Chairman Heaton paraphrased the following statement:

"I, Keith Heaton, Chairman of the Navajo Revitalization Fund Board, have determined that the February 17, 2022 meeting of the Navajo Revitalization Fund Board will be held electronically without an anchor location. This determination is based on the following facts:

1. Utah is currently dealing with COVID-19 Omicron Variant, which has been determined to be fast-spreading COVID-19 Variant is extremely contagious and can be deadly to those who contract it, especially those of advanced age and underlying health conditions.

2. The Agency offices of the Navajo Trust Fund are in San Juan County, which has been identified as a county with variant transmission. This designation requires the wearing of masks and strongly recommends physical distancing for those unvaccinated individuals.

3. A vast majority of Agency staff and the members of the Board/Commission are teleworking to avoid unnecessary contact with others.

4. The Board/Commission room is insufficient to allow social distancing and reasonably safe accommodation of the Commission and the public.

5. The Board uses an electronic platform which allows interested parties to view the meeting, hear discussions and provide written comment.”
