Reason for change: • To simplify definitions. • Remove regulations in definitions. • Add new definitions to better fit the use of the terms
Current: 2.12 - DEFINITIONS Lamp. The component of a luminaire that produces the actual light. Light Trespass. The shining of light produced by a luminaire beyond the boundaries of the property on which it is located. Light, Direct (Direct Light). Light emitted directly from the lamp, off the reflector or reflector diffuser or through the refractor or diffuser lens, of a luminaire. Light, Indirect (Indirect Light). Direct Light that has been reflected or scattered off other surfaces. Lighting, Outdoor (Outdoor Lighting). The nighttime illumination of an outside area or object by any man-made device located outdoors that produces light by any means. Lighting, Outdoor, Temporary (Temporary Outdoor Lighting). The specific illumination of an outside area or object by any man-made device located outdoors that produces light by any means for a period of less than seven (7) days, with at least 180 days passing before being used again. Lights, Fully Shielded (Fully Shielded Lights). Outdoor light fixtures shielded or constructed so that no light rays are emitted by the installed fixture at angles above the horizontal plane as certified by a photometric test report. Lumen. A unit of luminous flux. One-foot (1') candle is one (1) lumen per square foot. Luminaire. A complete lighting unit consisting of a lamp or lamps together with parts designed to distribute the light, to position and protect the lamps, and to connect the lamps to the power supply. Luminaire, Height of (Height of Luminaire). The height of a luminaire shall be the vertical distance from the ground directly below the centerline of the luminaire to the lowest direct light-emitting part of the luminaire. Luminaires, Grandfathered (Grandfathered Luminaires). Luminaires not conforming to this code that were in place at the time this code was voted into effect. When an ordinance "grandfathers" a luminaire, it means that such already-existing outdoor lighting does not need to be changed unless a specified period is specified for adherence to the code.

Proposed:

2.12 - DEFINITIONS

Lighting Definitions as follows: (This section will be added as a whole into the definitions in alphabetical order in definitions under the term “Lighting”.)

~~**Flood or Spot Light.** Any light fixture or lamp that incorporates a reflector or refractor to concentrate the light output into a direct beam in a particular direction. (Remove from “F’s” in definitions)~~

Floodlight. An artificial light so directed or diffused as to give a comparatively uniform illumination over a rather large given area.

Light Source/Lamp. The component of a luminaire that produces the actual light (ex. the bulb).

Light Trespass. The shining of light produced by a luminaire beyond the boundaries of the property on which it is located.

Light, Direct (Direct Light). ~~Light emitted directly from the lamp, off the reflector or reflector diffuser or through the refractor or diffuser lens, of a luminaire.~~

New def: Illumination resulting from light emitted directly from a lamp, luminaire or reflector.

Light, Indirect (Indirect Light). ~~Direct Light that has been reflected or scattered off other surfaces.~~

New Def: **Indirect light** is the light spread that lands outside of the direct scope and lights objects other than those in the direct illumination spread.

Lighting, Outdoor (Outdoor Lighting). The nighttime illumination of an outside area or object by any man-made device located outdoors that produces light by any means.

Lighting, Outdoor, Temporary Outdoor (Temporary Outdoor Lighting). ~~The specific illumination of an outside area or object by any man-made device located outdoors that produces light by any means for a period of less than seven (7) days, with at least 180 days passing before being used again. (This last portion needs to be moved to the ordinance if it is to stay. It is arbitrary regulation and not a specific definition.)~~

New Def: Outdoor lighting of a temporary or non-permanent nature, typically used for construction, special events, or holidays.

Lights Luminaire, Fully Shielded/ Full cutoff (Fully Shielded/**Full Cutoff Luminaire** Lights). Outdoor light fixtures shielded or constructed so that no light rays are emitted by the installed fixture at angles above the horizontal plane ~~as certified by a photometric test report.~~

~~**Lumen.** A unit of luminous flux. One foot (1’) candle is one (1) lumen per square foot. (Don’t need this. It is a technical definition.)~~

Luminaire. A complete lighting unit consisting of a lamp or lamps together with parts designed to distribute the light, to position and protect the lamps, and to connect the lamps to the power supply.

Luminaire, Height of (Height of Luminaire). The height of a luminaire shall be the vertical distance from the ground directly below the centerline of the luminaire to the lowest direct light-emitting part of the luminaire.

~~**Luminaires, Grandfathered** (Grandfathered Luminaires). Luminaires not conforming to this code that were in place at the time this code was voted into effect. When an ordinance "grandfathers" a luminaire, it means that such already existing outdoor lighting does not need to be changed unless a specified period is specified for adherence to the code. (This is not needed. Grandfathered is covered in non-conforming use section.)~~

Recreational Lighting. Lighting used to illuminate sports fields, ball courts, playgrounds or similar outdoor recreational facilities.

Security Lights. Lighting designed to illuminate a property or grounds for the purpose of visual security.

Spotlight. A fixture or lamp that incorporates a reflector or refractor to concentrate the light output into a direct beam in a particular direction.

VIRGIN TOWN

ORDINANCE # 2022-05

AN ORDINANCE AMENDING CHAPTER TWO OF THE VIRGIN UNIFORM LAND USE ORDINANCES ("VULU").

RECITALS

WHEREAS, - Utah Code provides for the adoption and amendment of Town land use ordinances by the Land Use Authority, which in Virgin is the "Town Council with recommendation by the Planning and Zoning Commission" ; and

WHEREAS, the Virgin Land Use Authority finds that the existing Virgin Town Code (VULU) Chapter Two, and the various sub sections found within, require updating to meet the changing needs of the town; and

WHEREAS, the Virgin Land Use Authority finds that, to accommodate the towns desire to provide clarity and continuity within VULU; and

WHEREAS, the Virgin Town Planning and Zoning Commission held properly noticed Public Hearings on these amendments on _____, 2022, and voted to recommend its draft amendment ordinance to the Virgin Town Council at a regular meeting on _____, 2022;

NOW, THEREFORE BE IT ORDAINED by the Land Use Authority of Virgin, Utah that, in order to provide for the health, safety and general welfare of the citizens of Virgin, Utah, the VULU Ordinance is hereby amended to incorporate the following changes:

ORDINANCE

NOW THEREFORE be it ordained by Virgin Town, Washington County, State of Utah, acting by and through the Town Council:

2.12 – DEFINITIONS (Clean copy)

Lighting Definitions as follows:

~~**Flood or Spot Light.** Any light fixture or lamp that incorporates a reflector or refractor to concentrate the light output into a direct beam in a particular direction.~~ (Remove from “F’s” in definitions)

Floodlight. An artificial light so directed or diffused as to give a comparatively uniform illumination over a rather large given area.

Light Source/Lamp. The component of a luminaire that produces the actual light (ex. the bulb).

Light Trespass. The shining of light produced by a luminaire beyond the boundaries of the property on which it is located.

Light, Direct (Direct Light). **Illumination resulting from light emitted directly from a lamp, luminary or reflector.**

Light, Indirect (Indirect Light). **The light spread that lands outside of the direct scope and lights objects other than those in the direct illumination spread.**

Lighting, Outdoor (Outdoor Lighting). The nighttime illumination of an outside area or object by any man-made device located outdoors that produces light by any means.

Lighting, Temporary Outdoor (Temporary Outdoor Lighting). **Outdoor lighting of a temporary or non-permanent nature, typically used for construction, special events, or holidays.**

Luminaire, Fully Shielded/ Full cutoff (Fully Shielded/**Full Cutoff Luminaire**). Outdoor light fixtures shielded or constructed so that no light rays are emitted by the installed fixture at angles above the horizontal plane.

~~**Lumen.** A unit of luminous flux. One foot (1') candle is one (1) lumen per square foot.~~

Luminaire. A complete lighting unit consisting of a lamp or lamps together with parts designed to distribute the light, to position and protect the lamps, and to connect the lamps to the power supply.

Luminaire, Height of (Height of Luminaire). The height of a luminaire shall be the vertical distance from the ground directly below the centerline of the luminaire to the lowest direct light-emitting part of the luminaire.

~~**Luminaires, Grandfathered** (Grandfathered Luminaires). Luminaires not conforming to this code that were in place at the time this code was voted into effect. When an ordinance "grandfathers" a luminaire, it means that such already existing outdoor lighting does not need to be changed unless a specified period is specified for adherence to the code.~~

Recreational Lighting. Lighting used to illuminate sports fields, ball courts, playgrounds or similar outdoor recreational facilities.

Security Lights. Lighting designed to illuminate a property or grounds for the purpose of visual security.

Spotlight. A fixture or lamp that incorporates a reflector or refractor to concentrate the light output into a direct beam in a particular direction.

1. Severability. If any section, clause or portion of this Ordinance is declared invalid by a court of competent jurisdiction, the remainder shall not be affected thereby and shall remain in full force and effect.

2. Conflicts/Repealer. This Ordinance repeals and supersedes the provisions of any prior ordinance in conflict herewith.

3. Effective Date. This Ordinance shall become effective immediately upon adoption by the Virgin Town Council and execution by the Virgin Town Mayor.

ADOPTED AND APPROVED BY THE VIRGIN TOWN COUNCIL ORDINANCE NUMBER _____ will become effective on this _____ day of _____ month, 2022, based upon the following vote:

Council Member:

Gene Garate	AYE___	NAE___
LeRoy Thompson	AYE___	NAE___
Mistie Baird	AYE___	NAE___
Paul Luwe	AYE___	NAE___
Jean Krause, Mayor	AYE___	NAE___
