Tera Houston
Counselor

Dear Washington County School Board,

Steven Kroff
Counselor

In the 21-22 HMS State Land Trust Plan we originally had set aside \$11,075.86 to fund an At-Risk Paraprofessional. After discussions with WCSD administration they agreed to fund this position out of ESSR money. We would like to use the excess funds in our SLT trust to purchase additional Chromebooks for our school. Please consider and approve this adjustment.

Sincerely,

Chris Homer – Principal
