To Whom It May Concern,

Due to a shortage in paraprofessional applicants, we would like to amend our TSSA budget and school improvement plan in the following way:

We would like to extend our ½ day kindergarten teacher to a full day contract to help with interventions in the afternoon. This will replace the 3 intervention paraprofessional vacancies that we had planned on paying for with TSSA money.

This change will leave us with an unallocated amount of \$2,785.63. We would like to put that money toward Tier 1 and Tier 2 reading materials to support our reading goals.

Thank you for your consideration.

Sincerely,

Jenny Leavitt
Principal
