

## Leaving Good Impressions

Principal Melissa Dietzel

9/15/2021

Hello,

After carefully reviewing the 2021-22 STL budget for Sandstone Elementary, I would like to request an amendment to our original Trust Lands plan and use the remaining funds on school instructional materials.

We have created a reading intervention team focused on the district's adopted program of 95%. We need more instructional materials to help close the learning gaps to boost our students' early literacy performance.

We have met as a Community Council and agree to the amendment.

Thank you for your consideration,

*Melissa Dietzel*
