Legal Updates and Information

Rules of Order and Procedure Review

Nathan Bracken introduced Lisa Baskins who was just hired by his firm. She will be working with him on the code updates. He stated Kearns Metro Township Council has a Rules and Procedure Policy that requires it to follow Robert Rules of Order. The goal is to make sure everything the Council does is transparent for the public. Council Members are required to take annual training relating to the open meetings act yearly and ethic training every two years. He will provide training on ethics at the next Council meeting. Included in the ethics training will be a discussion on conflict of interest and when the Council Members must declare a conflict. There are two types of conflicts; however, the general rule of thumb is that it needs to be disclosed before a vote is taken.

Open and Public Meetings Act Training

Mr. Bracken stated this training can be done online and he would suggest that it gets done as soon as possible. The League of Cities and Towns provides this training.

Goals

Mr. Bracken stated his priority for this year is to update the code. Another goal would be to create a Redevelopment Agency (RDA) Ordinance, which would allow the Kearns Metro Township to create RDAs. This would bring more businesses into the Kearns area.

Mayor Kelly Bush stated she would like the code updates to take another look at the parking requirements for rentals and subletting homes. Parking needed to be provided on the property.

Mr. Bracken stated he would investigate that as well as updating the sign ordinance.

Mayor Bush asked each Council Member to come up with three goals they would like to accomplish in 2022 and be prepared to discuss those during the February 14, 2022, Council meeting.
