Cell Phone:	801-803-1890

What is your motivation for service on this/these committee(s)?

I want to help the organizations, groups and the residents of Payson have the areas applicable with PARC to be upgraded, enhanced, beautified, or added upon. I have seen the efforts of those people previously on the committee, I applaud them for the excellent choices they have made, I want to be a part of this selection process.

How does your background training and experience lend itself to service on this/these committee(s)?

I have served on Committees for The Christmas Box House, Payson Scottish Festival, and Payson Onion Day's parade. I am a member of the Payson City Band. My personality is cohesive, cooperative, and service oriented. I have an attention to detail and know how to prioritize those details. I am organized and efficient and as a proud citizen of Payson, do what is best for the city and the funds, not just a group or individual. I am bi-lingual in Spanish, adding to our multi-culturally based city.

Please list any relevant areas of expertise, education, or training you possess that will be helpful for service.

I spent 15 years of Event Planning with corporate organizations ranging from 300-3000 attendees, a motorsports marketing 3-year sponsorship, corporate golf tournaments and events and even High School music program annual tours. I know the importance of budgets, while having a top notch function or program.

To whom it may concern,

As a young boy, my childhood was molded from the sports, and other activities of the Payson Recreation Department. When I became a father, I instilled these same activities into the lives of my children and other youth in the community. I love to see the beauty of Payson's parks come to life with the various events and activities. As a member of the Payson City Band, I have seen how funds from the PARC have benefited our group. There are many areas around the city, which have been upgraded, enhanced or beautified as a recipient of the PARC tax, yet there is much more which can be done with continued thought-out approval processes and acceptance. I know the importance of our multi-culturally based city. Many organizations which are very successful and bring value to our city, can be blessed by these funds. As a bi-lingual person, I have the skills and talents to bridge this gap and support in the approval selection process of fund. My communication skills along with my ability to work well with in a team environment of any type, would add to this committee.

I look forward to meeting with you in person regarding the opened position of a committee member for PARC.

Thank you,

Kenton J. Phillips
