DETAILED REASON AND EXPLANATION FOR REQUEST:

Mayor & Council: The State of Utah and the various counties within the state of Utah have been working for years to receive payment with the pharmaceutical companies over the opioid epidemic in the United States. We have been asked to participate in the settlement. The settlement will not financially benefit Payson City on its own. We do not provide services directly through the city. It is generally the State of Utah or Utah County who provides these services. However, the opioid problem most definitely affect the city. Our police have to deal with the effects of opioid use every day.

If we participate in this settlement, there is a possibility that the State of Utah will receive more funding than if cities do not support or participate. I would recommend that the city council adopt the resolution and allow mayor or myself to execute any document needed to participate in the settlement.

Please contact me with any questions or concerns.

DUE DATE:

This agenda request and any supporting documentation is due to the city recorder by the Wednesday one week prior to the council meeting. This allows final preparation of the agenda and time for the city attorney to review.
