RE: Recommendation of Award for Aspen Grove Well

Dear Dr. Minton,

Bids for the above-mentioned project were due to T-O Engineers Heber Office at 1:00 PM on February 4th, 2022. One bid was received at that time.

Lang Equipment, LLC was the only bidder for the Aspen Grove Well Project. Their bid came in at \$762,716.00 which excludes the Optional Plug and Abandon Borehole.

Upon review of the Bid documents received from Lang Equipment, LLC, there were no irregularities in their bid. The Cashier's Check in place of the Bid Bond was for the proper amount of 5% and the receipt of addenda were properly acknowledged.

The bid has been reviewed finding the bid to comply with the conditions set forth in the contract documents. T-O Engineers recommends that Lang Equipment, LLC, be awarded the contract provided North Fork Special Service District concur. Additionally, we recommend that you consult your legal counsel for concurrence. Attached is the bid tabulation for your files.

If you have any questions or concerns, please contact me at rtaylor@to-engineers.com or 435-315-3168.

Sincerely,
T-O Engineers

G. Ryan Taylor, PE
