Jason told him he thought that would work well for the Town. He will find out when the County will start plowing those roads and will let us know.
9. **New Business** – None at this time.
10. **Council Reports -**
 - Roads-Trent Passey- Trent thanked Jason for getting some of the speed limit signs the County had taken down. Trent also reported that the Plows were out early and did a good job cleaning the Town. The Town received about 8 inches of snow last night.
 - Water- Larry Johnson- Larry reported that spring flow had dipped again.

- Community- Shannon Rasmussen- Shannon is going to order T-shirts for the Youth Council. She reported that they had breakfast for the Youth Council last Saturday and it was well-attended.
- Fire/Grants/Budget- Jason Winn- Jason reported that the Fire Department is working on the AFG Grant - Assistance to Fire Firefighters Grant. Jason wanted the Council members to think about whether the Moratorium will be lifted or not. Planning and Zoning had considered extending the moratorium for a few months until there was more information on the spring flow and if enough moisture was being received. They didn't know that a decision to allow building should be made before there was sufficient information on the spring flow. Shannon wondered about wording the moratorium so that it was very specific to show people who wanted to build and were upset about the moratorium would understand what the problem was. The 6-month moratorium will expire on January 12. Jason asked that the moratorium go on the Planning Commission Agenda.

11. Adjourn- Shannon made a motion to adjourn, Trent seconded that motion. All in favor. Meeting adjourns at 8:13 p.m.
