be effective as to a Party as of the date that such Party has executed the Agreement, as indicated on that Party’s signature page.

WHEREAS, as an association of its members, URECA represents 8 electric power distribution cooperatives and one generation and transmission cooperatives, who are the URECA Members and who provide electricity to over 70,000 homes, businesses, ranches, and farms across the state of Utah;

WHEREAS, Rocky Mountain Power is a regulated electric utility which provides electric utility services to captive customers within franchised service areas in Utah and is subject to the oversight of regulatory authorities, including the Utah Public Service Commission and the Federal Energy Regulatory Commission (FERC);

WHEREAS, UAMPS is a political subdivision of the State of Utah formed pursuant to the Utah Interlocal Cooperation Act representing 35 publicly-owned Utah electric utilities that provide electricity to consumers within their service territories;

WHEREAS, UMPA is a political subdivision of the State of Utah formed pursuant to the Utah Interlocal Cooperation Act representing six municipal electric utilities and provides electricity to consumers within their service territories;

WHEREAS, in the event of an emergency, a Party may desire mutual aid or assistance from another Party, which may involve the provision of goods, services and/or specialized resources, or the emergency interchange of equipment or goods by one Party to the other; and,

WHEREAS, it is in the mutual interest of the Parties to be prepared to provide for emergency repair and restoration to services, systems and facilities on a reciprocal basis, and the purpose of this Agreement is to provide the procedures under which one Party may request and receive assistance from another Party.

NOW, THEREFORE, in consideration of the premises and mutual agreements set forth herein, the Parties agree as follows:

ARTICLE 1. PROVISION OF EMERGENCY ASSISTANCE

In the event of an emergency impacting the electric services of a Party, such Party (the “**Requesting Party**”) may request another Party (the “**Assisting Party**”) to provide assistance. The request for assistance may be made by phone and shall be followed up in writing or by email. In the

request, the Requesting Party shall set forth, to the extent reasonably practicable, the nature and scope of the assistance which is requested. The Assisting Party shall, in its sole discretion, determine if it shall provide assistance, including the extent and limitations of such assistance. The Assisting Party is not required to provide any assistance to the detriment of the Assisting Party's service; and the Assisting Party reserves the right, even after assistance has been initiated, to recall any and all personnel, material, equipment, supplies, and/or tools, at any time that the Assisting Party determines necessary for its own operations.

ARTICLE 2. SAFETY

The Assisting Party's safety rules shall apply to all work done by the Assisting Party. Unless mutually agreed otherwise, the Requesting Party's switching and tagging rules should be followed to ensure consistent and safe operation. Any questions or concerns arising about any safety rules and/or procedures should be brought to the proper level of management for prompt resolution prior to the work in question being performed.

ARTICLE 3. CHARGES FOR ASSISTANCE

The Requesting Party shall make payment to the Assisting Party for all costs associated with the furnishing of assistance provided by the Assisting Party. Charges by the Assisting Party shall be at the Assisting Party's then current rates at the time of work (and not a prevailing rate or other rate charged by other utilities). Charges for assistance will begin when a request for mobilization of assistance is submitted by the Requesting Party to the Assisting Party; provided, however, costs associated with pre-notification of a potential need for assistance or gathering of information associated with responding to a request for mutual assistance will not be charged to the Requesting Party. The Requesting Party shall be responsible for all reasonable costs and expenses incurred by the Assisting Party in rendering assistance, as normally calculated in rendering emergency assistance in the electric utility industry. Unless otherwise agreed upon, the Requesting Party shall be responsible for providing food and lodging for the personnel of the Assisting Party from the time of their arrival at the designated location to the time of their departure. In the event that the mutual assistance consists only of the interchange of a good, the Requesting Party shall reimburse the Assisting Party the replacement cost of the transferred good.

The Assisting Party shall not charge for benefits provided to employees while working under this Agreement. There will be no charges for fleet equipment (bucket trucks, digger derricks, trucks, etc.) by the Assisting Party unless the equipment is rented and with prior approval from Requesting Party. Actual fuel charges for transportation and equipment are chargeable.

ARTICLE 4. PAYMENT

The Assisting Party will bill the Requesting for mutual assistance rendered under this Agreement using the Assisting Party's normal invoicing procedures. Payments for mutual assistance shall be made by the Requesting Party within 60 days of receipt of an invoice.

ARTICLE 5. ACCOUNTING AND AUDITING

Providing Parties shall maintain such books and records as are necessary to support the

charges for mutual assistance, in sufficient detail as may be necessary to enable the Parties to satisfy applicable regulatory requirements (“**Records**”). All Parties shall (a) maintain the Records in accordance with good record management practices and with at least the same degree of completeness, accuracy, and care as it maintains for its own records and (b) maintain its own accounting records, separate from the other Parties' accounting records. Subject to the provisions of this Agreement, Records supporting mutual assistance billings shall be available for inspection and copying by any qualified representative or agent of a Party, at the expense of the inquiring Party. In addition, FERC or state commission staff or agents may audit the accounting records that form the basis for charges for emergency assistance. All Parties agree to cooperate fully with such audits.

ARTICLE 6. COOPERATION

The Parties will use good faith efforts to cooperate with each other in all matters related to the provision and receipt of mutual assistance. Such good faith cooperation will include using commercially reasonable efforts to obtain all consents, licenses, sublicenses, or approvals necessary to permit each Party to perform its obligations. Each Party shall make available to another Party any information required or reasonably requested by the Party related to the provision of mutual assistance and shall be responsible for timely provision of said information and for the accuracy and completeness of the information; provided, however, that a Party shall not be liable for not providing any information that is subject to a confidentiality obligation or a regulatory obligation not to disclose or be a conduit of information owned by it to a person or regulatory body other than the other Party. The Parties will cooperate with each other in making such information available as needed in the event of any and all internal or external audits, utility regulatory proceedings, legal actions, or dispute resolution. Each Party shall fully cooperate and coordinate with each other's employees and contractors in the performance or provision of mutual assistance. The Parties shall not commit or permit any act that will interfere with the performance or receipt of mutual assistance by any Party's employees or contractors.

The Agreement to render aid is expressly not contingent upon a declaration of a major disaster or emergency by the federal government or upon receiving federal funds.

The Parties agree to prepare and share local operational primary contact information from each Party as attached in Exhibit A to this Agreement to assist in the communication of an emergency and the request for assistance. On an annual basis, the Parties agree to update and circulate the primary contact information.

ARTICLE 7. COMPLIANCE WITH ALL LAWS

Each Party shall be responsible for (a) its compliance with all laws affecting its business, including, but not limited to, laws and governmental regulations governing federal and state affiliate transactions, workers' compensation, health, safety and security; (b) pursuant to the provisions of the applicable mutual aid agreement, any use it may make of the mutual assistance to assist it in complying with such laws and governmental regulations; and (c) compliance with FERC's Standards of Conduct, Market-Based Rate Affiliate Restrictions, and any comparable restrictions imposed by FERC or a State Commission.

ARTICLE 8. TERMINATION FOR CONVENIENCE

Any Party may terminate its participation in this Agreement either with respect to all, or part, of the mutual assistance provided hereunder at any time and from time to time, for any reason or no reason, by giving written notice of termination to the other Party.

ARTICLE 9. SUBCONTRACTORS

To the extent provided herein, the Parties shall be fully responsible for the acts or omissions of any subcontractors of any tier and of all persons employed by such subcontractors and shall maintain complete control over all such subcontractors, it being understood and agreed that anything not contained herein shall not be deemed to create any contractual relation between the subcontractor of any tier and the Parties.

ARTICLE 10. ADDING FUTURE PARTIES

Electric distribution entities operating in Utah may join this Mutual Assistance Agreement by following the procedures in this section without the necessity of amending this Agreement. Future electric parties are admitted upon signing the Agreement and completing the contact information in Exhibit A. Newly admitted parties shall have equal participation with all existing parties.

ARTICLE 10. AUTHORIZATION

URECA hereby represents and warrants that it is authorized on behalf of the URECA Members to enter into this Agreement and that, upon execution, the terms of the Agreement are binding upon the URECA Members.

ARTICLE 11. LIABILITY

- a. Indemnity. The Requesting Party shall defend, indemnify and hold harmless the Assisting Party, its directors, officers, agents, employees, successors and assigns from and against any and all liability, damages, losses, claims, demands actions, causes of action, and costs including reasonable attorneys' fees and expenses, resulting from the death or injury to any person or damage to any property, which results from the furnishing of Assistance by the Assisting Party, unless such death or injury to person, or damage to property, is caused by the gross negligence or willful misconduct of the Assisting Party.

No Party shall be liable to another Party for any incidental, indirect, or consequential damages, including, but not limited to, under-utilization of labor and facilities, loss of revenue or anticipated profits, or claims of customers arising out of supplying electric or natural gas service, resulting from performance or nonperformance of the obligations under this Agreement.

ARTICLE 12. MISCELLANEOUS

- c. Dispute Resolution. If the Requesting Party disputes any charge invoiced by the Assisting Party under this Agreement, the Requesting Party may pay under protest.
