

City Council 9-14-21

Who manages the Pleasant View City Web site? Why is it not maintained? Why is there two places for a calendar and they do not even list the events of the city such as the council meetings? Public works has a calendar with nothing on it for its future events as well. This leads to speculation that you don't want the public to be involved.

Does the City Council encourage community involvement and community events?

Councilwoman Urry did you have to fill out requests to use the park pavilion for the Food truck giddy up? If not why not? Is it because you are a council woman and treated different than other citizens of the city when it comes to holding events?

If the city is sponsoring this event have any of you read the policy or insurance requirements to hold such events?

Does the city council have any sort of policy or guidance for citizens trying to hold block parties or any type of community events? If not why not?

The Police Chief has no guidance towards community policing and having his officers be involved in Community events. This is a lack of leadership by the Police Chief and the Mayor. I have been to the food truck giddy up several times and I have not seen the police "stop by", why is that? This is called lack of community policing.

Pleasant view police department has no website or social media. The only FB page I could find mainly deals with lost dogs and doesn't discuss any other relevant topics to crime in our city. In dealing with 9000 calls a year I would assume there would be topics of interest to residents of Pleasant View. The Chief reports to you every two weeks and gives an update but does not communicate with the community unless you consider this meeting his communication.

Why aren't the police yearly stats linked to Police information? Why is there no sex offender link? Why are there no photos of our officers on the website? We are proud to have them as our police officers, correct?

Derek Draper
