RE: **STACEE SUBDIVISION 1ST AMENDMENT**
Final Plat Amendment

Date: February 3, 2022

Our office has completed a review of the plat for the Stacee Subdivision First Amendment. This proposed plat would amend the existing Lot 3 of the Stacee Subdivision located at 2124 North 1875 West to include property being conveyed to the owner by the neighboring parcel. The amended lot will be renamed Lot 5 as shown on the plat amendment.

The plat amendment includes the vacation of a public utility and drainage easement along the east property line of the existing lot that was originally intended to be a retention pond for the subdivision. This pond was never constructed, and the stormwater runoff is conveyed elsewhere. We have verified with City staff that this drainage easement is not needed, and we recommend allowing the vacation of the easement as a part of the plat amendment.

All previous comments provided by our office have been addressed and we recommend approval of the plat amendment at this time. Please let me know if you have any questions.
