NOV 29 2021

I am submitting this letter of interest for one of the vacancies on the Rockville Planning Commission. I am currently serving as an alternate on the Planning and Zoning Commission for the town. I have enjoyed getting to know people, learning from the process, and helping our neighbors make their places more beautiful.

I have the qualifications, skills, abilities, and attributes that coincide with serving in the community. With my education and Associates' degree in Mechanical Engineering, Bachelors' in Accounting, and MBA in International Business and Foreign Language, I have been integrally involved in managing projects in the construction industry. I have been able to consistently be involved in keeping projects under budget and on time.

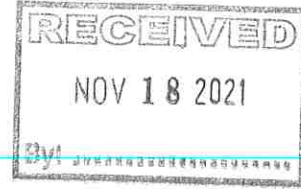

Many of my responsibilities have been related to regulated industries whether it be in the natural gas industry, explosives industry, or banking industry. I've been an integral part of implementing Sarbanes-Oxley, new financial systems, and working with acquisitions and mergers of companies, not to mention the major impact of the downturn in the economy and whether or not laws and regulations were broken or followed and how it affected people individually.

I demand the highest integrity with those I work, to ensure the company and its employees are protected from dishonest procedures and people, and most importantly are safe in their conduct. This protection ensures the soundness of the company and attracts people of high integrity and ensures the communities are comfortable with the projects that bring success to them.

Rockville Town Council
PO Box 630206
Rockville, UT 84763

Dear Mayor Leach and Council Members,

Please accept my letter of interest for the Rockville Planning Commission.

I was very fortunate in 2010 to have the opportunity to move to this community. While we live in a place that offers us magnificent natural beauty every day this community provides its residents with a sense of home. We are small, but as we have shown we are mighty, just like the National Park in our backyard.

In my time living in this community, I have had the great pleasure to meet and know my neighbors through various volunteer activities. While some bemoan the small size of the Town, I find the strength lies in the volunteers that keep this Town going. I am grateful for everyone that has spent time serving this community.

I am concerned with the growing pressures on our Town and feel that we are at a tipping point where our future generations may not be able to live in such a community. I do fully support the General Plan and am well versed in the current Land Use Codes.

Can we remain stagnant in this ever-changing world? I do not believe so, if we do nothing, we will lose control of our Town. I do think we have an opportunity to make well thought out plans considering the goals of the community now and in the future so the next generation of residents can continue to prosper in this community.

I feel my 30+ years in complex contract analysis, applying legal statutes and case law with respect to contract language and an appreciation for the grey areas of our laws and language, can be a useful skill set in navigating through our Land Use Code and the Utah statutes.

Your consideration is appreciated.

Sincerely,

Robin Smith

Re: Rockville Planning Commission

I am writing to express my interest in continuing to serve the Rockville Community in the Planning Commission position I have been fortunate to hold for the last two years.

Though new to Rockville as a family, my wife Sherri has deep roots in the area (a longtime resident of Springdale prior to our marriage, with ancestors buried in Grafton, and family ownership of the Zion Ponderosa). Our home in town is our primary residence and our son Wesley attends Valley Academy Charter School.

I am a builder by trade, having completed multiple ground up residential projects in Colorado. I have also worked in the Facilities Management Division in Design, Planning and Construction Management for Rocky Mountain National Park for 19 years. We have lived in resort communities for many years now and have a deep understanding of the pressures for growth and development in these communities. My Bachelor of Science Degree is in Environmental Studies with a focus on Land Use Planning from the University of Vermont (a state with a predominantly rural agrarian economy, struggling to balance traditional character with growth, similar to Rockville). I attended Colorado State University prior, with a focus in Natural Resources Management and Landscape Architecture. I have the ability to read and generate construction documents and with some brushing up, would be familiar with the International Building Code and the version with which the Town refers to for guidance.

I believe myself to be a candidate with some training and experience that could be of benefit to the town in upholding it's General Plan and Land Use Codes, as well as being able to assist in any reviews and/or revisions the Plan and Codes may require in the future. I am an Eagle Scout and am used to Community Service, having served the Grand Lake Colorado community as a volunteer Firefighter for five years. If you have any questions, please feel free to contact me. Thank you for your consideration.

Sincerely,

Ken Rybkiewicz

Subject: Re: Notice of Planning Commission Openings - Final Notice

Vicki, I wish to continue on as a Planning Commissioner. I have been on the Commission for 2 terms and wish to offer my continued support of keeping our mission and way of life safe from developers and those who may want to remove the agricultural basis of our way of life.

Cheryl McGovern
Vice Chair, Planning Commissioner

Subject: Notice of Planning Commission Openings - Final Notice

If you are interested in serving on the Rockville Planning Commission, this notice is to let you know that there is only nine (9) days remaining for you to submit your letter of interest. The Town Council has called a Special Meeting on January 5, 2022 at 6 pm to interview the candidates and make the appointments. We hope that anyone interested will consider applying.

N O T I C E

There are two three-year term positions on the Rockville Planning Commission held by Ken Rybkiewicz and Cheryl McGovern that will expire December 31, 2021.

If you have an interest in serving on Rockville's Planning Commission, please submit a letter of interest containing a statement of why you would like to serve and relevant experience to the Town Clerk no later than 1:00 pm December 30, 2021. This will enable the Town Council to review the requests prior to their regular meeting on January 12, 2022. A letter of interest may be sent to the Town of Rockville, PO Box 630206, Rockville, UT 84763 or delivered to the office during regular business hours. The letter must include the Name, Physical and Mailing Addresses and Phone Number of the applicant. Rockville Planning Commission members must be residents of the Town of Rockville.
