Re: Log Haven, Millcreek Canyon, Utah

Dear Salt Lake County Planning Department:

Our law firm represents the applicants identified on the enclosed Special Exception applications. As you will see, the applicants are the owners of Log Haven and the surrounding land/structures in Millcreek Canyon. They are requesting Special Exceptions to continue their historic uses of hosting wedding ceremonies, wedding receptions, and other events. These uses have been an integral part of the applicants' business operations for more than twenty-six (26) years and are vital to the financial success of the business. Significantly, to the best of the applicants' knowledge, no complaints have ever been made by neighboring property owners regarding these activities at the Log Haven facilities (likely because Log Haven is surrounded by the National Forest and has no persons as neighbors). The applicants never even considered the possibility that these uses were not permitted under the applicable zoning ordinances. Given the recent zoning issues with the Silver Fork Lodge in Big Cottonwood Canyon, however, zoning compliance for Log Haven's wedding events has become a question for the first time. To put the issue to rest, and ensure the continuation of these important uses, the applicants are proactively seeking protection of these uses via the enclosed Special Exception applications. As you review the enclosed materials, you will see that the Special Exception standards are clearly satisfied, and the applications should be approved without delay or unnecessary conditions. If you have any questions, please do not hesitate to contact me.

Sincerely,

York Howell & Guymon

Paxton R. Guymon

**MEMORANDUM IN SUPPORT OF
APPLICATIONS FOR SPECIAL EXCEPTIONS**

May 6, 2021

A. INTRODUCTION

We are submitting this Memorandum in support of the applications of Log Haven Restaurant Group, L.C. (Log Haven”) and Flying Cloud Enterprises, Inc. (“Flying Cloud”) for two special zoning exceptions pursuant to Section 19.88.140 of the ordinances of Salt Lake County, Utah (sometimes referred to as the “County” or “SLCO”).

Log Haven is the owner and operator of the subject restaurant and reception business, and Flying Cloud is the owner of the land and structures where the business is operated. For the sake of brevity, most places in this Memorandum refer only to Log Haven’s uses, but these references are also intended to include the rights of Flying Cloud and the uses permissible on its property.

The principal owner of Log Haven is Margo S. Provost, and she is also the sole owner of Flying Cloud. The co-owners of Log Haven are Ian D.A. Campbell, Faith E. Scheffler, and David C. Jones.

The owners of Log Haven have believed during their entire ownership that the C-V zone permitted all of their business uses, including weddings and other events. While they could just continue these uses now in violation of the new interpretation of the C-V zone, they are applying for the special exceptions to ensure that their uses are deemed legal for zoning purposes. Log Haven enters into numerous legally binding contracts every month for weddings and other events, and it must know that its uses are legal in order to enter into these contracts.

The C-V and FR-20 zones are located on one parcel. To provide an initial overview of it, we are attaching several maps as exhibits. Exhibit A consists of two maps showing the external boundaries of Flying Cloud’s property and the absence of any proximate neighbors. Exhibit B depicts the C-V zone and identifies the improvements located in it. Exhibit C identifies the open areas and ancillary structures located in the FR-20 zone on the south side of Millcreek Road.

For more than 26 years under Margo Provost’s ownership, Log Haven has continuously used its properties and facilities in the C-V zone for restaurant dining and also for wedding ceremonies, wedding receptions, business entertainment and recruiting, retreats, graduation ceremonies, Christmas and holiday parties, family parties, and other special events and occasions (collectively referred to as “weddings and other events”).

The application for a special exception in the C-V zone is for all purposes of this nature, including, without limitation, those held inside the log structure and those held outside in the patio area, the amphitheater area, and the adjoining areas. They all form part of the C-V application.

The driveway, delivery and parking areas located in front and in back of the restaurant have been used continuously for weddings and other events, and they too form part of the C-V application.

During the past 25 years, Log Haven has also continuously used the FR-20 zone in front of the pond to host wedding ceremonies. It has continuously used the approved ancillary structure located there to provide a dressing room for the wedding parties and a restroom for all of the wedding guests since 1999. These uses form part of the FR-20 application.

In addition, all of the parking areas at Log Haven located in the FR-20 zone have been used continuously during the same period not only for restaurant dining but also for weddings and other events. These parking areas include the striped valet lot, the striped overflow lot, and the unstriped overflow parking area, all of which are located on the south side of the road. All of these parking areas form part of the FR-20 application.

For the purposes of this application, and to fulfill the requirements of Section 19.88.140(A), Log Haven and Flying Cloud have chosen the ten-year application period from 2010-2019, despite the continuous use exceeding that ten-year span both before and after the chosen period. While Log Haven's uses for dining, weddings and other events during the COVID-19 pandemic have not changed, the unusual circumstances of the past year significantly curtailed the typical number of patrons and guests for Log Haven's dining, weddings and other events in 2020. 2021 continues to be a very unusual recovery year since Covid-19 continues to affect all of us.

Despite the number of areas involved, the approval of these applications, without special conditions, should be a simple and straight-forward matter for all of the following reasons.

B. THE APPLICATIONS CLEARLY SATISFY ALL ELEMENTS OF SECTION 19.88.140.

1. 19.88.140(A)(1) - The uses exist on the property at the time of the applications and have been in continuous violation of the zoning ordinances for a period exceeding ten years, according to the new interpretation of the C-V zone.

The existing and continuous weddings and other events hosted in the C-V zone, as well as the wedding ceremonies held in the FR-20 zone, are established by the following evidence.

- The Affidavit of Margo S. Provost, who has been the Managing Member of Log Haven and the President of Flying Cloud for the past 26 years (Exhibit D);
- The Affidavit of Faith E. Scheffler, who has been the Sales and Event Manager at Log Haven for more than 23 years (Exhibit E);
- The Affidavit of Ian D. A. Campbell, who has been the General Manager of Log Haven for more than 24 years (Exhibit F);
- The List of Log Haven Weddings and Events for the ten-year period from 2010-2019 (Exhibit G), which shows approximately **2,477** weddings and other events hosted during the application period;

- The List of Log Haven Weddings and Events currently scheduled for 2021 and 2022 (Exhibit H), which shows 144 weddings and other events already under contract for this year and 19 for next year;
- Two samples of the continuous, year-round advertising on Log Haven's website for weddings and other events (collectively attached as Exhibit I);
- A copy of the separate State of Utah DABC Banquet Liquor Licenses for receptions and events in the C-V zone (collectively attached for 2018 - 2021 in Exhibit J); and
- All of Log Haven's online advertising for weddings and other events, which is incorporated herein by reference and which can be viewed at Log-Haven.com/weddings and at Log-Haven.com/private-parties/private-business-venues.

2. 19.88.140(A)(2) - No complaint has been made to the development services division concerning the violations for a period exceeding ten consecutive years during which the violations existed.

There is no evidence that any complaint was filed with Salt Lake County or the MSD for the ten-year period from 2010-2019 (or any other period during the last 26 years). The lack of any complaints regarding Log Haven's uses of both the C-V zone and the FR-20 zone are established by the following evidence.

- The Affidavits of Margo Provost, Faith Scheffler and Ian Campbell (Exhibits D, E & F); and
- The Affidavit of Edward T. Marshall, who has been the Governmental Affairs Liaison for Log Haven and Flying Cloud since 2013 (Exhibit K).

3. 19.88.140(A)(3) - Continuation of the uses will not have a detrimental effect on the health, safety or welfare of persons or property in the vicinity.

- Log Haven has No "Persons" as Neighbors or Nearby.** Log Haven is entirely surrounded by the Uinta-Wasatch-Cache National Forest ("National Forest"). There are no homes, residences, apartments, lodgings, or nearby campgrounds. Therefore, Log Haven's weddings and other special events have not, will not, and indeed cannot, have any detrimental effect upon human neighbors or "persons" because there are none.
- Log Haven's Uses are Conducted Far from the Property Boundaries.** Flying Cloud owns 40 acres of land, which is a quarter of a quarter section, a square with 1,300 feet (approximately .25 mile) on each side. All of Log Haven's uses are located far from its boundaries.
- Log Haven's Guests Do Not Trespass.** The guests at weddings and other events are dressed for their special events, rarely leave the property during their events, and do not enter onto the neighboring National Forest land. Indeed, they cannot trespass or loiter on National Forest land because, according to 18 U.S. Code § 1863, it is legally open to all members of the public at all times.

d. **Log Haven Has Ample Parking.** Log Haven has 115 striped parking spaces on its own property, and it has additional unstriped spaces for more than 50 additional vehicles. Thus, Log Haven's guests and employees do not need to park on the adjoining National Forest land. In fact, it would be an unnecessarily long walk for them to do so since, given the curves in Millcreek Road, the western boundary of the property along the road is about 840 feet from the entrances to the log building and the meadow, and the eastern boundary is approximately 540 feet from the entrances.

e. **Log Haven has Driveways and Other Areas for Vendor Deliveries.** Log Haven has ample space for all vendor deliveries in both the C-V zone and the FR-20 zone. No delivery vehicles need to park on Millcreek Road, and there are no side roads located nearby from which a delivery vehicle could access the property or facilities.

f. **Affidavits and Maps.** The facts stated in the preceding subsections a, b, c, d & e are substantiated by the following evidence:

- The Affidavits of Margo Provost, Faith Scheffler, Ian Campbell, and Edward Marshall, (respectively attached as Exhibits D, E, F & K); and
- The maps which are attached as Exhibits A, B & C.

4. 19.88.140 (last paragraph) - Approving the applications will not permit the continuation of any violations which existed on the effective dates of the applicable zoning ordinances.

Weddings and other events have been held at the Log Haven site since the 1960's, in what are now the C-V and FR-20 zones. However, we are not submitting any such evidence and are not applying for nonconforming use status because **all of these uses were completely discontinued for more than ten months during 1994**, after the prior owner abandoned the business and the property on New Year's Day.

Margo Provost did not acquire either the land or the business from the prior business owner, which had defaulted on its land contract. She spent the summer and autumn of 1994 extensively rehabilitating the log structure, during which time no business of any nature was conducted. She then started a brand-new business using the historic Log Haven name and opened her new business on November 7, 1994. The facts relating to this discontinuation are presented in more detail in her Affidavit (Exhibit D).

Section 19.88.120 of the SLCO zoning ordinances, attached as Exhibit M, provides: "... If the [nonconforming] use has not applied to the premises for a consecutive period of sixty days during any twelve-month period, the use shall be deemed abandoned." (Emphasis added.)

Although Section 19.88.120 does not apply to the log structure because it did not go unused for one year as required, the quoted portion does apply to the uses. Therefore, given the complete cessation of all uses for more than ten months in 1994 (from January 1st to November 6th), the approval of the applications will not permit the continuation of any pre-existing violations.

C. NO NEED EXISTS TO IMPOSE SPECIAL CONDITIONS UPON LOG HAVEN'S USES.

Log Haven has a long and proven history of weddings and other events. If you add the 2,477 events held during the ten-year application period and the 3,036 events held during the prior eleven-year period (attached at the end as Exhibit Y), the total comes to about 5,513 events over a 21-year period.

All of these events happened without any complaints and without any special zoning conditions! Therefore, no special conditions are necessary now for the protection of the health, safety or welfare of persons or property on adjacent properties or for the public welfare, and we believe it would be arbitrary and capricious to impose them.

D. GIVEN THE EXTREMELY DIFFERENT FACTS AND CIRCUMSTANCES AT LOG HAVEN COMPARED TO SILVER FORK LODGE, ALMOST ALL OF THE SPECIAL CONDITIONS IMPOSED ON SILVER FORK LODGE ARE NOT NECESSARY OR REASONABLE IN THIS CASE. SUCH SPECIAL CONDITIONS ARE NOT NEEDED FOR THE PROTECTION OF ADJACENT PROPERTIES OR THE PUBLIC WELFARE, AND IT WOULD BE ARBITRARY AND CAPRICIOUS TO REQUIRE THEM.

1. For all of the reasons provided in Sections B.2 and B.3 above, Log Haven's uses will not have a detrimental effect on any person or property on the adjacent lands, and no special protections for adjacent properties are necessary.
2. Log Haven's uses actually benefit the public welfare, and no special conditions are needed to protect it. Residents of the Salt Lake Valley and patrons of Log Haven have told its owners and managers that they need and want a place like Log Haven where they, their guests, and their out-of-state visitors can celebrate weddings and hold other events without having to worry about disturbing anyone. In addition, the patrons, guests and visitors highly value Log Haven's location—a location that is surrounded by the natural beauty of the Wasatch Mountains and that has a proven, award-winning track record for hosting weddings and other events.

Log Haven has won numerous local, state and national awards every year for its cuisine, wine, service, beautiful natural setting, and romantic ambience. It is the only restaurant to be inducted into *Salt Lake Magazine's* Hall of Fame as The Most Romantic in Utah, and it was voted by the national readers of *USA Today* in 2017 as One of the Top 10 Romantic Restaurants in the entire United States. It has also been designated numerous times as The Best Wedding Venue in Utah by *The Knot* and by *Wedding Wire*, the two premier online sites for wedding planning. The list of awards and accolades Log Haven has received is on its website and is attached as Exhibit N.

While there are other wedding and event centers with natural settings in or near the Wasatch Mountains, those other locations have nearby neighbors and are subject to significant restrictions on their events. Therefore, the opportunity for the Salt Lake community to host weddings and other events at Log Haven, without disturbing any neighbors or without being detrimental to persons or property, actually serves the public welfare in a very beneficial way; and **imposing unnecessary zoning conditions would actually harm the public welfare.**

Please see the photos attached as Exhibit L. They will visibly confirm that Log Haven's uses benefit the public welfare.

3. **The roadside parking in front of Log Haven has been in use for dining, weddings and other events for almost 60 years; no vehicle accidents have occurred there during the past 26 years under the current ownership.** The roadside parking in front of Log Haven has proven to be safe for decades. Moreover Log Haven has been working with and urging the County and the Municipal Services District (the "MSD") to make it even safer.

This roadside parking in front of Log Haven is critically essential to the ongoing success of Log Haven's business because many guests insist on parking their own vehicles and being as close to the entrance as possible. This proximity is even more important during the continuing pandemic because many people are resistant to valets parking their vehicles.

All of the roadside parking in front of Log Haven and downhill from it are located on Flying Cloud's property. In addition, Millcreek Road, which is a county road and not a state highway, is also located on Flying Cloud's property for approximately 1380 feet due to the curves in the road.

In fact, the Salt Lake County Regional Planning Office, after consulting with other applicable SLCO staff, discovered at the beginning of 2021 that **it does not have a written easement agreement defining its rights over Flying Cloud's property.** Both Flying Cloud and Log Haven have expressed their willingness to cooperate with Salt Lake County in negotiating an easement for Millcreek Road and possibly an expansion of it for the potential FLAP grant.

The National Forest, which owns approximately 91% of the land in Millcreek Canyon, has allowed roadside parking for over 100 years, and it currently has over 100 roadside spaces along Millcreek Road. The Boy Scout camps also have a great deal of roadside parking in front of their property. That parking requires parallel parking, which is more difficult and disruptive to traffic than the slant-in parking located in front of Log Haven. The National Forest and Boy Scout roadside parking can be witnessed just by taking a ride up the Canyon.

The new General Plan for the Wasatch Mountains, which was approved in June of 2020 by this Mountainous Planning Commission, also supports the continuation of roadside parking for the businesses and Boy Scout camps in Millcreek Canyon. Please see the excerpt from the General Plan which is attached as Exhibit O.

For all of the preceding reasons, it would be arbitrary and capricious to impose special conditions on the striped roadside parking in front of Log Haven.

4. **Any new requirement for an "access permit" from Millcreek Road to Flying Cloud's Property is not necessary or appropriate.** As stated above, Millcreek Road is actually on Flying Cloud's property, not on state or county land. Moreover, the entrances and exits on both sides of the road have been in use for over 60 years without any known problems. Therefore, no special condition for an access permit is necessary or appropriate.

5. Any attempt to shift public safety responsibility for Millcreek Road from Salt Lake County and the MSD to Log Haven and Flying Cloud would be inappropriate.

Log Haven and Flying Cloud have cooperated with Salt Lake County in the past to improve vehicle, pedestrian, and bicycle safety. Log Haven and Flying Cloud have proactively urged SLCO and the MSD on multiple occasions to further improve safety. At Log Haven's request, SLCO and the MSD have improved the crosswalk in front of Log Haven as well as the signs, painted message, and striping on the road along the downhill curve above the crosswalk. We are extremely grateful for these measures, and we recently requested further safety improvements for both the uphill and downhill lanes in front of Log Haven.

At Log Haven's requests, the MSD in 2020 also refreshed the road striping in the lower canyon, reduced the speed limits around two curves, and made safety improvements at Church Fork and the first Boy Scout gate. These actions have improved the overall public safety in Millcreek Canyon and actually benefited Millcreek Inn, Log Haven's only competitor in the Canyon.

The preceding efforts are evidenced by samples of the letters from Log Haven and Flying Cloud, attached collectively as Exhibit P. Multiple telephone calls and meetings also preceded or followed those letters. No special condition is necessary or appropriate to require Log Haven to cooperate with SLCO and MSD in enhancing the public safety as Log Haven has proven its desire to facilitate greater safety measures.

6. Since Log Haven has no human neighbors or persons to disturb, it is not necessary or reasonable to impose the SLCO noise ordinance as a special condition of approval.

Log Haven is already subject to SLCO's noise ordinance, as are all other businesses in the County. There is no need to single it out by expressly imposing a special condition. In fact, given its very unusual circumstance of having no neighbors, there is even less reason than for other SLCO businesses.

Although wedding ceremonies in the FR-20 meadow often have amplified music prior to the wedding, the music is traditionally very mellow. There is no dancing at the ceremonies and many older guests do not like or approve of loud, raucous music—especially given the solemnity of the wedding ceremonies.

Wedding receptions and other events are held in the C-V zone, and dancing occurs on the patio. The log building has such amazing, sound-deadening, absorption and damping qualities that loud dance music on the patio cannot even be heard in the interior of the restaurant, and it does not disturb non-event guests who are dining. The sound-barriers formed by the log building and the forest also prevent noise and sound waves from traveling any significant distances.

7. Because the preceding conditions are neither necessary nor appropriate, there is no need to require seasonal or annual compliance reviews. Well-intentioned people in government, especially volunteers on planning commissions, sometimes think that compliance reviews are a very benign condition. However, nothing could be further from the truth.

Compliance reviews are interpreted and implemented in the future by inspectors who often feel that their jobs and promotions depend on consistently finding problems to correct. Although

building inspectors may be different, our experience with other inspectors is that they often require very unnecessary and expensive improvements, and they label even tiny things as critical violations. Inspections are also expensive, and the already costly fees are increasing at a dramatic rate as the state and local governments look for more sources of revenue. Zoning compliance inspections are not necessary at Log Haven, and we will strongly oppose them.

8. **For all of the preceding reasons, it would be arbitrary and capricious to impose almost all of the Silver Fork Lodge conditions upon Log Haven and Flying Cloud.**
9. **The one condition from the Silver Fork Lodge decision that we find reasonable to apply to the circumstances at Log Haven is to limit the number of guests according to the available number of parking spaces.** We realize that adequate parking is a typical requirement of new development approvals, and we would be open to having it applied to the special exception approvals, *provided* that the same reasonable standards used in the Silver Fork Lodge decision are applied to this decision – i.e., all paved parking spaces are counted, four guests are permitted per parking space, and employees are not included. This condition would allow about 460 guests, which exceeds the 400 guests allowed by the Certificate of Occupancy from the Building Office (Exhibit Q).
10. **The Planning Commission is a Land Use and Zoning Authority.** We have a concern that some members of the planning staff or the Planning Commission may want to impose some of the Silver Fork Lodge conditions upon Log Haven, even though they are unnecessary, just to be fair and equitable. However, that would exceed the scope and authority of the Planning Commission, and we respectfully request that you only impose those special conditions that are essential or required by law or regulation.

E. THE NATIONAL FOREST SERVICE, LOG HAVEN'S ONLY NEIGHBOR, HAS FOR DECADES ALLOWED ITS OWN PROPERTY IN MILLCREEK CANYON TO BE USED FOR WEDDINGS AND OTHER EVENTS.

The Forest Service is the landlord of Millcreek Inn, which has been Log Haven's only competitor in Millcreek Canyon for the past 26 years.

Millcreek Inn is located at Church Fork, which is about three-quarters of a mile downhill from Log Haven. It was formerly a restaurant and reception center, but in recent years it has operated only as a reception venue for weddings and other events. Since it has only 12 designated parking spaces, the guests for its weddings and events often park in the National Forest's roadside parking and in the parking lots for the trailheads and picnic grounds. It too has dancing and amplified music.

The Forest Service is the federal government's administrator of the National Forest and its lands. By its leasing activity, **the Forest Service has clearly shown that it believes weddings and other events in the beautiful natural setting of Millcreek Canyon are a benefit to the Salt Lake community's public welfare and do not adversely affect the National Forest or its recreational users.**

Therefore, it is extremely unlikely that the National Forest Service would ever object to any of the current weddings and other events at Log Haven since it approves of the same uses at a site that has more impact on the National Forest.

Moreover, it would be arbitrary and capricious to impose special conditions upon Log Haven's uses for the protection of its neighbor or the public welfare when its neighbor, the manager of the public welfare in the National Forest, is allowing the same uses.

F. THE APPLICATIONS ARE ONLY FOR THE USES OF THE PROPERTY, NOT FOR ANY STRUCTURES. ALL OF THE STRUCTURES ARE EITHER NONCONFORMING OR PREVIOUSLY APPROVED.

1. **The Log Structure.** In 2020, Log Haven celebrated the 100th anniversary of its beautiful log building. It has been situated here long before any county zoning ordinances applied, and therefore it is a nonconforming structure. Furthermore, all rehabilitation and expansion work done in 1994 (which included new foundations, electrical, plumbing and other systems) was done with approvals from the Salt Lake County Planning and Building Department. These facts are evidenced by the attached Affidavit from Margo Provost (Exhibit D).

There should be evidence of the 1994 rehabilitation approvals in SLCO's records; but we were informed in 2017 by Curtis Woodward, the SLCO Zoning Director at the time, that all of the County's records had long since been destroyed and therefore we could not obtain copies of them. As evidence of this, please see the Affidavit of Edward Marshall (Exhibit K) and the email from Curtis Woodward dated October 26, 2017, which is attached as Exhibit R.

2. **The Conservatory.** The Conservatory is a temporary, steel-framed, white tent-like structure, with a white linen interior, that has been erected over the patio area every winter since 2005. It too was approved by the SLCO Planning and Building Department. Evidence of this fact is shown by the plans collectively attached as Exhibit S.
3. **Caretaker Residence Dressing Room and Restroom.** This structure, which is located next to the meadow in the FR-20 zone, was approved by the SLCO Planning and Building Department in 1999 as ancillary to the main use in the C-V zone. This fact is substantiated by the Affidavit of Margo Provost (Exhibit D) and by the Inspection History reports which are collectively attached as Exhibit T.
4. **The Firehouse .** Log Haven has its own fire truck that was used for many years to fight rural fires. It is housed in a metal structure located in the FR-20 zone. This structure was constructed in 2015 and was approved by the SLCO Planning and Building Department as an ancillary land use to the main C-V zone. This fact is substantiated by the approvals collectively attached as Exhibit U.
5. **Fence & Gate along Millcreek Road.** The wood and stone fence along Millcreek Road was built by Jerry Wright, Log Haven's Facilities Manager at the time, in the summer of 1997. It was built prior to the initial passage of FCOZ, and therefore is a nonconforming structure. Please see the Affidavit from Margo Provost (Exhibit D) as evidence of these facts.

G. WEDDINGS AND OTHER EVENTS ARE VERY TRADITIONAL, COMMON AND IMPORTANT ANCILLARY USES OF RESTAURANTS AND THEIR PROPERTIES. IN MANY CASES THEY ARE ESSENTIAL FOR THE FINANCIAL VIABILITY OF THE BUSINESS.

Please see the Declaration of Melva Sine, who has been the Executive Director of the Utah Restaurant Association for the past 26.5 years (attached as Exhibit V). Her long experience in the Salt Lake/Utah restaurant industry validates the preceding statements.

H. SALT LAKE COUNTY'S PLANNING AND BUILDING DEPARTMENT HAS KNOWN ABOUT ALL OF LOG HAVEN'S USES OF THE PROPERTY FOR THE PAST 26 YEARS AND HAS EXPRESSLY OR IMPLIEDLY APPROVED OF THEM ALL ALONG AS LEGAL AND CONFORMING USES.

1. **When the Salt Lake County Planning and Building Department approved the rehabilitation and expansion of the log structure in the C-V zone in 1994, they had actual or constructive knowledge that the C-V zone would be used for weddings and other special events in addition to restaurant dining.**
 - a. **Decades of Prior Use.** Multiple sources show that Log Haven had been hosting weddings and other special events since its inception in the 1960's. By 1975, it was already well-known as a reception and event center; and these uses continued without interruption until New Years Day of 1994. But for the abandonment of the business and the property in 1994, these uses would constitute nonconforming uses under the zoning ordinances. SLCO officials knew or should have known of these uses since they had been ongoing for more than 30 years, and they either expressly or impliedly approved of them.
 - b. **Discussions with Margo Provost.** Ms. Provost managed the design and construction of the log structure's rehabilitation and expansion in 1994. Consequently, she had numerous discussions with the planning and building officials who were overseeing the work. She avers that they knew the log structure and the surrounding areas in the C-V zone would be used for weddings and other events, the same purposes for which they had been used during the preceding 30 years. Please see her Affidavit (Exhibit D) regarding these facts.
2. **When the Salt Lake County Planning Department and Building Department approved the Winter Conservatory in 2004, they knew that it would be used for weddings and other events.** Please look at the building plans for the Conservatory, which are attached as Exhibit S. Page 3 is a full-page lay-out for wedding ceremonies and shows not only the "**Ceremony Area**" but the "**Ceremony Set-Up**" for 125 Guests. Page 4 is a full-page lay-out of the "**Reception/Dinner Set-Up**" for 72 Guests, even showing the "**DJ Table**".
3. **If weddings and other events were approved by Salt Lake County for the Conservatory, which is an ancillary and temporary structure, then SLCO knew or should have known**

about these same uses going on in the **primary and permanent log structure and the C-V zone; and they either expressly or impliedly approved of them**. It would not be credible to suggest that Log Haven would only host weddings in a tent-like structure during the harsh winter months but not do so on the very same patio area during the warmth and beauty of the summer.

4. **The SLCO Zoning Administrator confirmed in 2017 that the C-V zone was intended to allow all of Log Haven's uses in that area.** In conjunction with the updated FCOZ ordinance, Ed Marshall, Log Haven's Government Affairs Liaison, met with Curtis Woodward, the Zoning Administrator, on or about October 27, 2017. The purpose of the meeting was to understand the zoning at Log Haven underlying FCOZ. Mr. Woodward pulled up the zoning map of the property on his computer screen and discussed the C-V zone area.

He informed Mr. Marshall that the boundaries of the C-V zone were not strictly defined but that it was put in place by Salt Lake County prior to Ms. Provost's ownership to separate the business area from the FR-20 area. He said that the C-V zoning was intended to allow all of Log Haven's business uses. He was aware of the wedding and event uses, and he did not limit his explanation of the C-V zone to restaurant dining. Please see the Affidavit of Edward Marshall (Exhibit K) to substantiate these statements.

5. **When Log Haven applied for a separate DABC liquor license for banquets and receptions due to legislative changes in 2018, the Salt Lake County Mayor's Office supported the application and expressly recognized Log Haven's uses on the property and the value of them to Salt Lake County.** Please see the letter from Kimberly Barnett, Associate Deputy Mayor, dated August 23, 2018, which is attached as Exhibit W. Log Haven greatly appreciated this letter then and still does now. Among other things, it stated that:

"Log Haven . . . has become a favorite spot of the Salt Lake business community for hosting conferences, retreats, and corporate events and parties. Log Haven has also become a favorite spot for Salt Lake County residents and visitors to host weddings and special events. It enables people of all ages and abilities to enjoy the beauty of Millcreek Canyon while attending these events." (Emphasis added.)

This letter demonstrates that the SLCO Mayor's Office not only knew of the weddings and other event uses at Log Haven but approved of them and actively supported them. The letter also shows that **the County Mayor's Office recognizes the beneficial contributions of Log Haven's uses to the Salt Lake community's public welfare.**

6. **When the Salt Lake County Planning and Building Department approved the plans for the ancillary structure adjoining the meadow in the FR-20 zone in 1999, they knew that the meadow area would be used for wedding ceremonies and approved of this use.** Please see the Inspection History reports attached as Exhibit T. They repeatedly refer to a **"changing room,"** which was ultimately approved and completed. There would be absolutely no need for a changing room or the adjoining restroom if they were not to be used for brides and bridesmaids to prepare for wedding ceremonies in the meadow of the FR-20 zone. These facts are supported by the Affidavits of Margo Provost, Faith Scheffler and Ian Campbell (Exhibits D, E & F).

7. **All of the wedding ceremonies in the FR-20 meadow area are clearly visible from Millcreek Road.** Anyone who drives past Log Haven can see the wedding ceremonies on the meadow; there has never been an objection or complaint by any person, SLCO staff or official, or MSD personnel. The visibility of the meadow from Millcreek Road can be verified simply by taking a drive past Log Haven and looking to the right.
8. **None of the approvals cited in this Section G or in the prior Section F were "mistakes,"** as staff argued with respect to Silver Fork Lodge's County business license for receptions and other events.
9. **Salt Lake County's new General Plan for the Wasatch Canyons, which was adopted less than a year ago, acknowledges and supports venue and reception services in Millcreek Canyon.** Please see page 80 of the General Plan which is attached as Exhibit X. It shows a large photo of Log Haven to represent the Millcreek Canyon Economy and it then states: "Log Haven and Millcreek Inn offer venue and reception services in beautifully wooded locations. Log Haven is also a fine dining restaurant."

I. LOG HAVEN COULD SATISFY A USE PERIOD OF 21 YEARS IF REQUIRED.

The List of Log Haven Weddings and Events for the 11 years preceding the application period (from 1999-2009) is attached as Exhibit Y. This List shows approximately **3,036** weddings and other events occurring during that period. It also shows that Log Haven's wedding and other event uses have been going on for more than twice as long as required by Section 19.88.140. Moreover, they also occurred without any complaints and without the need for any special zoning conditions.

J. SUPPLEMENTAL MEMORANDUM. We reserve the right to submit a Supplemental Memorandum after we have had a chance to review the staff report and proposed conditions. This Supplemental Memorandum would include our responses as well as our arguments regarding the legal issues relating to the applications.

K. CONCLUSION.

For all of the preceding reasons, we respectfully request that the Mountainous Planning Commission approve both applications for special exceptions without attaching any unnecessary conditions. **Thank You** for your consideration and hopefully for approving our request.

- Y. List of Log Haven Weddings & Events (1999-2010)

EXHIBIT A

Maps of Flying Cloud's Property

Exhibit A consists of two maps. The first is a Salt Lake County contour map, and we are attaching it because it clearly shows the shape of the property, the location of the improvements, and the absence of any adjacent neighbors.

This map is an aerial photo of the property. The County's drawing of the contour lines and the boundaries are superimposed on it. However, as was first pointed out to us by Curtis Woodward, SLCO's former Zoning Administrator, the superimposed drawing is slightly inaccurate with respect to the boundaries.

The boundaries drawn are too far to the North (the top of this map) by 50 to 75 feet. You can see this by looking at the broad white lines along Millcreek Road, which are supposed to show the location of an old right of way for the road that is still depicted on the tax map. Instead of being on the actual road, which shows up in the aerial photo in gray, the white lines are well above it. They would have the road up the hill and running right through the middle of the log building. So the superimposed lines need to be a little farther South to be accurate.

The County map also shows the property boundaries to be 50 to 75 feet too far West (the left of this map). You can see this by looking at the bottom left corner of the map. The bottom of the curve in the white lines is about three-quarters of an inch to the left of the actual bottom of the curve in the road. It needs to be slightly more to the right.

Given the inaccuracies in the County map, we are attaching a second map as part of Exhibit A. This is an aerial map from Google Earth which shows the official government numbers for the section, township and range of Flying Cloud's property. While the improvements do not show up nearly as well on this map, the external boundaries are shown accurately. You can see that they are further South and further East (to the bottom and to the right) than on the County map.

These boundaries have significance for the amount of forest buffer that exists and the amount of level but unstriped parking that is available beyond the paved overflow lot on the right.

11

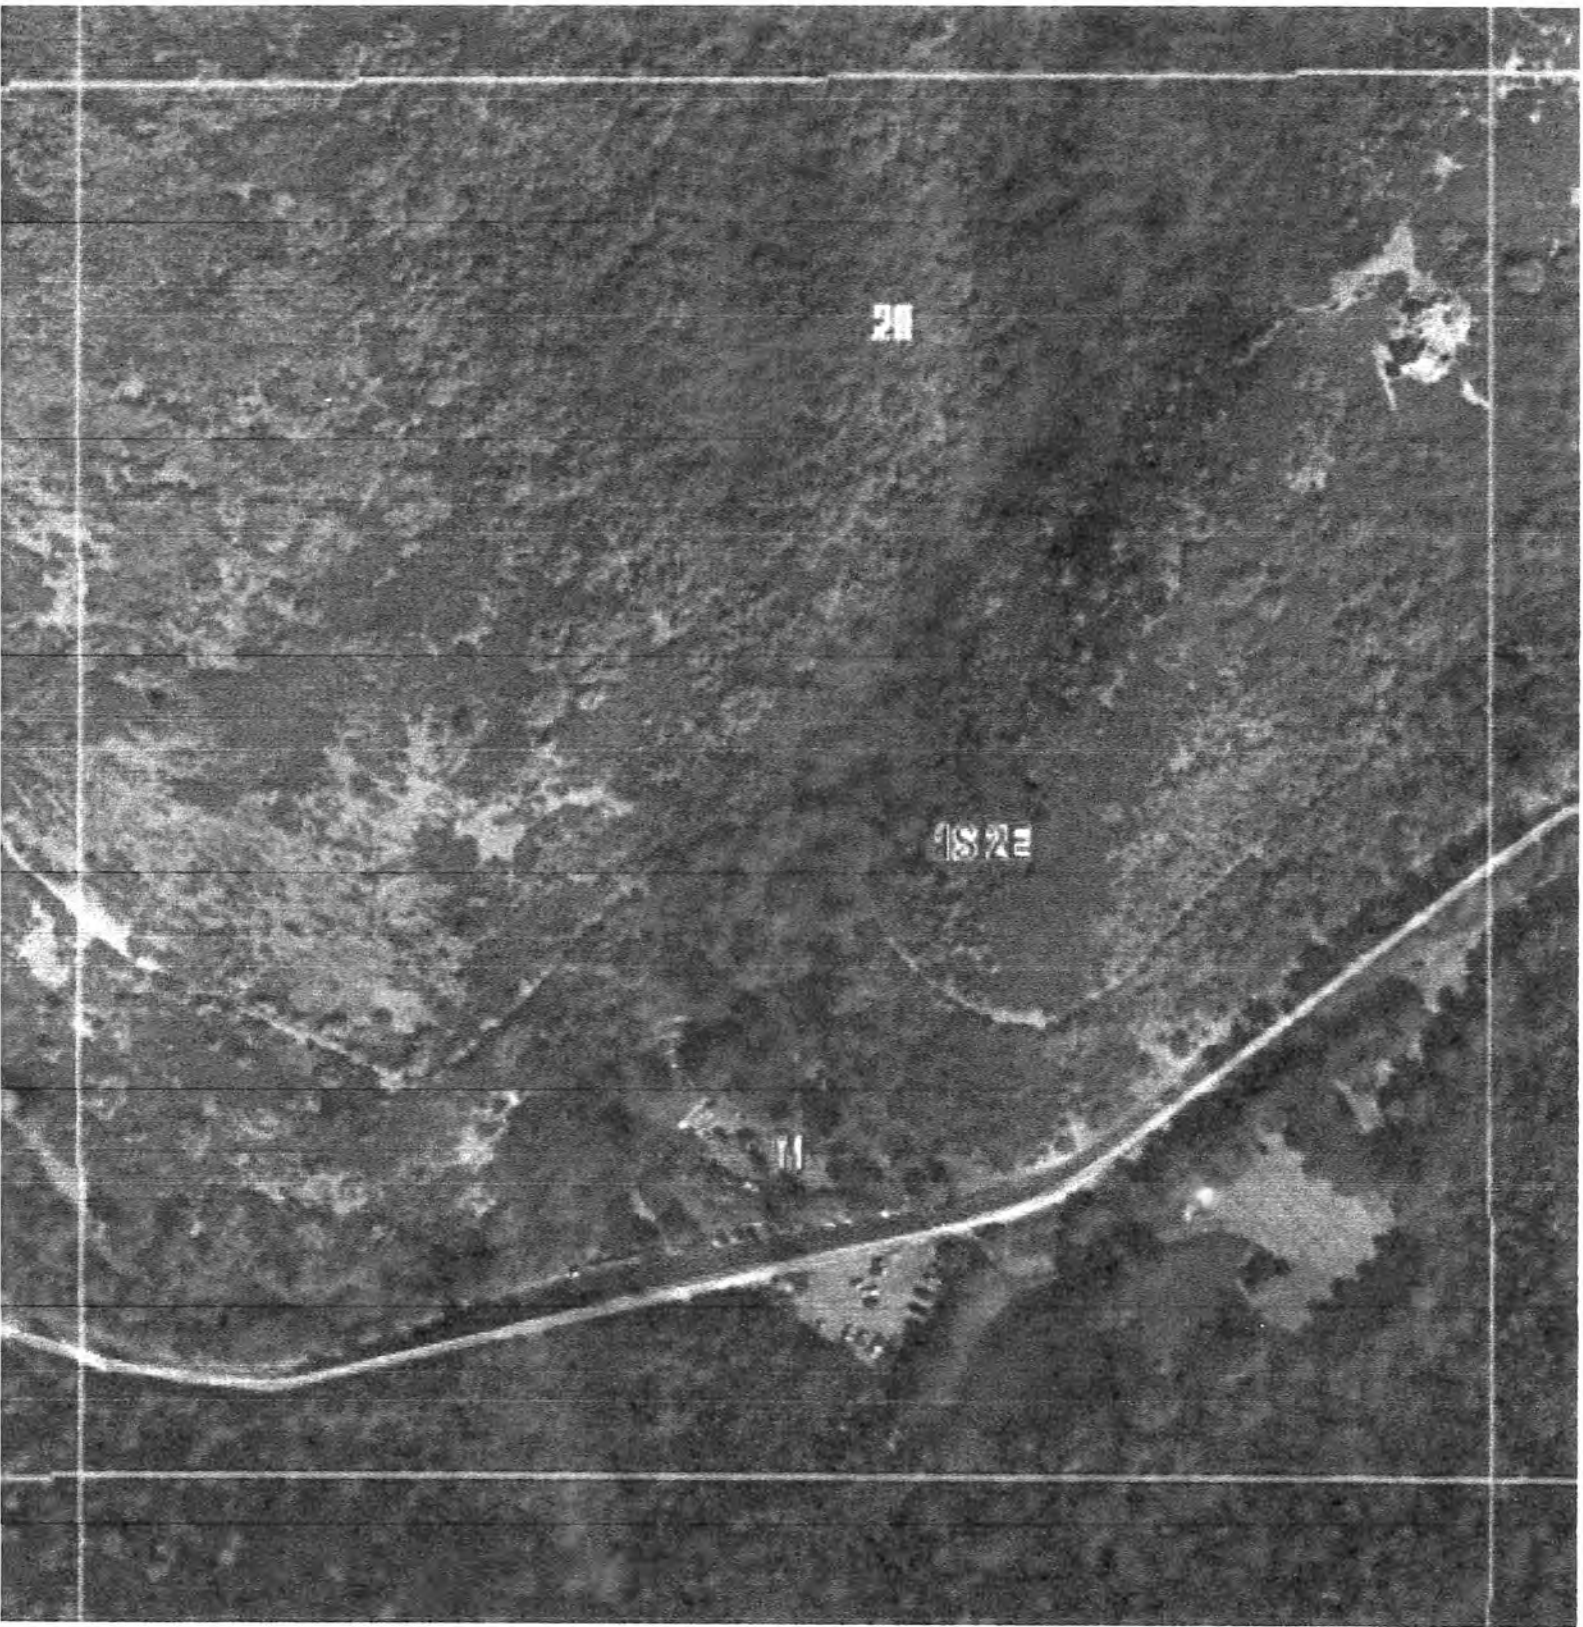

EXHIBIT B

Boundaries of the C-V Zone and Locations of the Improvements

Exhibit B is an aerial map which we were able to obtain in the past from the County Surveyor's Office. It shows the commercial area on the north side of Millcreek Road. We have drawn a box showing our understanding of what the C-V Zone actually is on the North, East & West, along with what we believe it should be on the South.

The log structure is shown in the box by the green roofs in the center and is identified as A. The patio area (where the Conservatory is erected in the winter) is the bright white area between the roofs, with little square tables set up and is marked as B.

The roadside parking along Millcreek Road is clearly visible as C; and the driveway (D) extends from the bottom right corner, continues all the way in front of the log structure, and then finishes behind it where most deliveries are made (E).

The area at the top left (F) is the amphitheater where weddings and outdoor events are held in summer months, and the white zigzag line (G) is the handicapped ramp leading to the patio area and the amphitheater. The area above and to the right of the amphitheater (H) shows the bridal path from which brides make a grand entrance through a vined trellis into the amphitheater.

The bottom left corner shows the area where the large propane tanks are located (I). This area also has unstriped parking that will accommodate about 3-4 vehicles parallel-parked on the left and about 3 vehicles parallel-parked on the right. It is used primarily by the employees.

Salt Lake County's zoning map has shown the C-V zone to be a rectangle, and we were told by Curtis Woodward that the rectangle is not clearly defined and has loosely-drawn boundaries. We believe that a rectangle is the correct shape for the North, East & West boundaries. However, it does not make sense for the South boundary.

If a horizontal bottom line of a rectangle is drawn too low on the southern edge, it would encroach significantly onto Millcreek Road. If it is drawn too high, it would cut off the roadside parking, the entrance and exit of the driveway, and the propane tanks. Neither of these results makes any sense; and cutting off the parking, driveway, and propane of a commercial enterprise would clearly be arbitrary and capricious.

Therefore, we believe that the southern boundary should be a slanted line that traces the white line on the north side of Millcreek Road. This would avoid the preceding problems.

6451 E MILLCREEK CANYON RD

The information depicted on this map is not field verified and is for general reference only.
The information is not intended to be used to determine property ownership, final building and site design, jurisdictional boundaries, or to replace a certified topographical or boundary survey, or any other legal document.

EXHIBIT C

Open Areas and Structures in the FR-20 Zone

Exhibit C once again uses the County map of Exhibit A to show the locations of the open areas and structures in the FR-20 zone on the South side of Millcreek Road.

Please remember that the external boundaries of the FR-20 zone are actually located 50 to 75 feet more toward the South and East (the bottom and the right) of the map.

A is the striped and paved valet lot, which is accessed directly from Millcreek Road.

B is the half-acre pond where the ducks, swans and fish live.

C is the meadow area where the wedding ceremonies are held facing the pond.

D is the caretaker residence with the dressing room and restroom for the wedding ceremonies.

E is the striped and paved overflow parking lot, also used for deliveries by wedding vendors.

F is the driveway which extends from Millcreek Road to the overflow parking area.

G is the unstriped and unpaved overflow lot used sometimes by employees and valets.

H is the "firehouse," which houses Log Haven's fire engine and provides additional storage.

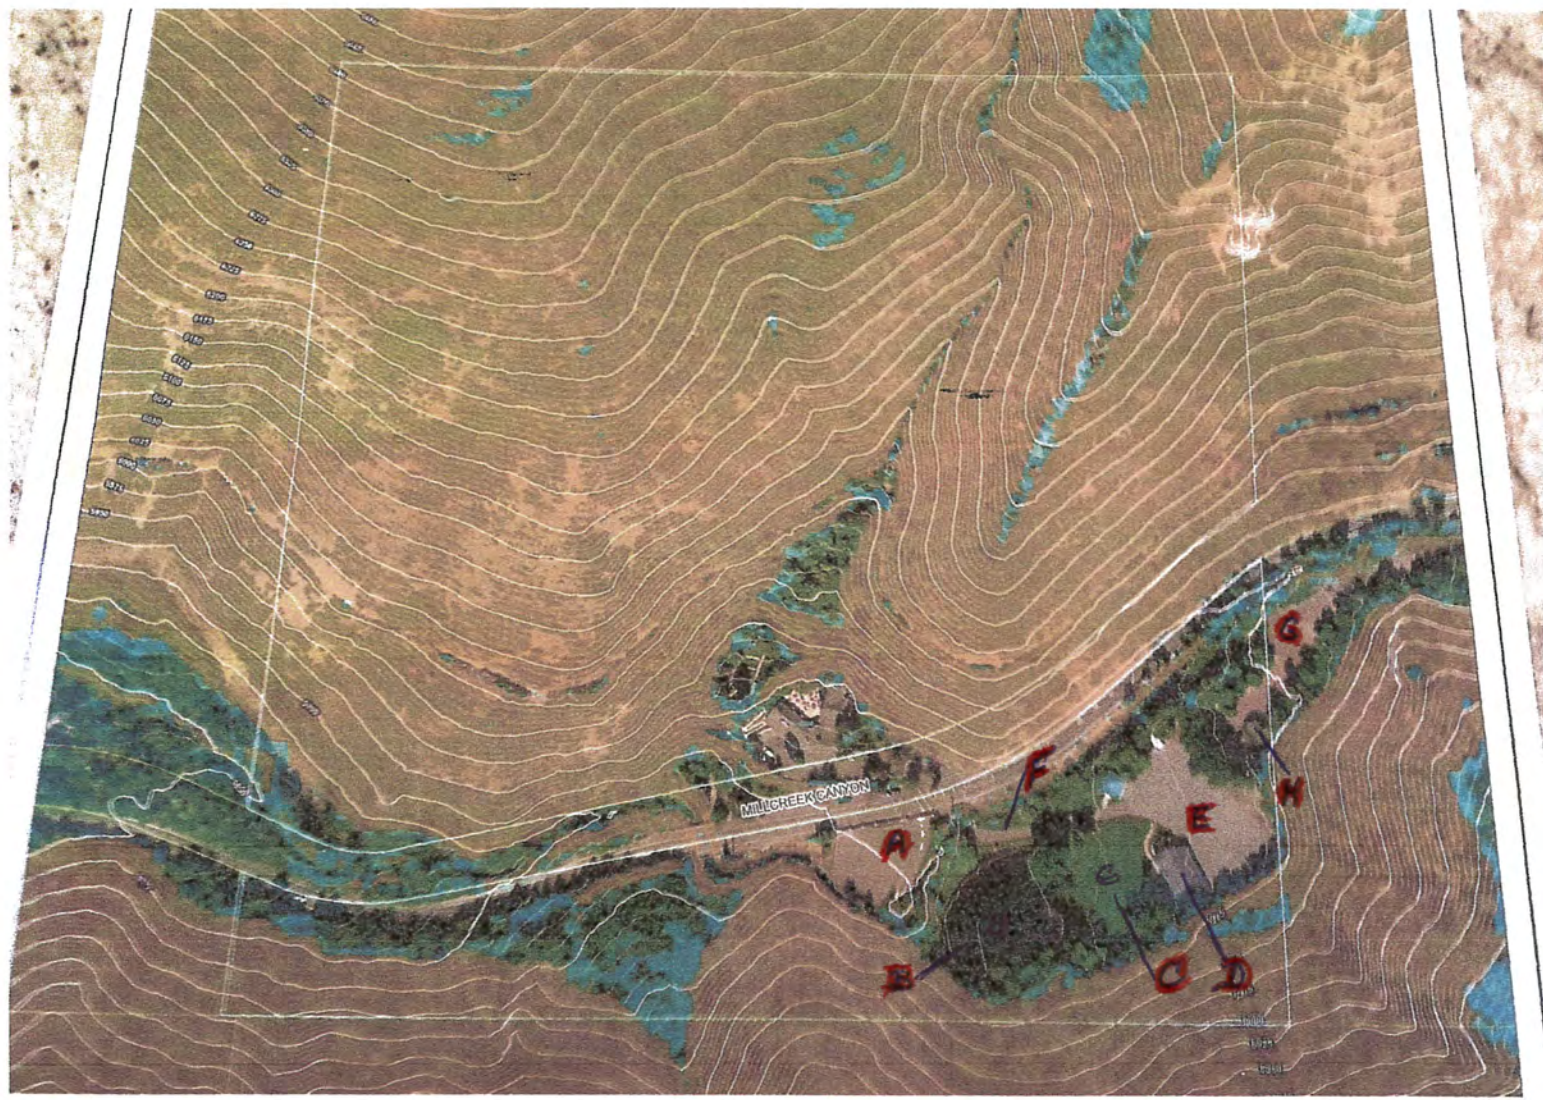

EXHIBIT D

Affidavit of Margo S. Provost

AFFIDAVIT OF MARGO S. PROVOST

Margo S. Provost, being first duly sworn under oath, hereby deposes and states as follows:

1. I am over the age of twenty-one, and I have personal knowledge of the facts stated herein. I am competent to testify to all of the matters set forth below, and I would testify in accordance with this Affidavit if so called.
2. I am the principal owner of Log Haven Restaurant Group, L.C., which is the operator of the restaurant business commonly known as "Log Haven," located in Millcreek Canyon (Salt Lake County, Utah). I am also the sole owner of Flying Cloud Enterprises, Inc. ("Flying Cloud"), which is the owner of the land and structures where Log Haven operates.
3. In 2020, we completed the 26th year of Log Haven's operation under my ownership, and we celebrated the 100th anniversary of the historic log structure on Flying Cloud's land.
4. I have maintained formal Lease Agreements between Log Haven and Flying Cloud during my ownership, and Log Haven has always had the legal right to conduct its uses on Flying Cloud's property in both the C-V zone and the FR-20 zone of the Salt Lake County zoning ordinances.
5. During the past 26 years, Log Haven has continuously used the C-V zoned portion of the property not only for restaurant dining but also for hosting wedding ceremonies, wedding receptions, business entertainment and recruiting, retreats, graduation ceremonies, Christmas and holiday parties, family parties, and other special events (collectively, "weddings and other events.").
6. For the past 25 years, Log Haven has also continuously used the meadow area of the property (which is zoned FR-20) for wedding ceremonies.
7. During my entire ownership of this property and the Log Haven restaurant, we have never received any complaints from neighboring property owners regarding our restaurant uses, the weddings and other events, or any of our business activities.
8. I have believed during my entire ownership that the weddings and other events in the C-V zone at Log Haven were legal and were conforming uses, and that we were benefiting the public welfare and fulfilling the purposes of the C-V zone by hosting such events.
9. I have also believed during my entire ownership that the wedding ceremonies hosted in the meadow of the FR-20 zone were permitted as an ancillary use to the primary C-V use.
10. My managers and I have maintained a continuous list of Log Haven Weddings and Events held since 1999. This list includes events and activities that occurred on the portion of the land zoned C-V and the portion of the land in the FR-20 zone. The uses have occurred during the past ten (10) years (as required for the "Special Exception" we seek) as well as the 11-year period preceding the past ten (10) years.
11. Log Haven's wedding and event business exists now and has been a continuous, full-time, year-round operation for 26 years. We employ a full-time Sales and Event Manager, an Assistant

Sales and Event Manager, and a dedicated wedding and events staff. We book and host weddings and events 364 days/year.

12. In addition, Log Haven continuously maintains very extensive wedding and event advertising on its website. We also advertise in local media and attend local wedding and event trade shows. Our List of Weddings and Events for 2021 attests to our existing and continuing uses. Our facilities have constantly been in high demand by the public for these weddings and other events.
13. During our 26 years of hosting outdoor weddings and other events at Log Haven, we have not received a single complaint (verbal or written) from any neighbors. To the best of our knowledge, the Planning Department of Salt Lake County also has not received any complaints.
14. Log Haven's business activities, wedding and other events have had no detrimental effect on neighbors, and will have none in the future, because there are no human residents nearby. The U.S. government owns all of the adjoining land, which is managed by the U.S. Forest Service; and there are no cabins or even any campgrounds nearby. This is one of the reasons why our venue is well situated to continue to host weddings and other events.
15. Flying Cloud owns 40 acres of land; and Log Haven's weddings and other events are held near the center of the property, far from the National Forest boundaries. The parking is located far from the Forest Service boundaries as well, as are the vendor delivery areas.
16. Our Managers and Assistant Managers all agree that fewer than 1-2% of our restaurant diners use the National Forest on the same occasion as their visits to Log Haven. This percentage is far lower for guests at weddings and other events since they are typically dressed up for such occasions in clothing that is not suitable for hiking in the mountains.
17. Log Haven has 115 striped parking spaces on Flying Cloud's own property; and during my ownership we have continuously used the same roadside parking, valet lot, and overflow lot for restaurant dining, our employees, and weddings and other events.
18. Log Haven also has two additional, unstriped overflow lots that together hold approximately 56 additional vehicles when necessary. Neither our guests nor our employees need to park on the neighboring Forest Service property.
19. Log Haven has driveways and other areas in both the C-V and FR-20 zones for vendor deliveries so that they do not need to park on Millcreek Road (the canyon road), and there are no side roads that they can use.
20. Log Haven has separate liquor licenses for its restaurant use and for weddings and other events. When the State Legislature made this necessary in 2018, the Salt Lake County Mayor's Office supported our application for a separate reception license (i.e., a liquor license for our wedding and reception events) and expressly acknowledged how our weddings and other events are a positive benefit for Salt Lake County residents, visitors and businesses. We remain extremely grateful for this support and acknowledgement.
21. When my husband and I purchased the land and structures for Log Haven in March of 1994, the prior owner had abandoned its business and the property on New Year's Eve and deeded its land contract back to the elderly widows who still had legal title to the property. The 74-year-old log

building was left in a dilapidated and filthy condition, and the meadow area and duck pond were filled with disgusting debris.

22. We purchased the land and structures directly from the widows in 1994, not from the prior business owner. We then formed a brand-new business using the same well-established Log Haven name.
23. After the prior business owner abandoned the site, all business activities and prior uses were discontinued for approximately 10 months. During this time, we completely rehabilitated and expanded the log building and rejuvenated the meadow area before opening our new business at the end of 1994.
24. We were surprised to learn about the zoning issues that recently arose concerning Silver Fork Lodge in Big Cottonwood Canyon. Because that property has the same zoning as our Log Haven property, it occurred to us that even though our wedding events and other uses have continuously occurred for the past 26 years without complaints, our wedding events and other uses may not technically be permitted uses under our property's C-V or FR-20 zoning. For this reason, we are applying for a Special Exception to formally confirm that our uses may continue without giving rise to any zoning violations.
25. The facts and circumstances at Log Haven are dramatically different than those at Silver Fork Lodge, and almost all of the conditions placed on Silver Fork Lodge's special exceptions are not necessary for Log Haven's circumstances.
26. The roadside parking in front of Log Haven is on our own property, as is Millcreek Road. Salt Lake County's Regional Planning Office recently informed us that the County does not even have a written easement for Millcreek Road over Flying Cloud's property and would like to obtain one. Although we understand that Millcreek Road has likely become a dedicated public roadway from historic use, we are certainly willing to grant an easement for Millcreek Road through our land to resolve the County's concerns.
27. The parking in front of Log Haven is critically essential to the continuing success of our business. Even before Covid-19, many people insisted on parking their own cars and doing so as near to the entrance as possible. After Covid-19's impact, numerous people will not want to allow valets to park their vehicles.
28. There have been no vehicle or pedestrian accidents resulting from the roadside parking during our 26 years here. We not only cooperate with Salt Lake County and the MSD but proactively urge them to continue improving the public safety on an ongoing basis for all user groups here at Log Haven and throughout Millcreek Canyon.
29. When my husband and I purchased and rehabilitated the land and structures at Log Haven in 1994, the Salt Lake County Planning Department assured us that the C-V zoning would allow us not only to operate the restaurant but also to host the weddings and other events within the C-V zone. The portion of our land with the C-V zoning designation includes the log building, outdoor patio, amphitheater, surrounding areas, and the roadside parking in front of the log building.

30. At the same time, the Salt Lake County Planning Department assured us that the valet parking lot and the overflow parking lot located in the FR-20 zone were legal from a zoning standpoint because they were located on the same parcel as the primary C-V zone and were ancillary to its uses. This makes sense in light of the fact that the land zoned FR-20 is an integral and necessary part of our business operations of the restaurant and wedding events on the land zoned C-V.
31. Without being assured by Salt Lake County of having the proper zoning for a successful business, we would not have depleted our life savings, taken out a very large loan, and plunged several million dollars into the rehabilitation of the property. Without Salt Lake County's assurance of the proper zoning for its collateral, Zions Bank would not have made the business loan to us. In short, over the last 26 years, we (and our lenders) have relied on the understanding that our restaurant business, wedding receptions and other events were (and should continue to be) compliant with the applicable zoning ordinances of the County.
32. Our extensive rehabilitation work in 1994 was all done with the proper Salt Lake County land use and building approvals/permits. The Salt Lake County Planning Department, Building Department and other government employees and officials knew from our design plans and our discussions with them that we were not only planning to restart a restaurant but also to revive the weddings and other events which were essential to the financial success of the overall enterprise.
33. In the spring of 1999, the Salt Lake County Planning Department acknowledged the ancillary use of the FR-20 zone as acceptable for wedding ceremonies when it approved the storage/caretaker structure that we built on the portion of the land in the FR-20 zone. This structure is not merely ancillary to a restaurant use. It includes a changing room and a restroom directly adjoining the meadow/pond area, and these rooms would have no purpose whatsoever if not used for weddings and other events.
34. In September of 2004, Salt Lake County reaffirmed that the C-V zone allowed weddings and events when it approved the land use/building application for the Log Haven Conservatory. Page 3 of the design plans has a full-page layout that shows the "Ceremony Area" and "Ceremony Set-Up." Page 4 has a layout showing the "Reception/Dinner Set-Up" and "DJ Table."
35. The fence along Millcreek road was constructed in the summer of 1997 by Jerry Wright, Log Haven's Facilities Manager at the time; and it predates FCOZ.
36. Log Haven's cuisine, wine, scenic setting and romantic ambience win numerous local, state and national awards every year. Our national reputation attracts visitors not only from other states but from foreign countries. Local businesses and the University of Utah hold events at our property and bring out-of-state guests to impress them and recruit them to come to Utah. This furthers the visitor purposes of the C-V zone.
37. Weddings at Log Haven also typically include family members and friends from other states. In fact, Log Haven is well-known as a site for "Destination Weddings." One of the primary reasons given for canceling and rescheduling weddings at Log Haven during Covid-19 has been that out-of-state guests could not fly to Utah to attend. These out-of-state visitors typically stay locally for some time or travel in Utah, thereby also fulfilling the C-V zoning purposes.

38. The couples and families who hold weddings at Log Haven frequently comment on how thrilled they are to be able host their very memorable occasion surrounded by the beautiful mountains and forest of Millcreek Canyon as well as the ambience of our historic log home and patio area. The younger people are thrilled to be able to dance to their music without disturbing any neighbors. These opportunities for enjoyment, without disturbing anyone, contribute to the public welfare.
39. Foreign visitors also hold events at Log Haven. Two notable examples are the King of Norway's birthday party here with his entourage, and the Danish speed-skating contingent's recent post-competition celebration.
40. While I understand and sympathize with both sides of the Silver Fork Lodge dispute and the planning staff as well, the staff's recent interpretation of the C-V zone (namely, that weddings and related events are not permitted uses) reverses decades of how the County's previous planners interpreted and applied the C-V zone to Log Haven.
41. The planning staff's new interpretation of the C-V zone is extremely distressing to me because it potentially changes the legal and conforming nature of Log Haven's zoning for weddings and other events. We had been assured that this zoning was proper for 26 years, and the new interpretation now contradicts those assurances. I was relieved to learn that we can apply for, and will hopefully obtain, the Special Exceptions from the County, without special conditions, so that our historic uses may continue without any zoning compliance problems.
42. In addition to my minority co-owners at Log Haven, I currently have approximately 45 full-time and part-time employees to worry about. It is very important to them that our business activities and wedding events continue to be allowed.
43. Like almost all independent restaurants and event centers, the COVID-19 pandemic has made it challenging for Log Haven to survive financially. At the same time that the federal, state and county governments are providing programs to support us, the planning staff's new interpretation of the C-V zone would destroy us if it was used to shut down our weddings and other events.
44. The weddings and other events are critically important to the continuing financial viability of Log Haven and the value of Flying Cloud's property. The restaurant business, on its own, does not bring in sufficient revenues. Not enough casual diners make the trip up Millcreek Canyon on a regular basis, especially in winter. In addition, given our remote location, take-out and delivery business is not viable. Our financial survival depends on continuing weddings and other events.
45. I should add that Log Haven enters into many legally binding reservation agreements and contracts every month for weddings and other events. We need to have zoning clearance through the Special Exceptions in order to enter into these contracts in full compliance with the law.
46. A disapproval of the Special Exceptions or the imposition of unreasonable conditions would put Log Haven out of business. That would cause very substantial damages not only to Log Haven and Flying Cloud but also to its owners, employees, and the many families and businesses who have booked events here.

47. For these reasons, I respectfully urge you to approve our Special Exception applications.

Dated this 5th day of May, 2021.

EXHIBIT E

Affidavit of Faith E. Scheffler

AFFIDAVIT OF FAITH E. SCHEFFLER

Faith E. Scheffler, being first duly sworn under oath, hereby deposes and states as follows:

1. I am over the age of twenty-one, and I have personal knowledge of the facts stated herein. I am competent to testify to all of the matters set forth below, and I would testify in accordance with this Affidavit if so called.
2. I am a co-owner of Log Haven, and I am the Sales and Event Manager. I have been in this position for over 23 years - since November 6, 1997.
3. I am primarily responsible for producing Log Haven's online advertising, conducting tours for prospective clients, booking and planning the weddings and other events, administering the contracts, maintaining good relationships with our clients, managing our banquet employees, and making sure that the weddings and events happen smoothly as planned.
4. I have an Assistant Sales and Events Manager who helps me with the preceding responsibilities. I also have a dedicated banquet staff to lead and serve the weddings and other events.
5. I am also primarily responsible for maintaining the continuous list of Log Haven Weddings and Events held from 1999 to the present. These uses have occurred on the portion of the land zoned C-V and the portion of the land in the FR-20 zone. They have occurred from 2010 to 2019 (as required for the "Special Exception" we seek) as well as during the preceding 11-year period. I can personally vouch for the accuracy of the list.
6. Log Haven's wedding and event business exists now and has been a continuous, full-time, year-round operation during my entire tenure. We book and host weddings and events 364 days/year.
7. I continuously maintain very extensive wedding and event advertising on Log Haven's website. I also place advertising in local media and attend local wedding and event trade shows. Our List of Weddings and Events for 2021 attests to our existing and continuing uses. Our facilities have constantly been in high demand by the general public for these weddings and other events.
8. During my 23 years at Log Haven, it has continuously used the C-V zoned portion of the property not only for restaurant dining but also for hosting wedding ceremonies, wedding receptions, business entertainment and recruiting, Christmas and holiday parties, family parties, and other special events (collectively, "weddings and other events.").
9. Log Haven has also continuously used the meadow area of the property (which is zoned FR-20) for wedding ceremonies.
10. I am passionate about creating fabulous wedding experiences for brides and grooms and their families. I am also dedicated to ensuring that our business and other family events are professionally managed gatherings that fulfill the desires and expectations of the hosts.
11. Log Haven has won many awards for the weddings that we host. It has been named by both The Knot and Wedding Wire, the two premier sites for wedding planning, as The Best Wedding

Venue in Utah. It is the only restaurant wedding venue inducted into Salt Lake City Magazine's Hall of Fame as the Most Romantic Restaurant in Utah, and it was voted nationally by the readers of USA Today as one of the Top 10 Romantic Restaurants in the entire United States.

12. Weddings at Log Haven typically include family members and friends from other states. In fact, Log Haven is well-known as a site for "Destination Weddings." One of the primary reasons given for canceling and rescheduling weddings at Log Haven during Covid-19 has been that out-of-state guests could not fly to Utah to attend. These out-of-state visitors typically stay locally for some time or travel in Utah, thereby also fulfilling the C-V zoning purposes.
13. The couples and families who hold weddings at Log Haven frequently comment on how thrilled they are to be able host their very memorable occasion surrounded by the beautiful mountains and forest of Millcreek Canyon as well as the ambience of our historic log home and patio area. The younger people are thrilled to be able to dance to their music without disturbing any neighbors. These opportunities for enjoyment, without disturbing anyone, contribute to the public welfare.
14. Log Haven's cuisine, wine, scenic setting and romantic ambience also win numerous local, state and national awards every year. Our national reputation attracts visitors not only from other states but from foreign countries. Local businesses and the University of Utah hold events at our property and bring out-of-state guests to impress them and recruit them to come to Utah. This furthers the visitor purposes of the C-V zone.
15. Foreign visitors also hold events at Log Haven. Two notable examples are the King of Norway's birthday party here with his entourage, and the Danish speed-skating contingent's recent post-competition celebration.
16. During my 23 years of managing outdoor weddings and other events at Log Haven, I have not received a single complaint (verbal or written) from any neighbors. To the best of my knowledge, none of our other employees have received any such complaints either.
17. I have believed during my entire employment at Log Haven that the weddings and other events in the C-V zone were legal and conforming uses, and that we were benefiting the public welfare and fulfilling the purposes of the C-V zone by hosting such events.
18. I have also believed during my entire employment that the wedding ceremonies hosted in the meadow of the FR-20 zone were permitted as an ancillary use to the primary C-V use.
19. Log Haven's business activities, wedding and other events have had no detrimental effect on neighbors, and will have none in the future, because there are no human residents nearby. The U.S. government owns all of the adjoining land, which is managed by the U.S. Forest Service; and there are no cabins or even any campgrounds nearby. This is one of the reasons why our venue is so well situated to continue to host weddings and other events.
20. Log Haven's weddings and other events are held near the center of Flying Cloud's property, far from the National Forest boundaries. The parking is located far from the Forest Service boundaries as well, as are the vendor delivery areas.

21. Our Managers and Assistant Managers all agree that fewer than 1-2% of our restaurant diners use the National Forest on the same occasion as their visits to Log Haven. This percentage is far lower for guests at weddings and other events since they are typically dressed up for such occasions in clothing that is not suitable for hiking in the mountains.
22. Log Haven has ample striped parking spaces on Flying Cloud's property for its weddings and other events. During my co-ownership, we have continuously used the same roadside parking, valet lot, and overflow lot for restaurant dining, our employees, and weddings and other events.
23. Log Haven also has two additional, unstriped overflow lots that together provide ample overflow parking for additional vehicles when necessary. Neither our guests nor our employees need to park on the neighboring Forest Service property.
24. Log Haven has driveways and other areas in both the C-V and FR-20 zones for vendor deliveries so that they do not need to park on Millcreek Road (the canyon road), and there are no side roads that they can use.
25. Log Haven has separate liquor licenses for its restaurant use and for weddings and other events.
26. The parking in front of Log Haven is essential for the continuing success of our business. Even before Covid-19, many people insisted on parking their own cars and doing so as near to the entrance as possible. After Covid-19's impact, numerous people will not want to use valets.
27. I do not know of any vehicle or pedestrian accidents resulting from the roadside parking in front of Log Haven during my 23 years here.
28. The caretaker residence in the FR-20 zone is not merely ancillary to a restaurant use. It includes a changing room and a restroom directly adjoining the meadow/pond area, and these rooms would have no purpose whatsoever if not used for wedding ceremonies.
29. Like almost all independent restaurants and wedding/event venues, COVID-19 has made it very challenging for Log Haven to survive. At the same time that the federal, state and county governments are providing programs to support us, the planning staff's new interpretation of the C-V zone would destroy us if it was used to restrict our weddings and other events.
30. The weddings and other events are critically important to the continuing financial viability of Log Haven. The restaurant business, on its own, does not bring in sufficient revenue. Not enough casual diners make the trip up Millcreek Canyon on a regular basis, especially in winter. In addition, given our remote location, take-out and delivery business is not viable. Our financial survival depends on the continuation of weddings and other events.
31. I should add that Log Haven enters into many legally binding reservation agreements and contracts every month for weddings and other events. We need to have zoning clearance through the Special Exceptions in order to enter into these contracts in full compliance with the law.

32. For these reasons, we respectfully urge you to approve our Special Exception applications.

Affidavit of Ian D. A. Campbell

AFFIDAVIT OF IAN D. A. CAMPBELL

Ian D.A. Campbell, being first duly sworn under oath, hereby deposes and states as follows:

1. I am over the age of twenty-one, and I have personal knowledge of the facts stated herein. I am competent to testify to all of the matters set forth below, and I would testify in accordance with this Affidavit if so called.
2. I am a co-owner of Log Haven, and I am the General Manager. I have been in this position for over 24 years – since August 12, 1996.
3. I am responsible for the overall operations of the Log Haven business on a day-to-day basis.
4. As the General Manager, I work closely with Faith Scheffler on a daily basis in coordinating and staffing the weddings and other events that she and her assistant book and plan.
5. To spare the readers of this Affidavit a lengthy redundancy of her Affidavit, as well as the one provided by Margo Provost, I will briefly testify as follows.
6. I hereby affirm and attest that all of the facts and statements in Faith Scheffler's Affidavit are true, correct and accurate.
7. Wherever Faith makes statements using the word "I" (after her introductory statements regarding her responsibilities), I hereby make those statements personally.
8. I also hereby affirm the same facts and statements made in the Affidavit of Margo Provost.
9. Based on all of the facts and statements made in their Affidavits and confirmed by me now, I respectfully urge you to approve the applications of Log Haven and Flying Cloud for Special Exceptions.

Dated this 5th day of May, 2021

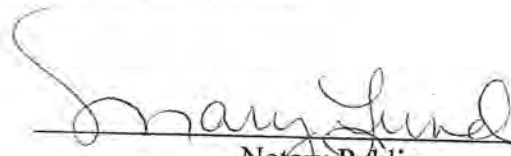

Ian D. A. Campbell

List of Log Haven's Weddings & Events

(2010-2019)

For purposes of reviewing this List, please note the following explanations.

- In the left-hand column (dates and days), "H" refers to Thursday.
- In the "Location" column,

"Wasatch" refers to the main room of the log building.

"Library" refers to the large private room for banquets and meetings.

"Large Rains" (named after the 1920 owner) is the same as the Library.

"Small Rains" is the semi-private area between the bar and Library.

"Library Suite" refers to the Large Rains & small Rains together.

Darkened lines show weddings or events that rescheduled or canceled.

Weddings

Voted Best Wedding Venue

A spectacular mountain venue for your wedding and reception.

Log Haven is synonymous with wildflowers, waterfalls and beautiful weddings and receptions. It began its existence with romance – as an anniversary gift to the wife from the founder of Geneva Steel to his wife.

Log Haven is the idyllic destination wedding location and hosts guests from around the world, with a variety of weekend activities that include skiing, hiking, biking, and golfing. We are located just 30 minutes to 4 ski resorts for world class skiing and outdoor activities.

Log Haven is widely known as the best place to showcase Utah's mountain splendor and celebrate important occasions. From private dining rooms to an open meadow, the views are incredible. Log Haven features 40 acres of private land (including a pristine lake) nestled in the mountains of the Wasatch National Forest, with a nationally acclaimed chef and full service wedding event planning.

Log Haven has been consistently honored with the most national and local awards in the

industry including:

- USA Today - Best Romantic Restaurant - Top 10
 - Best Wedding Venue - The Knot (2013, 2017)
 - Open Table's Diners' Choice Top Romantic Restaurants
 - Open Table's Top 50 Most Romantic Restaurants
 - Best Utah Restaurant
 - Best Salt Lake Restaurant
 - Wine Spectator Award of Excellence
 - Four-Diamond Award
 - Official Best Wedding and Event Venue in Utah
 - DiRoNA (Distinguished Restaurants of North America)
 - Most Romantic Restaurant in Utah - 17 consecutive years - City Weekly
 - Best Canyon Restaurant
 - Best Service
 - Small Business of the Year - Ernst and Young
- Log Haven has been profiled in Gourmet, Delta SKY, Cowboys and Indians, Food & Wine, and Bon Appétit magazines, as well as USA Today! The Zagat Survey lists Log Haven in the top restaurants and calls Log Haven "unsurpassed, spectacular mountain setting...with consistently innovative and delicious American-eclectic cuisine."

Our Wedding Packages:

We recognize how important your wedding day is to you. Besides our wedding venues which provide stunning mountain views, and spectacular gardens, we provide:

WEDDING GALLERY ►

In addition to mountain splendor, we supply the chairs, tables, linens, monogrammed china, stemware and stainless silver for your event. Usage fees begin at \$750 and menu pricing begins at \$29 per person. (All pricing is before tax and service charges.) Our pricing depends on the space reserved, the time of day, day of the week, and time of the year.

The best way to determine what will work for your wedding group is to come in for a free, guided tour and consultation. We offer full-service wedding planning to help handle the time-

consuming, stress-inducing details. Please call [801-272-8255](tel:801-272-8255) [email](#) to schedule a meeting with our Banquet Manager, Faith Scheffler.

Great Food. Great Ambiance. Great Extras.
Successful Meetings begin at Log Haven.

Meeting planners looking for secluded space in an Award Winning mountain setting will find it at Log Haven. We have several options to choose from including private rooms with flat screen audio-visual technology, as well as projector screens.

Choose from Chef Dave Jones' special meeting menus to deliver a singular dining experience to your guests. For information and reservations contact the Banquet line at [801-272-8233](tel:801-272-8233).

Wasatch Room and Foyer

Warm and elegantly rustic, Log Haven's main dining room sparkles beneath log beams and garland trim. Windows surround the room, providing endless views of the Wasatch National Forest. A lovely pass-through sandstone

The Large Rains Room

The Large Rains Room is an enchanting room lined with redwood bookshelves filled with antiques,

The Winter Conservatory

fireplace is shared by the dining area and foyer, which is outfitted with comfortably sophisticated chairs and couches. These rooms accommodate groups of 80 to 150.

The Small Rains Room

Named after the original Log Haven owner, L.F. Rains, this cozy alcove provides a warm welcome for small groups. The atmosphere is festive, with a wood burning fireplace and outstanding views to the cascading waterfall. This room is perfect for small groups of 10 to 24 guests.

artifacts and book collections. Lit by twinkling candles and the natural light of the many windows overlooking the Waterfall Patio, the Suite is ideal for an intimate ceremony. Suited for groups of 25 to 50, the seating capacity can increase when rented with a larger room

Lakeside Garden Meadow

With a graceful gazebo overlooking Log Haven's very own private lake in the forest, the Lakeside Garden meadow is a romantic setting for wedding ceremonies.

The conservatory is an elegant enclosure with sixteen foot-ceiling twinkling lights and views to a cascading waterfall and snowy mountain sides. This popular location accommodates 40 to 80 guests and includes a beautiful two floor for dancing after the meal.

Hillside Amphitheater

The Amphitheater sits on a hillside and affords unsurpassed views of serene Wasatch National Forest. The setting is superb for outdoor event for parties up to 100. The Amphitheater is rented with the parlor or Library Suite.

Waterfall Patio

Log Haven's most popular outdoor dining spot is located at the base of a breathtaking waterfall. With 360 degree views of the Wasatch National Forest, the patio provides a memorable backdrop for a variety of events. The patio is rented with canopies and heaters

Fees for exclusive use of Log Haven's beautiful locations vary depending upon the season, area and time of day. Events are hosted seven days a week with accommodations for both early afternoon (10:30 am - 3:30 pm) and evening private events (5:00 pm - 11:30 pm). We invite you to take a guided tour to select the best location for your special occasion! Please contact us [801.272.8255](tel:801.272.8255)

EXHIBIT K

Affidavit of Edward T. Marshall

AFFIDAVIT OF EDWARD T. MARSHALL

Edward T. Marshall, being first duly sworn under oath, hereby deposes and states as follows:

1. I am over the age of twenty-one, and I have personal knowledge of the facts stated herein. I am competent to testify to all of the matters set forth below, and I would testify in accordance with this Affidavit if so called.
2. I am the spouse of Margo Provost, and I have represented Log Haven Restaurant Group, L. C. ("Log Haven") and Flying Cloud Enterprises, Inc. ("Flying Cloud") since 2013 with respect to their government matters.
3. I have also served on the Stakeholders' Council of the Central Wasatch Commission and on its Millcreek Canyon Committee since they were formed. I was the Chairman of that Committee in 2020, and I am very familiar with the issues relating to this Canyon and the National Forest here.
4. I met with Curtis Woodward, Salt Lake County's Zoning Administrator, on or about October 27, 2017. I requested the meeting to make sure that Margo Provost and I understood the nature of the underlying zoning for Flying Cloud's property and Log Haven's uses.
5. Mr. Woodward pulled up the zoning map of Flying Cloud's property on his computer screen and pointed out a rectangular C-V zone. He explained that its boundaries were not strictly defined, but it was put in place by Salt Lake County prior to Margo Provost's ownership to separate Log Haven's commercial uses from the remainder of the FR-20 property.
6. Mr. Woodward explained that the C-V zone allowed all of Log Haven's uses. He was aware of the weddings and events, and he did not limit his statements about Log Haven's permissible uses to restaurant dining.
7. I had also asked to review all of the Planning and Building Departments' files relating to Log Haven following this meeting. Mr. Woodward allowed me to do so, but he explained that he could find only two thin manilla folders and that all other files had long since been destroyed.
8. Mr. Woodward did not inform me during this meeting that the Planning Department had received any complaints about Log Haven's uses. I also found no complaints in the files that I reviewed.
9. I have resided with Margo Provost in the caretaker residence adjoining the FR-20 meadow for the past 10 years, and I have personally witnessed the wedding ceremonies hosted there as well as many of the weddings and other events held in the C-V zone.
10. During my residency, Log Haven has continuously used the C-V zone not only for restaurant dining but also for hosting wedding ceremonies, wedding receptions, business entertainment and recruiting, retreats, graduations, Christmas and holiday parties, family parties, and other special events (collectively, "weddings and other events.").

11. Log Haven has also continuously used the meadow area in the FR-20 zone for wedding ceremonies during the warmer months, weather permitting.
12. Log Haven's weddings and other events are going on now and have been a continuous, full-time, year-round operation since I have been here. I have personally witnessed Faith Scheffler, the Sales and Event Manager, as well as her Assistant Manager, conducting tours for wedding couples and their families in the FR-20 zone even in the wintertime.
13. Log Haven has had no detrimental effect on neighbors, and will have none in the future, because it has no human neighbors nearby. The U.S. government owns all of the adjoining land, which is managed by the U.S. Forest Service; and there are no cabins or even any campgrounds nearby.
14. I am the person responsible for interacting with the Forest Service, and neither the District Ranger or anyone else has ever made a single complaint to me regarding Log Haven's uses. To the best of my knowledge, the Planning Department has not received any complaints either since neither Mr. Woodward or anyone else knowing that I represented Log Haven has ever informed me of any.
15. Flying Cloud owns 40 acres of land; and Log Haven's weddings and other events are held near the center of the property, far from the National Forest boundaries. The parking is located far from the Forest Service boundaries as well, as are the vendor delivery areas.
16. All of Log Haven's Managers and Assistant Managers have told me personally, in response to my questioning, that fewer than 1-2% of its restaurant diners use the National Forest on the same occasion as Log Haven. This percentage is far lower for guests at weddings and other events since they are typically dressed up for their occasions.
17. I have personally counted and verified that there are 115 striped parking spaces on Flying Cloud's property. I can confirm that Log Haven has used the same roadside parking, valet parking, and overflow lot for restaurant dining, its employees, and weddings and other events.
18. Log Haven also has two additional, unstriped overflow lots that together hold about 56 additional vehicles. I have not ever seen the large overflow lot more than half full, and neither Log Haven's guests nor its employees need to park on the neighboring Forest Service property.
19. Log Haven has driveways and other areas in both the C-V and FR-20 zones for vendor deliveries so that they do not need to park on Millcreek Road, and there are no side roads that they can use.
20. I have read all of the materials and listened to the Planning Commission tapes about the Silver Fork Lodge case. The facts and circumstances at Log Haven are dramatically different, and almost all of the conditions placed on SFL's special exceptions are unnecessary for Log Haven's circumstances.
21. The roadside parking in front of Log Haven is on Flying Cloud's property, as is Millcreek Road. Salt Lake County's Regional Planning Office recently informed Margo Provost and me personally that the County does not even have a written easement for Millcreek Road over Flying Cloud's property and would like to obtain one. We have expressed our willingness to cooperate.
22. I can confirm that the parking in front of Log Haven is critically essential to the continuing success of its business. From speaking with the valets over the years, I know that even before Covid-19

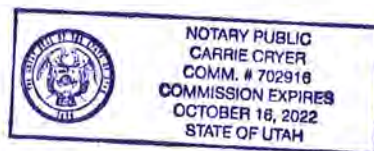

many people insisted on parking their own cars near to the entrance. After Covid's impact, numerous people will not want to allow valets to park their vehicles.

23. There have been no vehicle or pedestrian accidents known to us resulting from the roadside parking in front of Log Haven. I have read the Fehr & Peers study for 2007 to 2012, and I have obtained accident summaries from the UPD for all of Millcreek Canyon for recent years.
24. I am the person in charge of interacting with Salt Lake County and the Municipal Services District regarding public safety. I have written many letters and conducted many telephone calls and meetings to proactively urge them to continue improving the public safety on an ongoing basis for all user groups here at Log Haven and throughout Millcreek Canyon.
25. As Chairman of the CWC Millcreek Canyon Committee, I also devoted a great deal of volunteer time leading our Committee's evaluation of the public safety issues in Millcreek Canyon and writing up our suggestions for improvement. These suggestions went to the CWC, the Forest Service, and the County Parks & Recreation Department, which all responded favorably.
26. The weddings and other events are critically important to the continuing financial viability of Log Haven and the value of Flying Cloud's property. Not enough casual diners make the trip up Millcreek Canyon on a regular basis, especially in winter, to allow its financial success.
27. Log Haven enters into many legally binding contracts every month for weddings and other events, and it needs to have zoning that is clearly legal in order to enter into these contracts in full compliance with the law.
28. I have seen the financial statements of Log Haven, and I know personally that a disapproval of the Special Exceptions or the imposition of unreasonable conditions would put Log Haven out of business. That would cause very substantial damages not only to Log Haven & Flying Cloud but also to its owners, employees, and the many families and businesses who have booked weddings and events here.

Dated this 5th day of May, 2021.

Accolades

In its 20th year of operation, Log Haven has been recognized both locally and nationally as a jewel on the culinary scene. Log Haven's philosophy is to create hand-crafted cuisine from only the freshest local and regional ingredients while incorporating classical and international culinary techniques. It is not our goal to simply create high-style food with an associated high price tag. Instead, we are renowned for creating every dish from scratch and prize ourselves on complex, deep, intense flavors at a reasonable price.

Some of our awards and recognition include:

2019

Awarded 2019 Best of Weddings by the Knot

The Best of Weddings Award, represents the highest- and most-rated wedding professionals as reviewed by real couples, their families and wedding guests on The Knot, a leading wedding planning brand and app. Only 4 percent of wedding professionals on the Knot receive this award. This is the third year Log Haven has been named a winner of The Knot Best of Weddings awards.

Salt Lake Magazine Dining Awards: Hall of Fame Restaurant (restaurants who have received consistent awards for excellence over a period of years) and **Readers' Choice for Best Restaurant Salt Lake City**.

America's Most Romantic Restaurants - Travel & Leisure

2017

Awarded America's Top 100 Most Scenic Restaurants (as featured in Forbes) by Open Table.

Log Haven selected as a Top 100 Most Scenic Restaurants by Open Table

"Take in the best views while you travel this summer. Our 100 Most Scenic Restaurants list for 2017 highlights restaurants that offer breath-taking views of nature, cityscapes and travel-worthy landmarks. The list of honorees is based on an analysis of 10,000,000+ reviews of more than 25,000 restaurants across the country — all submitted by verified diners."

Log Haven Restaurant Awarded Best Reception Venue by *TheKnot*

Log Haven Restaurant is pleased to announce that they are a 2017 winner in The Knot Best of Weddings, an award representing the highest-rated wedding professionals as reviewed by real couples, their families and wedding guests on The Knot, the leading wedding brand and marketplace.

In 2017, only 2% of the 300,000 local wedding professionals listed on TheKnot.com have received this distinguished accolade. In its eleventh year, The Knot continues its longstanding tradition of supporting local wedding vendors with The Knot Best of Weddings 2017, an annual by-couples, for-couples guide to the top wedding professionals across the country. To determine the winners, The Knot assessed over one million reviews across the various vendor categories—venues, musicians, florists, photographers, caterers and more. These winners represent the best of the best for wedding professionals that a bride or groom would want to consider in order to inspire, plan and book their own unique wedding.

This is the second Best of Wedding Award Log Haven has received from TheKnot.

"I would like to thank our clients and guests who shared their wedding experiences on TheKnot. We are very grateful for their love and support. Margo Provost, owner of Log Haven, describes our mission with three words: Nature, Nourishment and Nurture. We will continue to provide a beautiful Natural backdrop in the hillsides of Millcreek Canyon, Nourishment from our Chef Dave Jones, his kitchen team, and General Manager Ian Campbell, and a Nurturing spirit to all of our brides, grooms and their families and friends. You are the heart of Log Haven." Faith Scheffler/Event Manager

America's Most Romantic Restaurants - Travel & Leisure

2018

America's Most Romantic Restaurants/Travel & Leisure

Log Haven was awarded this prestigious honor given to 38 restaurants across the United States and is the only restaurant in Utah to receive this recognition.

"In 1920, steel baron L.F. Rains created this breathtaking log hideaway as an anniversary gift for his wife, shipping logs from Oregon and hauling them four miles up Millcreek Canyon by horse-drawn wagon. Now, that's love. Located in the Wasatch National Forest just 20 minutes from Salt Lake City, Log Haven is now home to a restaurant revered for its healthful, locally focused menu (juniper smoked elk carpaccio, crispy skinned Utah steelhead trout) and enduringly cozy, hidden-valley ambience." log-haven.com —Sarah Storms [Click here for the full article.](#)

USA Today - Top 10 Best Romantic Restaurants for Utah

Log Haven: With its warm, burnished interiors and soothing decor, Log Haven is a perfect place to dine; even moreso if you're celebrating a special occasion. Nestled among pine trees, waterfalls, and beautiful landscaping, the well-regarded restaurant serves New American cuisine like coriander-rubbed ahi tuna, mustard-crust duck, and sage-tinged pastas. Also keep an eye out for bison and veal bolognese sauce over homemade pappardelle, porcini-dusted diver scallops, and pan-roasted rabbit with wild mushrooms and madeira. Log Haven is the recipient of many awards, including the recent Open Table Diner's Choice award. Log Haven has been included in the Salt Lake Dining Awards Hall of Fame and is a AAA Four Diamond award winner. Wine Spectator also gives it its Award of Excellence. Log Haven is also known for being the perfect wedding and event venue, winning numerous awards for this specialty. Live music is offered at the restaurant Thursday through Sunday. Enjoy the delightful experience of this romantic gem of a restaurant in its rustic setting away from the city.

Chef Dave Jones awarded Chef of the Year

Utah Restaurant Association

In recognition of outstanding achievement in the culinary profession.

Margo Provost recognized by Utah Division of Wildlife Resources - Good Citizen Award

Margo was given a plaque acknowledging her commitment to the restoration of Bonneville cutthroat trout in Millcreek Canyon. As part of the restoration work, the stream and lake at Log Haven were allowed to be treated by Margo to remove non-native fish. Native Bonneville cutthroat will be reintroduced in September.

Click [here](#) to read the *Utah Stories* article recognizing Margo Provost for her work.

*City Weekly Best of Utah 2016***16X Best Romantic Restaurant / Reader's Choice**

"The century old Log mansion in Millcreek canyon that's home to Log Haven is known for its rustic beauty and fine dining, and as one of Utah's premier destinations for weddings and other special events. With its impressive indoor and outdoor venues and surrounding foliage, there's always romance in the air here. It feels like another world yet its only minutes away."

Wine Spectator Award of Excellence: Log Haven has been honored in Wine Spectator's newly released 2016 Restaurant Wine List Awards, which highlights the eateries around the globe that offer the best wine selections.

Most Romantic Restaurants - Gastronomic SLC - featuring Log Haven

One of the most romantic restaurants Salt Lake City affords – heck even Utah and the mountain West – is located just four scenic miles up Millcreek canyon. There you will find the spectacular Log Haven restaurant.

The restaurant can trace romance right back to its creation in 1920. Salt Lake steel magnate L.F. Rains created the mountain retreat as an anniversary gift for his wife. Rains' eye popping creation sits amongst flowing waterfalls, wildlife and soaring trees. Margo Provost purchased Log Haven in 1994 and embarked on a refurbishment program that led to today's grand restaurant, popular with wedding parties and romancing couples alike. Log Haven features an expansive main dining room that floods with natural light and mountain vistas before switching to flickering candlelight as the sun sets. In warmer months, dine al fresco on the secluded patio space and take in the wonderful mountain atmosphere.

Chef [Dave Jones' cooking](#) embraces the rustic setting with a dash of Southwestern spice and flair. Keep an eye out for sublime dishes like Achiote Grilled Calamari with salsa verde, Fresno peppers and onions, crisp tortillas, lime aioli or Tea Brined Duroc Pork Tenderloin with hazelnut – apricot quinoa pilaf, roast winter squash, huckleberry gastrique.

Only in Your State - Top 15 Best Romantic Restaurants in Utah

"Dining out is always a treat, but sometimes you want the atmosphere of the restaurant to be really special. Whether you're embarking on a brand new romance, or celebrating your 50th wedding anniversary, these 15 Utah restaurants offer both delicious food and beautiful surroundings. These restaurants aren't ranked – that would be impossible! Instead, they're listed alphabetically."

Log Haven: "These restaurants are listed by ranking, but if they were, Log Haven might win the top award. It's well-known for its romantic setting. 6451 E. Millcreek Canyon Road, Salt Lake City."

Log Haven featured in City Weekly's Dining Guide: My Ideal Meal

A restaurant Critics Fantasy Dinner

By TED SCHEFFLER

"Sometimes I fantasize about food. But, not just any food. My food fantasy revolves around an impossible idea: the notion that I could enjoy my favorite dishes from local restaurants, all in a single meal. Sure, I suppose I could Uber from place to place during the course of an evening, but I like to imagine sitting down in one spot and digging into all of my faves. It would go something like this: I'd choose LOG HAVEN as the setting for my dinner, because of its warm, natural ambiance and surroundings."

Major Tools Talking trade and tools with some top local chefs

By Heather L. King

DAVE JONES, chef/co-owner / Log Haven

"My knives would be my most critical tools," Jones says. "Knives are very personal to most chefs." He's used many over the years but his favorites are from MAC, Miyabi, Misono, Wüsthof, Henckels, Shun and

Global. "I would also say my cookbooks are extremely important to me on a daily basis," he says. "Other critical tools that make life in the kitchen easier would be water stones, immersion blenders, mandolins, cast iron pans, Silpats, tongs, Vitamixers and Robot Coupes."

2015

10 Best Romantic Restaurant in the US

USA Today

"It's often rated the best restaurant in Utah, but what really makes Log Haven special is its unique setting, in a log mansion within the Wasatch National Forest, set at the base of towering cliffs and waterfalls. It's like stepping into a fairy tale, complete with rustic fireplaces and even a water wheel. Aptly named Log Haven was built as weekend retreat by a 1920's steel baron, but has operated as a special occasion eatery for the past twenty years. The mountain setting of the restaurant occupies a whopping 40 acres, with opportunities to dine inside or out, numerous smaller private dining rooms, all serving up a menu heavy on local flair, from forest mushrooms to juniper smoked elk."

City Weekly Best of Utah 2015

15X Best Romantic Restaurant / Reader's Choice

"The nearly century-old log mansion in Millcreek Canyon that is home to Log Haven is known for its beautiful locale and fine dining, and as one of Utah's premier destinations

for weddings and other special events. While the romantic spirit is always in the air at Log Haven, there may be a few ectoplasmic manifestations hovering there as well. Could be that the staff simply needed some sleep, but a gaggle of Log Haven employees swear they have encountered spirits in their midst, albeit ghosts of a friendly sort. Indeed, owner Margo Provost would like to believe that the apparitions with which she shares her restaurant are there to help protect the place she so lovingly restored. So, next time you see a phantom there, blow it a kiss."

Salt Lake Magazine - Top 25 Restaurants / Salt Lake Magazine Dining Awards

"This might be the quintessential Northern Utah restaurant. The antique log cabin radiates mountain hospitality and the beauty and bounty of the Wasatch are apparent on each plate. Chef David Jones is an experienced forager. He, general manager, Ian Campbell, owner Margo Provost and banquet manager Faith Scheffler all have a stake in the place, which means visiting diners are treated like personal guests."

Best Wedding Venue by MyWedding.com.

This award recognizes "talented wedding professionals" who best connect with MyWedding.com's couples. Simply put, Log Haven's services "outshine the rest".

Open Table - 6X Winner Most Romantic Restaurant

Zagat Survey - Top Restaurants in U.S.

Awarded Top Restaurant Rankings in Three Categories: Service, Most Popular and Decor

Zagat: "Escape to a haven in the woods" at this "romantic" Eastside "log cabin nestled on a hillside" with "amazing views" of Millcreek Canyon's "stunning natural scenery" ("complete with a waterfall in the outdoor dining area"); the "marvelous New American fare boasts "imaginative" "twists on old favorites", and the "staff is attentive" and "friendly", all of which warrants prices that veer toward "splurge".

Wedding Wire - Bride's Choice Award/Ceremony and Reception Venue

The WeddingWire Bride's Choice Awards™ recognizes the best local wedding vendors from the WeddingWire Network who demonstrate quality and service excellence within the wedding industry. Unlike other awards in which winners are selected by the organization, the WeddingWire Bride's Choice Awards™ are determined by the quality, quantity, recency, and consistency of reviews from over 1.2 million WeddingWire newlyweds. The 2012 award

recipients represent the top five percent of WeddingWire's vendor community, which consists of over 200,000 wedding professionals throughout the US and Canada.

Dining Hall of Fame - Salt Lake Magazine Dining Awards 2012

"We instituted the Salt Lake magazine Dining Hall of Fame five years ago. We wanted to recognize restaurants that have not only reached a stellar level of excellence, not only have maintained that level of excellence—and we all know that maintaining is the hardest part—but that have continued to reach for it in a new way. These restaurants have continued to change, to embrace new techniques, new locations, new dishes, new products.

In that sense, they serve as examples. They inspire the rest of us. We don't induct a new member every year, or even every other year. Only when a place rises distinctly out of the crowd do we deem them worthy to be included in this select group: These are our food heroes."

City Weekly's Best of Utah 2011 - Awarded in Two Categories:

Best Atmosphere/Reader's Choice: "Surrounded by mountains, waterfalls, a large pond, a trickling stream and a national forest, Log Haven's rustic log-mansion ambiance is one of the West's most appealing. But the spectacular natural surroundings are just part of the story. Log Haven owner Margo Provost and her staff strive mightily to provide a dining ambiance in which not only the body is nourished, but also the spirit. She wants her restaurant to be a respite of sorts, a place where customers are treated like family and where the soul can soar. City Weekly readers obviously find both Log Haven's food and spirit to be filled with soul. Maybe that's partly attributable to the spirits who are said to roam the restaurant at night."

Best Romantic/Reader's Choice: "It's often said that, with the right person, anyplace can be a venue for romance. But, do you really want to gamble on romance with someone special? If not, you can increase your odds significantly by making a simple dinner reservation at Log Haven, where they've got all the bases covered. Great food: check. Appealing wine list: check. A lovely canyon drive to the restaurant: check. And, once you're there, nothing in the romance department is left to chance. The intimate, comfortable surroundings, subdued lighting, personalized service, soft music and overall nurturing vibe of the restaurant makes it a no-brainer for marriage proposals, anniversaries and hot dates. It's no surprise that so many Log Haven customers eventually also wind up getting hitched there."

Excerpt from 2020 Wasatch Canyons General Plan

Supporting Roadside Parking

In Millcreek Canyon

GOAL: PROMOTE BICYCLING AND WALKING THROUGH ENHANCING THE SAFETY AND ACCESSIBILITY OF TRAILHEADS, PARKING LOTS, BICYCLE LANES, AND OTHER PUBLIC FACILITIES.

ALL-CANYON POLICIES:

- ☐ The County supports the planning and implementation of trails connecting parking and trailheads to mountain trail system. The purpose is to reduce roadway and pedestrian risks.
- ☐ The County supports pedestrian safety improvements such as crosswalks and pavement markings as well as traffic control devices key destinations.
- ☐ The County will support implementation of ADA and senior/child-friendly facilities at key locations throughout the Canyons.
- ☐ The County encourages use of public transit equipment that accommodates bicycles.
- ☐ The County encourages trail head design sensitive to recreational bicyclist that provides amenities such as a bicycle fix it station, restrooms, potable water where feasible, and wayfinding.
- ☐ The County supports additional wayfinding collateral such as maps or online information to prepare visitors traveling to the Canyons.

GOAL: SUPPORT MANAGEMENT OF PARKING TO PROVIDE FOR SAFETY, SCENIC QUALITY, AND ENVIRONMENT PROTECTION.

ALL-CANYON POLICIES:

- ☐ The County supports formalizing parking areas and eliminating roadside parking, upon review of sites on a case-by-case basis.
- ☐ The County supports management of roadside parking.
- ☐ The County supports the development of a parking system master plan.

MILL CREEK CANYON STRATEGIES:

- ☐ The County will consider coordinating with the Forest Service to develop a parking master plan for Mill Creek Canyon to work in conjunction with a shuttle service for Mill Creek Canyon.
- ☐ Roadside private property parking areas adjacent to Millcreek Canyon Road should be preserved and planning coordinated with the Forest Service and Salt Lake County when parking management is reviewed.

slco.org/townships**From:** [REDACTED]**Sent:** Friday, May 13, 2016 2:42 PM**To:** John E. Miller <JohnMiller@slco.org>; [REDACTED]**Subject:** Signs Ahead of Log Haven

Hi John,

My name is Ed Marshall, and I am writing to you on behalf of Log Haven Restaurant in Millcreek Canyon. Margo Provost, the principal owner of Log Haven, and I saw you speak at the last Mt. Olympus Community Council; but we could not meet and greet you because our issue started right after yours.

In any event, Andrea told me a few days ago to contact you regarding one or two new signs that we would like to have installed along Millcreek Canyon Road on the *downhill* side just above Log Haven. As you may know, there is a slight curve there; and occasionally a driver (or especially a cyclist) will come around the curve too fast. Right now the only downhill sign is a 25 MPH speed limit sign, a warning which some drivers and cyclists have learned to ignore. Fortunately, we have not had any serious incidents so far; and we want to keep it that way. Therefore we are making this sign request.

We feel that the safety of Log Haven's patrons would be significantly improved if the County would install a Pedestrian Crossing Ahead sign above the curve, similar to some that the County has installed ahead of the entries and crosswalks for the Boy Scouts. Although such a sign could be added onto the existing post for the speed limit sign, we would actually prefer to have a second post with that Pedestrian sign and a Blind Driveway Ahead sign. That triple warning should get peoples' attention and provide maximum protection.

If cost is an issue either with respect to installing these signs or doing so relatively quickly, Log Haven is willing to pay the cost to purchase and install them.

Although we will be leaving the country for three weeks beginning on Sunday, we will be available by email at [REDACTED]

[REDACTED] We would not normally have contacted you right before leaving, but Andrea just talked with us about the proposed bicycle path on the uphill side of the road and suggested that we contact you.

Will you please look into this matter and let us know what you think and what the costs might be. We would be happy to meet with you as soon as we return on June 6th.

Thank you very much,

Ed Marshall & Margo Provost

Subject: Signs Above Log Haven

Good Morning,

The painters installed the roadway warning and stripes above Log Haven on Weds morning, and they *L-o-o-k G-r-e-a-t!*

They are also *W-o-r-k-i-n-g G-r-e-a-t!* There is a *significant noticeable difference* in how drivers are slowing down for the curve above the crosswalk, now that they are informed about it being there and that they must be prepared to stop if necessary. We have not observed the cyclists yet, but we hope that the warning will have a positive impact on them too.

Thanks again to all of you at SLCO who made this happen.

Painted Signs Above Log Haven

To: MFrancisco-Galang@slco.org, kmancur@slco.org, sdpetersen@slco.org

Dear Madeline,

As we said in our thank-you letter, a copy of which is attached below, the road signs and progressive striping that Salt Lake County added above Log Haven Restaurant in 2016 have been very effective in slowing down automobile drivers who might otherwise come around the curve too fast. We are writing to you now to follow up on two aspects of the signs and striping that were painted on the roadway.

First, when the County crews repaired Millcreek Canyon Road late last year, they put down a strip of asphalt that covered part of the painted sign, most of the progressive striping, and half of the crosswalk. In addition, the very heavy snowfall this year, along with the extra snow-plowing needed to control it, have had a very harsh effect upon the paint that is remaining.

Given that these painted signs and stripes are important and effective for public safety, we are respectfully requesting that Salt Lake County give a very high priority to restoring them at the earliest possible time that the weather allows repainting to be done.

Secondly, has Salt Lake County devised an effective way to slow down the faster downhill bicycle riders? There are still a few who come down the canyon during the dry season faster than we think is appropriate. Would a picture of a bicycle painted on the road a little way before the existing warning on the road help to get their attention? Does the County have a warning specifically for cyclists that would get their attention? We do not currently see this as a serious risk, but we would like work with the County proactively if any of you know of a way to mitigate the issue any further.

Our thanks in advance to you and everyone at Salt Lake County who may help out regarding these painting issues. If you or anyone else at the County would like to discuss them personally, my telephone number is [REDACTED]

Thanks again,

Leon,

We would like to thank you for getting the crosswalk, striping and roadtop sign repainted on Monday. Your crew did a great job; the white paint stands out brilliantly; and it all has a noticeably positive effect in further slowing downhill traffic around the curve. Many drivers are approaching the crosswalk at very low speeds, and all drivers we have seen are approaching at speeds that would allow them to stop for the crosswalk. We appreciate your work very much, and we appreciate Madeline's efforts to put us in touch with you.

Safety in Millcreek Canyon

8 messages

Edward Marshall

Mon, Aug 26, 2019 at 8:53 AM

To: Mayor@slco.org, CKanter@slco.org, AGranato@slco.org, JBradley@slco.org, Jeff Silvestrini, "Hotze, Rebecca - FS", "Kovel, Lance -FS", Ralph Becker, L.Berrett@slco.org, "Jake A. Young" <jayoung@slco.org>, Jim Carter

Dear Mayor Wilson,

At recent meetings about Millcreek Canyon, District Ranger Hotze, Vice Mayor Kanter, Councilman Bradley, and Millcreek Mayor Silvestrini expressed concern about public safety in the Canyon. We are very interested in improving public safety too, and that is why we are writing to you today. As residents of Millcreek Canyon, who drive up and down the lower half of it every other day, we recognize safety issues that the occasional visitor would not.

If Salt Lake County is truly interested in promoting public safety along Millcreek Road, it can do so dramatically, quickly and inexpensively by having the Public Works Dept. perform the following actions as soon as possible:

1. Repaint the double yellow lines down the middle of the road and the white stripes marking the edges of the road from the fee booth to the winter gate. The striping in this area is currently so faded and deteriorated in most places that it is challenging or impossible to see, especially at night, even where the middle of the road has been altered for the bike path. It is difficult for drivers stay in their lanes if they do not know where the lanes are.
2. Paint STAY RIGHT warnings on the road surface both above and below the first Boy Scout gate – the "A/B" gate. That point is the most severe blind curve in the entire Canyon; and some drivers, especially uphill drivers, encroach into the oncoming lane without knowing whether someone is coming the other way. Painting progressively larger stripes approaching the curve from both directions would also help significantly, as would metal road signs warning CAUTION - BLIND CURVE. We have personally had some close calls when coming around this curve.
3. Improve the safety at Church Fork, where the parking areas, trailheads and picnic grounds are on both sides of the road, with people crossing between them, sometimes too close to the uphill blind curve. The improvement can be done by painting a crosswalk at an appropriate distance above the curve, with progressively larger stripes approaching it. Adding a PED X'G AHEAD sign painted on the road before the blind uphill curve would also help significantly. We have found these precautions to be extraordinarily effective in slowing down drivers approaching the crosswalk at Log Haven.

The preceding safety issues ought to be addressed by the County as quickly as possible, and we had hoped that the very obvious need for the first one would have caused the Public Works Department to have done it by now of its own volition. In any event, there is still ample time left to complete the preceding work before the snowfalls.

Given the substantial amounts that Log Haven pays to the County every month in sales taxes, restaurant taxes and property taxes, we respectfully request that a small portion of them be allocated to making these public safety improvements in Millcreek Canyon. We have recently seen new bike striping being added in the Valley while these important safety issues have been ignored.

We do not want anyone to get hurt up here. We do not want the County to incur a negligence claim. We do not want an easily avoidable accident to give anyone a basis for arguing that Millcreek Canyon is inherently unsafe, when it is not if properly marked.

We hope that you find these suggestions to be insightful and helpful, as they are intended to be. We also hope that you will use the influence of your office to cause them to be implemented as quickly as possible. Thank you in advance for acting on this issue, as we are confident you and the Vice Mayor will do. If you or anyone copied on this letter has any questions or comments about it, please feel free to contact us.

To: "Jake A. Young" <jayoung@slco.org>

Good Morning Jake,

As you requested, I am forwarding another copy of my letter to the Mayor about ways to improve safety in Millcreek Canyon. When I return home next week, I also plan to send a follow-up letter to the Mayor that includes a photo of Hwy 120 through Yosemite, showing what a huge difference is made by bright striping on a roadway of equal or lesser width than Millcreek Road.

Thank you for reading my letters and agreeing about the changes needed for the Introduction. If there is any chance that you could have this this page modified before the draft is circulated to the public, we would greatly appreciate it.

Thanks,

Good Morning Leon,

On behalf of all the many users of Millcreek Canyon, we would like to thank you and Sam for getting the striping refreshed on Millcreek Road well before the Fourth of July holiday. As you undoubtedly know, the volume of recreational users has surged this spring and will likely continue throughout the summer. The bright paint on the road is really effective in causing drivers to stay within their lanes and to slow down for crosswalks.

Expanding the downhill lane at the A/B curve back to its original width is also a good first step to improving public safety there. We hope that Crystal and you will soon be implementing some of the additional simple and inexpensive steps (paint on the road & a few signs) that we discussed at our onsite meeting on June 9th. The A/B curve and the uphill Church Fork curve still need improved public safety measures.

Thanks again,

Ed Marshall

Cc: Bart Barker <BBarker@msd.utah.gov>, Kevyn Smeltzer <KSmeltzer@slco.org>, Wayne Johnson <Wjohnson@slco.org>

Bcc: Edward Marshall, Margo Provost

Hello Leon, Hello Crystal,

We here at Log Haven would like to thank and compliment both of you and SLCO/MSD for the significant improvements in traffic control that you have implemented in Millcreek Canyon during the past year. We believe that the reduced speed limits, posted signs, adjusted center lines, and new paint on the road have substantially improved public safety at Church Fork and the A/B Boy Scout gate. The fresh annual painting of the double-yellow center lines and the white side lines are also extremely effective for keeping drivers in their lanes, especially around curves. You even reduced the speed limit on two curves where we did not think it was necessary.

The work that you are now doing on the bond issue for restoring Millcreek Road is also extremely valuable, not just for improving the user experience but for increasing public safety, according to an opinion we received from Sgt. Ed Twohill. While you may be considering further public safety improvements as part of the bond issue, you'll be relieved to know that, as frequent users of Millcreek Road, we do not feel that further improvements are necessary in the interim on the road below Log Haven.

We are writing to you now, however, because we do believe that further traffic control improvements are still warranted in the developed area at Log Haven itself.

During the past few years, we focused so much with you on the downhill curve that we did not call enough attention to the *uphill* portion of the road immediately in front of the Log Haven building. As things now stand, there is a 30 mph speed limit sign in the uphill lane located right at the bridge that begins the developed area. This sign is exceptionally visible as drivers come up the hill; and after they have seen all of the new 25 mph signs below, it announces to them that it's okay to go faster at exactly the time *when they should be slowing down* due to the two hidden driveways on their right-hand side.

We are requesting now that you correct this situation as soon as possible in the following three ways, none of which are very costly or time-consuming: (1) change the uphill speed limit sign from 30 mph to 25 mph; (2) post a diamond sign there, similar to the "Congested Area" sign at Church Fork, except in our case warning of "Hidden Driveways on Right"; and (3) painting SLOW or SLOW DOWN on the road near the bottom of our fence. We do not believe that this is very much to ask, and we would be requesting it anyway in the discussions with SLCO/MSD during the next few months about expanding the road for an uphill bike lane in this area.

We would also like to take this opportunity to resume our quest for further traffic controls to improve the public safety below the sharp *downhill* curve above Log Haven. While the posted sign, paint on the road, progressive stripes and crosswalk have caused *almost* all vehicles to slow to a speed where they could clearly stop before the crosswalk, we ask that you please make additional traffic improvements here that would cause *all* vehicles to slow to that speed.

Ideally, we would like SLCO/MSD to install a small HAWK system on a vertical pole on the south side of the crosswalk, connected to an electronic warning that is located about 60'-90' above the crosswalk so that it is visible to drivers far before they even reach the curve. This warning would light up when someone enters the crosswalk, and it would provide an *unmistakable* signal to drivers that they must stop ahead. This concept was endorsed by Bekee Hotze and Lance Kovel of the USFS when they met with Leon and us here in January. We realize that even a small HAWK system may be expensive; and if SLCO/MSD cannot afford it right now, we ask that you please factor the cost of it into the use of the proceeds from the bond issue.

In the interim, we ask that SLCO/MSD place one of the following two devices above the downhill curve at Log Haven, whichever you believe would be most effective: (1) a modern 25 mph sign that flashes diodes as a vehicle

approaches; or (2) an electronic speed limit monitor that shows the approaching driver's speed. You have installed *both* of these devices in the residential area below the entry gate (although the diodes are on a stop sign rather than a speed limit sign). We find the speed limit monitors to be very effective when we are thinking about stuff other than our speed, and the flashing diodes make sure that no one misses the sign.

You can be sure that we would still like SLCO/MSD to implement some measures to slow down those road bikers who come around the downhill curve at speeds that appear too fast to stop. We recognize, however, that both you and the FLAP grant engineers have said that you do not have an effective means to do so. If you are aware of any such means now, we would certainly like to discuss them with you.

We do not feel that other speed limit or sign measures need to be taken at this time in the lower portion of Millcreek Canyon below Log Haven. The CWC "stakeholder" who has been calling for a 25 mph speed limit in the entire lower canyon *does not even drive in Millcreek Canyon and uses it extremely rarely for cycling or any other purpose*. I consider myself, as someone who drives frequently on Millcreek Road and who tries to adhere to the speed limit, to be *the most tail-gated man in the canyon*. If you were to lower the speed limit to 25 mph for the lower canyon, you would create a *fiasco* of dangerous tail-gating and passing by frustrated drivers. We agree instead with the way that you have selectively applied the 25 mph speed limit where it is actually needed.

Thank You for considering our preceding requests and hopefully implementing them soon. I will attempt to contact both of you by phone at the beginning of next week to discuss them, and I hope that you will be receptive to my calls.

Email from Curtis Woodward,

Salt Lake County Zoning Administrator

dated October 26, 2017

Edward Marshall [REDACTED]

Purpose of Meeting

Curtis Woodward <CWoodward@slco.org>

Thu, Oct 26, 2017 at 10:43 AM

To: Edward Marshall [REDACTED]

Ed,

In doing a little bit of research, I've found the following:

The restaurant and house appear to be located on the same parcel of land (which parcel is divided by the road).

The parcel contains to zones; a C-V commercial zone around the restaurant, and FR-20 zone on the remaining property.

While I could not find a file for the house, I did find a letter written in 2007 (by Spencer Sanders) explaining that there was no FCOZ file for the house, because it had been converted from a garage/storage building to a caretaker's residence in 1998. Because the building was already there and just converted through remodel, no FCOZ file was created. I hope that matches your knowledge of the history. Unfortunately, the plans associated with the building permit application from 1998 have long ago been destroyed.

I look forward to seeing you tomorrow.

Curtis

Log Haven Tent Project Production Timeline and Job Flow Updated 9/24/04

Completed Items

- Modern Display (MD) to create scaled layout of tent placement
- Craig Faux (CF) to turn in Temporary Permit and updated layout to County
- CF to turn in Regular Permit with explanation of requested items that should not apply because of existing use
- CF to talk with Mike at County and encourage him to move the process forward quickly because of misleading information he gave to team
- CF to discuss date of Pre Application Meeting with Dorteia at the County
- CF to Re-measure space to determine correct placement of canopy
- Meeting with Log Haven (LH) and MD to review production timeline and job flow 3:00pm at Log Haven 9/22/04
- LH to make all final design decisions/measurements for tent sidewall, windows and doors
- MD/LH to determine final placement and size of tunnels
- MD/LH to determine who will build tunnels – MD will build
- LH to determine floor design and who will provide covering – LH to purchase

9/24/04

- Elizabeth (EP) to meet with LH to discuss décor at 10:00am at MD
- CF to talk with fire department to determine exit door
- CF will order the tent

10/01/04 – 10/29/04

- MD to build/order door
- MD to pre-build flooring
- LH to get propane in place
- MD To build tunnels
- LH To purchase floor covering

10/05/04

- Meeting at LH at 10:00am to discuss lighting, liner, and décor

10/08/04

- MD/LH to finalize lighting needs
- MD to order Liner
- MD to order Heaters
- MD to submit all power needs to Ian
- EP to Submit completed décor plan with pricing for permanent tent

Modern Display

424 S. 700 E., Salt Lake City, UT 84102

10/15/04

- MD to decide if plan B tent install is needed

10/18/04

- EP to submit final décor plan for Plan A and B if needed

10/25/04 – 10/26/04

- Tent arrives and is inspected for accuracy by MD

10/26/04

- LH to have all power in place

10/27/04

- Begin Install of either permanent tent or Plan B tent

10/27/04 – 10/29/04

- MD install of tent structure

10/30/04

- Install of floor, tunnels, lights, heat and liner

10/31/04

- Day Off

11/1/04 – 11/3/04

- Install of floor, tunnels, lights, heat and liner

11/3/04

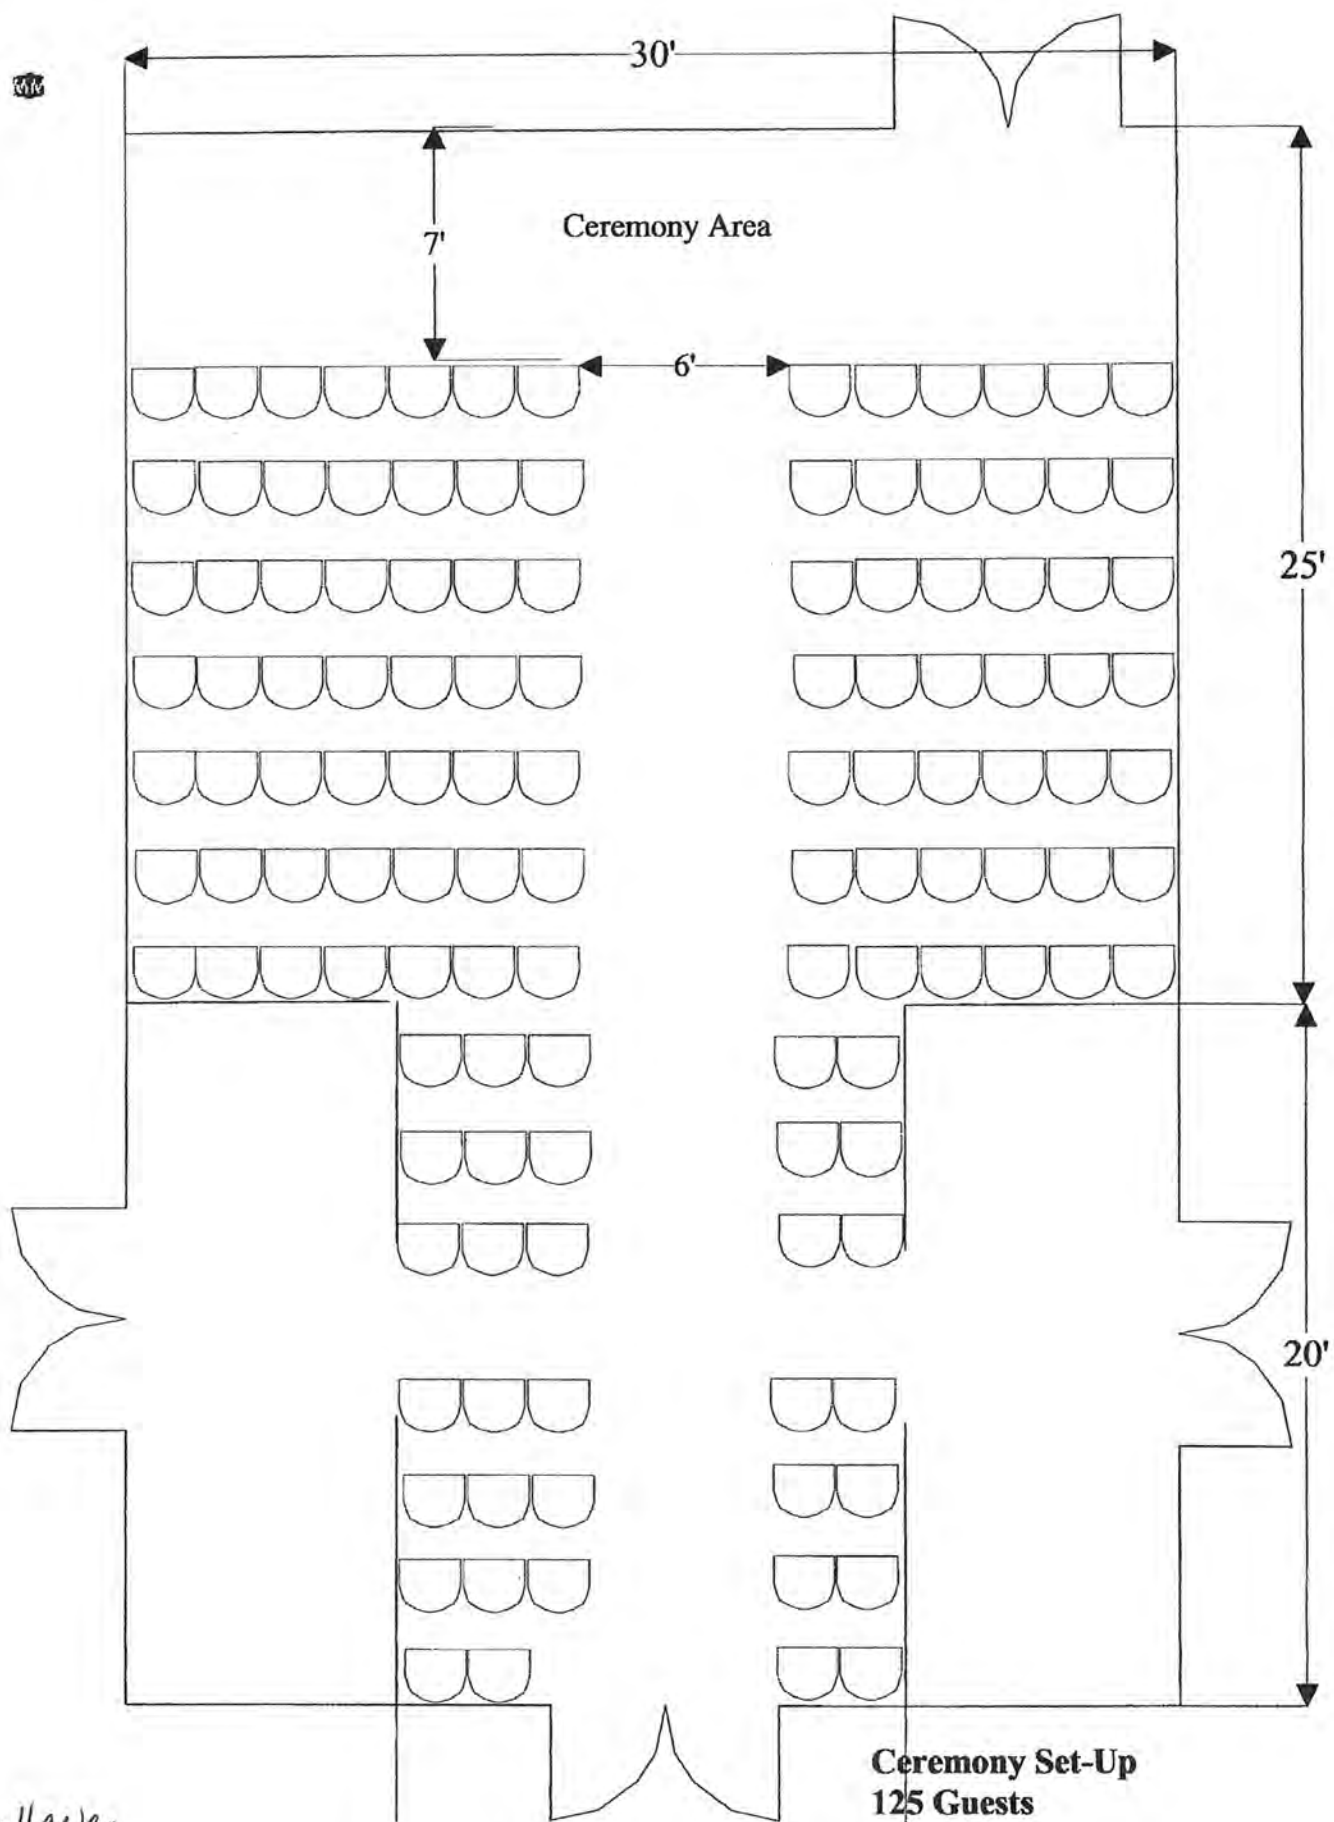

- Décor install

11/4/04

- Project completes by 12:00 noon.

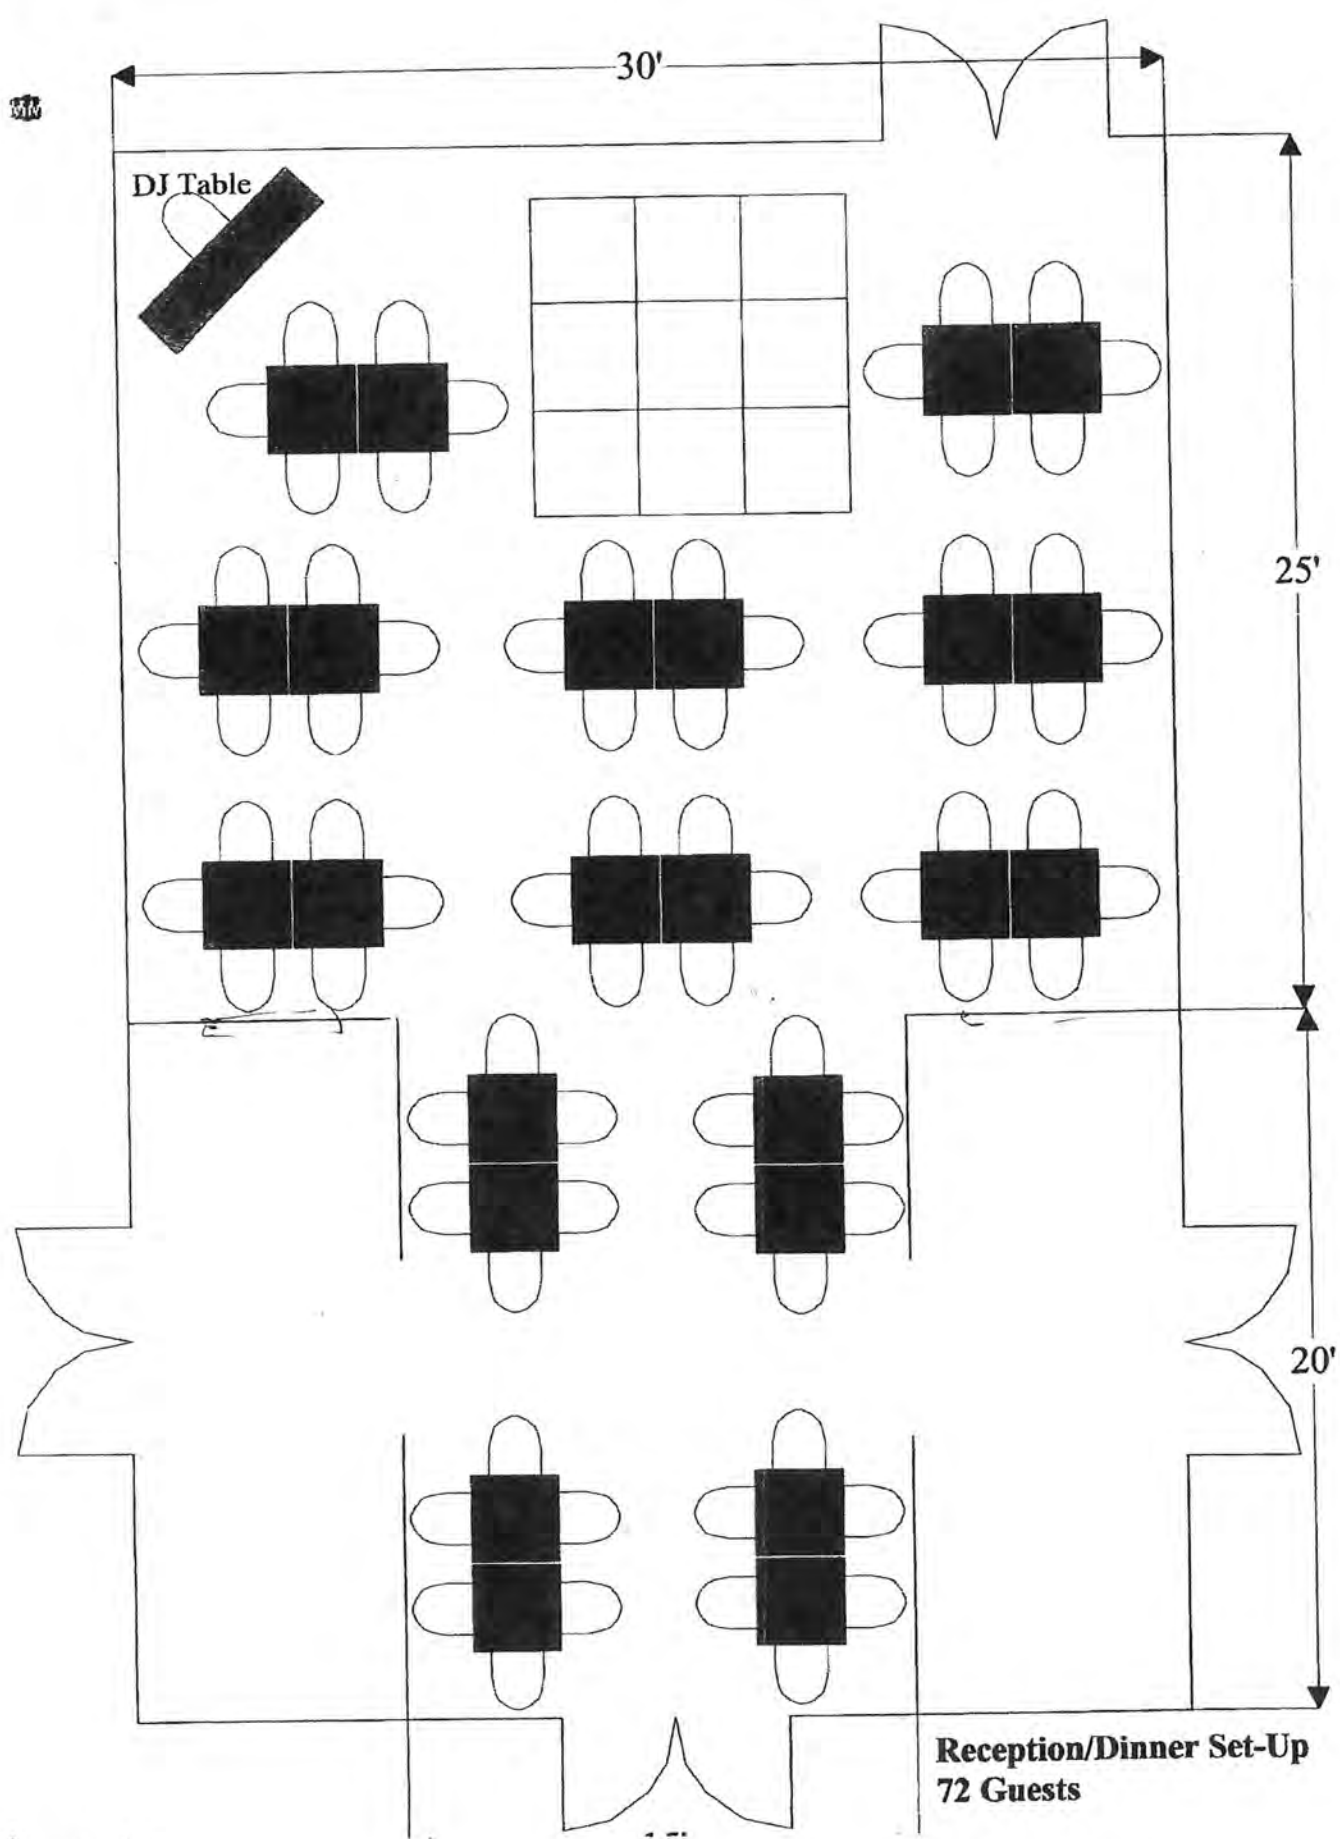

TBD Items:

- Pre Application Meeting
- Receipt of temporary permit
- Receipt of final permit

☐ COMPLIANCE ORDER:

A determination has been made that you are in violation of the requirements listed above. If these violations are not corrected within two (2) business days, or resolved by meeting with an authorized representative from Development Services within two (2) business days, further action may be taken which could result in the issuance of a stop work order. You may contact Development Services at the above address and phone number. If you proceed with this project without resolving these violations, you do so at your own risk.

☐ STOP WORK

This stop work order is issued pursuant to Chapter One of the building code. For instructions regarding compliance with or appeal of this order you must contact the building official at the above address or phone number within 10 days of the date hereof.

* Final approval of power is subject to office review and approval.

Affidavit of Melva C. Sine,

President of the Utah Restaurant Association

DECLARATION OF MELVA C. SINE

Melva C. Sine hereby swears under oath to the following facts and statements:

1. I am over the age of twenty-one, and I have personal knowledge of the facts stated herein. I am competent to testify to all of the matters set forth below, and I would testify in accordance with this Affidavit if so called.
2. I am the President of the Utah Restaurant Association and have held this position for the past 21.5 years, after originally serving as the Executive Director for 5 years. I work very closely on an ongoing basis with Salt Lake County, the Governor, the State Legislature, and Utah's Congressional delegation on all matters relating to Utah's restaurants.
3. I have personally known Margo Provost for 26 years and worked closely with her on many occasions. She is the former Chairwoman of the Utah Restaurant Association as well as a former member of the Board of Directors of the National Restaurant Association. She is also a former Chairwoman of the Utah Taxpayers' Association.
4. I can personally vouch for the exceptional dedication and integrity of Margo Provost. She continues to be an important contributor to the health and welfare of the Utah restaurant industry.
5. The use of restaurant property and facilities to host wedding ceremonies and receptions, business entertainment and recruiting, family and holiday parties, and other special events is a traditional, common-place, and important ancillary use both for the restaurants and their communities.
6. These wedding and other events are exceptionally important for independent restaurants and even more important for fine-dining restaurants, which must charge higher prices and therefore attract casual diners only for special occasions.
7. Weddings and other events often make up a large portion of the revenue and net profits of these businesses, and they are often essential for the financial viability of the businesses.
8. For the entire 26 years that I have known Margo Provost, Log Haven has continuously been hosting weddings and other events on the restaurant side of the road and hosting wedding ceremonies on the meadow side of the road.
9. Weddings commonly include family members and friends from other states and sometimes from foreign countries, and Log Haven is well-recognized as a spot for "Destination Weddings." All of our local restaurants that host weddings had most of their weddings cancel last year because out-of-state guests could not fly here to attend.

10. Log Haven is also very important to the Salt Lake business community as a venue for building relationships and recruiting key employees, holding holiday parties and other events, and a unique log place in the Wasatch Mountains to take convention and other visitors.
11. I personally know about the numerous local, state and national awards that log Haven wins every year. Its national reputation attracts visitors not only from other states but from foreign countries.
12. The County planning staff's new interpretation of Salt Lake County's C-V zone (i.e., that wedding events and receptions are not a permitted use under the C-V zone) is personally distressing to me not only for the severe impact it could have on Log Haven but on other County restaurants as well.
13. Restaurants that host weddings and other events continuously enter into legal contracts for them and need to know that their zoning is clearly legal in order to do so in compliance with the law.
14. Except for fast-food restaurants and those able to do a high volume of take-out business, Utah's restaurants are struggling right now to survive – especially independent fine-dining restaurants.
15. I know for a fact that Log Haven is struggling financially as well, given that most weddings and parties canceled during 2020 and given its remote location in Millcreek Canyon, with no ski resorts and a narrow county road. It cannot do take-out or delivery from its remote location.
16. I have had access to Log Haven's financial statements and can verify that weddings and other events are critically important for its continued existence. Not enough casual diners make the trip up Millcreek Canyon on a regular basis, especially in winter, to allow its financial success.

Declared under penalty of perjury on this 4th day of May, 2021.

Melva C. Sine,

Executive Director of the Utah Restaurant Association

EXHIBIT W

2018 Letter from Salt Lake County Mayor's Office
Acknowledging Log Haven's Weddings & Events
and Supporting Its Reception Application

August 23, 2018

To: Utah Department of Alcohol Beverage Control Commission Members

Ben McAdams
Salt Lake County Mayor

Erin Litvack
Deputy Mayor, County Services

Rick Graham
Deputy Mayor, Operations

Karen Hale
Deputy Mayor, Community
& External Affairs

Darrin Casper
Deputy Mayor, Finance
& Administration

Dear Commission Members,

Salt Lake County is happy to provide this letter of support for Log Haven Restaurant Group's ("Log Haven") space waiver and application for an On-Premise Banquet Liquor License.

Log Haven has been operating at its current location in the unincorporated area of Salt Lake County for more than 24 years. During that time, it has become a favorite spot of the Salt Lake business community for hosting conferences, retreats, and corporate events and parties.

Log Haven has also become a favorite spot for Salt Lake County residents and visitors to host weddings and special events. It enables people of all ages and abilities to enjoy the beauty of Millcreek Canyon while attending these events.

Although Log Haven is not as large as some other facilities, its size does not seem to deter its business patrons. Salt Lake County is proud to have Log Haven in the unincorporated community and have found them to be responsible and respectful "neighbors" in this beloved canyon.

Log Haven provides Salt Lake County with tax revenue every year through its payment of sales and property taxes. This revenue helps to maintain the road in Millcreek Canyon during the winter and summer months allowing the canyon to be utilized by the public all year long. It also employs over 45 county residents.

Thank you for your thoughtful consideration of Log Haven's space waiver and On-Premise Banquet Liquor License. Please feel welcome to contact me directly at 385-468-7007 with any questions.

Sincerely,

A handwritten signature in blue ink that reads 'Kimberly Barnett'.

Kimberly Barnett,
Associate Deputy Mayor

Excerpt from 2020 Wasatch Canyons General Plan

Acknowledging and Supporting Log Haven's

Weddings and Events

As Beneficial to the Millcreek Canyon

& Salt Lake County Economy

Figure 9: Log Haven - Ed Marshall

ECONOMY

There are three commercial businesses in Mill Creek Canyon: Log Haven, the Mill Creek Inn, and the Mill Creek Canyon Camps owned by the non-profit Boy Scouts of America. Log Haven and Mill Creek Inn offer venue and reception services in beautifully wooded locations, Log Haven is also a fine-dining restaurant. In addition, Mill Creek Canyon Camps offer outdoor adventure programs for Scouts. These groups provide services in unique settings, and are among only a handful of restaurants located in the Wasatch Mountains (apart from ski resorts).

BROADBAND INFRASTRUCTURE

The State of Utah Broadband outreach center shows significant gaps in mobile cell phone coverage in Mill Creek Canyon. Enhanced electrical capacity and improved fiber optic, wireless, and broadband are critical to support year-round employment, local businesses, quality of life, tourism, and public safety. In pursuing communications infrastructure upgrades, emphasis should be placed on broadband services and improved cellular services to Mill Creek Canyon, which has significant gaps in coverage or available providers. Communication facilities should be allowed but be consolidated or co-located when possible.
