Dear Dr. Fuja,

As you are aware, on January 25, 2022, the Woodland Hills Board of Appeals met regarding your appeal which was stated as: “The building official's illegal, arbitrary and capricious issuance, or extension of a Temporary Certificate of Occupancy. When the building official has a mandatory duty to revoke or suspend that because of known determined, building code violations, incorrect information supplied in construction documents and known violations of ordinances and regulations of the jurisdiction.” This appeal is in reference to the Temporary Certificate of Occupancy that has been issued for 1115 South Woodland Hills Drive.

The Board of Appeals voted to the conclusion that under 2015 IRC Section R110.4 the Building Official, Corbett Stephens, is authorized to issue or extend the Temporary Certificate of Occupancy for 115 South Woodland Hills Drive.

Regards,

George Reid
Chairman
Woodland Hills Board of Appeals
