

MEETING MINUTES

Clawson Town Council

January 13, 2022 6:00pm

WELCOME
PLEDGE OF ALLEGIANCE
ROLL CALL

IN ATTENDANCE: Mayor Gary Price, Erik Nielsen, Jerry Price, Robby Riley, Casey Reid, Julie Weber.

1. Approval of December 2021 Meeting Minutes.

Motion to approve minutes made by Casey Reid. Second by Jerry Price. Approved.

2. Discuss/Approve/Deny wage changes for Treasurer and Recorder.

Jerry proposed wage increases to council members as well as Treasurer and Recorder. Julie explained that all of the positions work more like salary than hourly wages. Gary agreed and said he is okay with that as long as work is getting done well and on time. We have months that are slow and only require regular weekly work, and then we have months where we plan events, have lots of annual reporting etc that increases the workload requirements, but in the end it all averages correctly. Julie also discussed the 7% cost of living increase that we will all be facing.

Erik proposed a \$5 per hour increase for the treasurer and recorder. This would get them close to an average wage for their positions in the County.

Council also checked other council members pay for cities within Emery County. Ours seem to be significantly lower than all other cities in our County.

Motion to give Treasurer and Recorder \$5 wage increase, as well as increase council to \$200 for Mayor and \$100 per month for council members made by Jerry Price. Second by Casey Reid. Approved.

3. Post Office Update.

Post Office plans are a little different than we had expected. They will be sending out a survey letter to the citizens to ask a few questions. Right now they are thinking of the map room and mayor's office rooms being used as the post office. Julie mentioned that some of the filing cabinets in the map room have permanent records, or records with long retention schedules. Some could be phased out now and free up some room. It used to be all paper records, and that is what that

room has in it. We may be able to scan everything in Pelorus as digital records and free up a bunch of room in the map room. Julie also mentioned adding on to town hall to add the post office, rather than try to fit it in the existing space.

4. Treasurer's Report.

Julie reports everything is to be expected on the accounting.

5. Discussion and approval of any bills to be paid.

Regular bills to be paid. Motion to pay bills made by Casey Reid. Second by Robby Riley. Approved.

6. Guest Business.

None.

7. Mayor and Council Member reports.

Erik: Doesn't seem to be anyone starting building yet, there have been some land purchases in Town, but no building started yet.

Gary: Johansen and Tuttle re-surveyed the cemetery and are drawing up new maps/plans. They will let us know when they are finished.

8. Adjourn.
