Hylands Ranch II- Preliminary Plat (28 Lots)

Request:	Discussion and action regarding approval of a preliminary plat
Property Address:	Approx. 2800 S 3300 W.
Property Zone:	R-2
Property Size:	15.49 Acres
Applicant:	Stillwater Construction/Justin Nielsen

Governing Document(s):	WHZC Chapter 10 (online version)
Decision Type:	Administrative
Staff Recommendation:	Grant approval of the preliminary plat

Stillwater Construction has applied for approval of the preliminary plat for Hylands II, a 28-lot subdivision located behind Kanessville Elementary. On February 16, 2022 the City Council adopted an ordinance rezoning the property to R-2.

Aspire Pointe, the subdivision just to the South of this, has submitted plans for their final phase, which will connect the roads to Aspire's northern boundary and allow this project access.

Development infrastructure drawings have not been submitted, as those do not get prepared until after approval of the preliminary plat. Developer has met with City staff and been informed of the standards and conditions they will need to meet in order to have engineering review.

When the rezone of the property came before the City Council, there was concern expressed about how the density of the project would be affected by the powerline easement, which is shown on the preliminary plat as open space.

I have researched relevant ordinances and State statutes and cannot find anything that allows the City to disallow the property encumbered by the powerline easement, for the purposes of calculating the number of allowed units. Provided that they can meet the size, width and other applicable lot standards, the City is required to allow them the number of units for the full acreage of the property.

At the 4/13/22 Planning Commission meeting, the Commission unanimously recommended that the Council approve the preliminary plat, with the following conditions:

- 1- Approved temporary turnarounds between Lots 5 & 6, and Lots 11 & 22 shall be shown on the prelim plat prior to going to City Council
- 2- Lot 22 should meet the minimum lot size of 17,000 sq ft on the prelim plat prior to going to City Council

The developer has met these conditions.

The requirements of the R-2 zone and how the proposed preliminary plat meets those requirements is as follows¹:

<u>Standard</u>	<u>Requirement</u>	<u>Compliance (Y/N)</u>
Minimum Lot Size	12,500	Y
Buffering Lots ²	17,000	Y
Lot Widths ³	80' (90' avg)	Y
Density	2 u/a max	1.81 u/a

There is one small issue with the lots that are buffer lots. WHZC 10.06.040 (online version) requires that lots adjacent to A-1, A-2 or R-1 properties be at least 17,000 sq ft. Lot 22 falls just short of that, at 16,500. Increasing the lot size will not affect the overall layout or design of the subdivision and should be required for the preliminary plat to comply.

The preliminary plat is fully compliant with the standards of the R-2 zone. The proposed road locations and widths are sufficient for public roads (60' ROW width). Developer has been informed of the requirements for civil engineering drawings. Accordingly, it is staff's position that the Council grant approval of the final plat.

¹ These requirements are found in WHZC 10.06.040 (online version)

² Lots 5, 6, 11, 22 and 23 are required to be a minimum of 17,000 sq ft, as they are adjacent to property zoned Agricultural.

³ Lot widths are calculated at the setback line, not at the point where the property meets the right-of-way.

Ash Commercial Subdivision- Preliminary & Final Plat

Request:	Grant approval of a preliminary & final plat for a commercial lot split
Property Address:	2001 West 2550 South
Property Zone:	M-1
Property Size:	2.49 acres
Applicant:	Rick Everson

Governing Document(s):	WHZC
Decision Type:	Administrative
Staff Recommendation:	Grant approval

Background

This property is located on 2550 South, just west of Maverik and Tractor Supply. As shown on the plat and on the aerial image below, the site (in yellow) is fully developed and there are already buildings constructed and in use. The applicant is requesting approval of a single plat so that the buildings can be under separate ownership at some point in the future.

There is a shared use & maintenance agreement that will be recorded along with the plat, thus ensuring that the site will stay in good working condition, regardless of the ownership of the parcels. There is also an easement agreement that will be recorded which provides the building/lot to the south the ability to access their parking and building in perpetuity. Those are not before the Commission for review, as they are private contracts between the parcel owners, however, staff has seen the documents and applicant has represented that all three items will be recorded at the same time.

Staff Review/Recommendation

Staff feels it is acceptable and appropriate to grant approval of a preliminary and final plat, for the following reasons:

- 1- The site is fully compliant with WHC engineering standards and specifications.
- 2- The site is fully developed and no additional structures can be built
- 3- The necessary easement agreements have been prepared for recording concurrently with a mylar.

At the April 13, 2022 Planning Commission meeting, the Commission unanimously voted to recommend that the Council grant approval of the preliminary & final plat for Ash Commercial Subdivision. Staff recommends the same.

Salt Point Commercial Subdivision- Preliminary Plat

Request:	Grant approval of the preliminary plat for Salt Point Subdivision
Property Address:	2975 W 4000 S
Property Zone:	C-3
Property Size:	1.98 Acres
Applicant:	CW Land

Governing Document(s):	WHZC
Decision Type:	Administrative
Staff Recommendation:	Grant approval of the preliminary plat, subject to conditions listed

Background/Staff Review

In December 2021/January 2022, site plan approval was granted for the Salt Point commercial project. They are working on the final changes/corrections to the civil drawings before work begins on the site. As that work has progressed, CW has come to the City requesting that we grant approval to split the property into two individual parcels.

While there are no minimum lot sizes, widths or densities to take into consideration, I would not recommend granting approval of a final plat until all issues related to the site plan have been remedied. This is largely because the approved site plan will dictate the precise placement of the easements between the two lots.

At the 4/27/2022 Planning Commission meeting, the Commission unanimously recommended that the Council grant approval of the preliminary plat. Staff supports this recommendation and would encourage Council to grant approval.

ANIMAL KEEPING EXEMPTION ORDINANCE

Request:	Adopt an ordinance amending the procedures for granting variances to the West Haven City animal keeping ordinance
Decision Type:	Legislative
Staff Recommendation:	Approve the ordinance
Public Hearing Posting:	The public hearing was duly noticed and held on April 27, 2022. No public comment was received

Background

As part reviewing code enforcement procedures with Dan Tanner, the City's code enforcement officer, it was brought to my attention that in December 2019, the Council adopted Ordinance 39-2019, a portion of which identifies the procedures for granting exemptions (variances) to the animal keeping ordinance.

The language of the ordinance as it relates to exemptions is almost identical to Utah Code Annotated 10-9a-702. By design, the State of Utah created a very specific process that property owners have to follow for a variance to be granted. Variances should be rare and should only be granted when the City creates a situation where it is not possible for the property owner to meet the code requirements.

All zoning variances, whether related to animals, fences or any other land use regulation, should be heard by the administrative hearing officer. The hearing officer has the specific training in land use and variances to administer the objective set of standards the City must consider when evaluating such requests. The burden of these decisions should not rest on staff, the Commission or Council.

Adopting this ordinance and directing variances from animal keeping regulations depoliticizes such requests. At the 4/27/22 Planning Commission meeting, the Commission voted unanimously to recommend that the Council adopt the ordinance as presented.

ORDINANCE NO. 07-2022

AN ORDINANCE OF WEST HAVEN CITY AMENDING THAT PORTION OF THE ANIMAL KEEPING ORDINANCE GOVERNING EXEMPTIONS/VARIANCES; AND PROVIDING AN EFFECTIVE DATE FOR THESE CHANGES.

Section 1 – Recitals

WHEREAS, the City of West Haven (“City”) is a municipal corporation duly organized and existing under the laws of Utah; and

WHEREAS, the City Council finds that in conformance with UC §10-3-702, the governing body of the City may pass any ordinance to regulate, require, prohibit, govern, control or supervise any activity, business, conduct or condition authorized by the laws of the State of Utah or any other provision of law; and,

WHEREAS, the City Council finds that animal keeping is an essential property right throughout West Haven; and

WHEREAS, the City Council finds that there are limited circumstances that warrant considering a variance, referred to in the animal keeping ordinance as an exemption, to the animal keeping rules and regulations; and

WHEREAS, in order to ensure parity on variances, the City Council has determined that all variances in West Haven City should be heard and considered by the administrative hearing officer;

NOW THEREFORE, BE IT ORDAINED by the City of West Haven that the following portions of the West Haven City Zoning Code are amended as follows:

35.01.010(H)(9)- If a property owner wishes to conduct animal keeping in excess of allotted units per acre on a lot where it is otherwise allowed, the owner shall apply for ~~an exemption from the Code Enforcement Officer. The Code Enforcement Officer shall determine whether the applicant meets the basis outlined in the City's policies to issue an exemption. The policy pertaining to this issue is attached as Exhibit C. a variance through the West Haven City Administrative Hearing Officer, as outlined in West Haven Zoning Code, Chapter 21.~~

35.01.040 Exhibit C- Animal Keeping Exemption Policy- is stricken in its entirety

Section 2 – Prior Ordinances and Resolutions

That the above changes, where they may have been taken from prior City Ordinances and Resolutions, are listed here for centralization and convenience; and that the body and substance

of those prior Ordinances and Resolutions, with their specific provisions, where not otherwise in conflict with this Ordinance, are reaffirmed and readopted.

Section 3 – Repealer of Conflicting Enactments

All orders, ordinances and resolutions regarding the changes enacted and adopted which have been adopted by the City, or parts thereof, which conflict with this Ordinance are, for such conflict, repealed, except that this repeal will not be construed to revive any act, order or resolution, or part.

Section 4 – Savings Clause

If any provision of this Ordinance be held or deemed invalid, inoperative or unenforceable, such will render no other provision or provisions invalid, inoperative or unenforceable to any extent whatsoever, this Ordinance being deemed the separate independent and severable act of the City Council of West Haven City.

Section 5 – Date of Effect

This Ordinance shall be effective as of the date of signing and after being published or posted as required by law.

EASEMENT VACATION

Request: Discussion and action concerning a request to vacate a portion of an open space easement
Property Address: 2978 W 2325 S
Property Zone: Open Space
Property Size: 1.09 acres
Applicant: Ernesto & Stephanie Carranza

Governing Document(s):
Decision Type: Legislative
Staff Recommendation: See comments under "Staff Review"

Public Hearing Posting: The required public hearing was duly noticed on April 7, 2022

Background

West Haven City has received a letter from Ernesto & Stephanie Carranza, requesting that the City vacate a portion of the conservation easement behind their home located at 2978 W 2325 S. At this time, the easement line is approximately 180' behind their home and they are requesting that the City vacate 80' of the easement so that the line would be 260' behind their home.

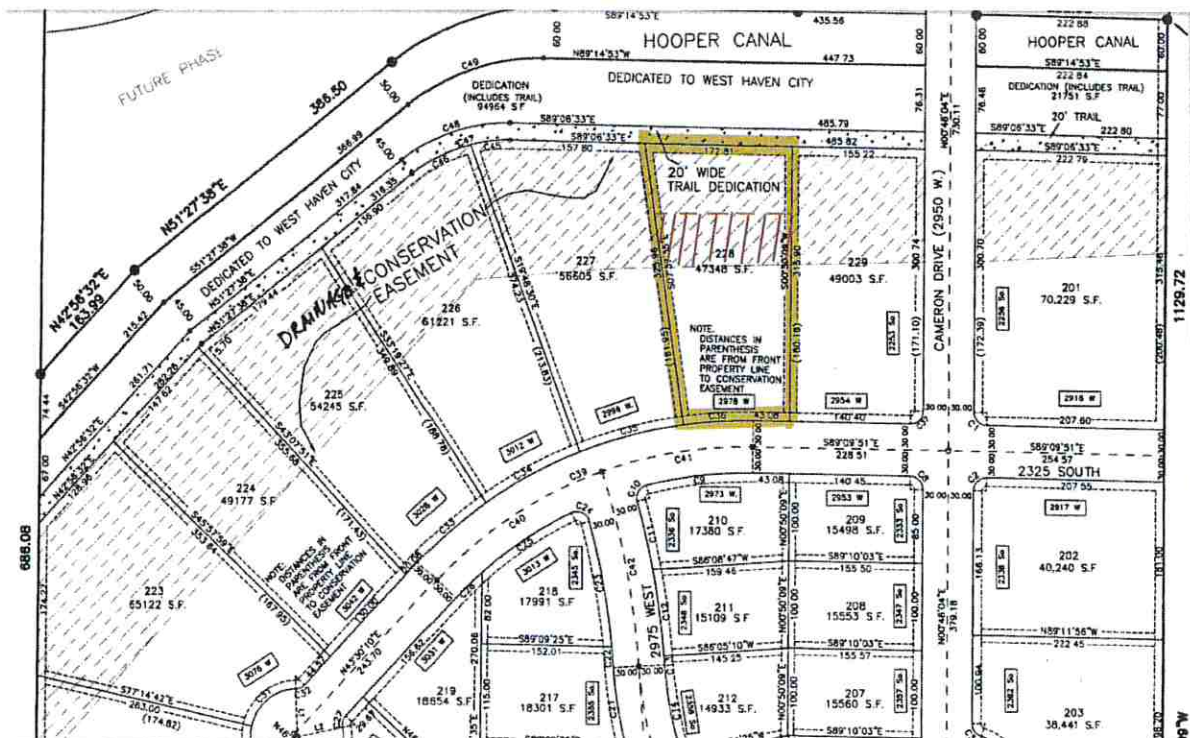

In November 2020, March 2021 and January 2022, the City received similar requests from the owners of Lots 226, 227 and 224 in Secrist Acres. Those easements were granted, reducing the conservation easement by 60', 75' and 90', respectively.

The Carranzas' stated purpose for requesting the easement vacation is to construct a 30'x'50' shop on their property.

At the 4/27/2022 Planning Commission meeting, the Commission unanimously voted to recommend that the Council adopt an ordinance approving the Carranza's request.

Staff Review

As the City has recently approved three similar easement vacations in this subdivision, I have no issue with the request and would recommend that the Council adopt the ordinance.

ORDINANCE NO. 08-2022

**AN ORDINANCE OF WEST HAVEN CITY, UTAH, TERMINATING AND VACATING

LOT 228 OF SECRIST ACRES SUBDIVISION; AND, ESTABLISHING AND
APPROVING AN AMENDED PLAT FOR SECRIST ACRES SUBDIVISION, 1ST
AMENDMENT, IF SUCH AMENDMENT BE REQUIRED BY THE COUNTY
RECORDER'S OFFICE; AND ESTABLISHING AN EFFECTIVE DATE FOR THOSE
CHANGES.**

Section 1. Recitals:

WHEREAS, West Haven City (herein "City") is a municipal corporation duly organized and existing under the laws of the State of Utah; and,

WHEREAS, the City Council finds that in conformance with UCA §10-3-717, and UCA §10-3-701, the governing body of the city may exercise all administrative and legislative powers by resolution or ordinance; and,

WHEREAS, the City Council finds that in conformance with UCA §10-3-717, and UCA §10-3-701, the governing body of the city has previously adopted a Subdivision Ordinance which, among other things, provides for certain procedures and fees for approving proposed site plans for development within the City; and,

WHEREAS, the City Council finds that the Planning Commission has recommended certain changes to a previously recorded subdivision plat which includes a drainage and conservation easement; and,

WHEREAS, the City Council finds that the necessary public hearing has been conducted in this matter; and,

WHEREAS, the City Council finds that it is in the public interest to effectively promulgate and to make certain changes to the subdivision and the originally recorded plat related thereto and that the adoption of this Ordinance will serve those ends; and,

WHEREAS, the City Council finds that the real property approved as a subdivision is commonly known and was recorded as Secrist Acres Subdivision recorded with Weber County; and,

WHEREAS, the City Council finds that the owner(s) of Lot No. 228 of Secrist Acres Subdivision, West Haven City, Weber County, Utah, have/has petitioned West Haven City to amend said Lot No. 228 of Secrist Acres Subdivision by vacating a portion of the "Drainage and Conservation Easement" on Lot No. 228 Secrist Acres Subdivision, West Haven City, Weber County, Utah as shown on Exhibit 1, below and incorporated fully herein; and otherwise changing the plat thereof; and,

WHEREAS, the City Council finds that as part of the approval process of vacating a portion of the "Drainage and Conservation Easement" on Lot No. 228 Secrist Acres Subdivision, West Haven City, Weber County, Utah, the Weber County Recorder's office may require filing a formal amended plat of such changes. Should such an eventuality arise, the Mayor and other city officials should be authorized to sign such amended plat; and,

WHEREAS, the City Council finds that the public safety, health, and welfare is at issue in this matter and requires action by the City as noted above;

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF WEST HAVEN CITY, UTAH that

The real property which is described as Lot No. 228 Secrist Acres Subdivision, West Haven City, Weber County, Utah which contains a "Drainage and Conservation Easement" designation and limitation, as further shown below, and by this reference herein incorporated in full, shall hereby have eighty (80) feet of that easement designation and limitation vacated to the extent shown on Exhibit 1; and that should the Weber County Recorder's office require filing a formal amended plat documenting such changes, the Mayor and other city officials are authorized and empowered to cause to be created such an amended plat without further actions of this Council together with authority to record said new plat.

Be it further ordained that the remaining "Drainage and Conservation Easement" on the burdened estates, including the rest of the easement on Lot No. 228 not designated in Exhibit 1, as conveyed and recorded in the original subdivision that is Secrist Acres Subdivision, are unaffected by this vacation.

The foregoing recitals are fully incorporated

Section 2. Repealer of Conflicting Enactments:

All orders, ordinances and resolutions regarding the changes herein enacted and adopted which have heretofore been adopted by the City, or parts thereof, which conflict with any of the provisions of this Ordinance, are, for such conflict, repealed, except this repeal shall not be construed to revive any act, order or resolution, or part thereof, heretofore repealed.

Section 3. Prior Ordinances and Resolutions:

The body and substance of any prior Ordinances and Resolutions, together with their specific provisions, where not otherwise in conflict with this Ordinance, are reaffirmed and readopted.

Section 4 - Savings Clause:

If any provision of this Ordinance shall be held or deemed to be or shall be invalid, inoperative or unenforceable for any reason, such reason shall not render any other provision or provisions hereof

invalid, inoperative or unenforceable to any extent whatever, this Ordinance being deemed to be the separate independent and severable act of the City Council of West Haven City

Section 5. Date of Effect:

BE IT FURTHER ORDAINED that this Ordinance, and the changes contemplated, shall become effective on the 4th day of May, 2022, and after publication or posting as required by law.

Final Plat- Aspire Pointe Phase 4

Request:	Grant approval of the final plat for Phase 4 of Aspire Pointe subdivision
Property Address:	Approx 3175 S 3150 W
Property Zone:	R-2.5 (PUD)
Property Size:	
Applicant:	Capitol Reef Management
Governing Document(s):	WHZC
Decision Type:	Administrative
Staff Recommendation:	See comments under "Staff Review"

Background

This is the final phase of the Aspire Pointe subdivision. Previous phases have been completed or are currently under construction. As part of reviewing the mylar for Phase 3 and looking at the preliminary plat, it was brought to the City's attention that the developer had not included these last 4 lots in any of the previous phases, as was anticipated by the preliminary plat. The effect of this oversight is that the property to the north has been denied the access that was anticipated as part of Aspire's preliminary plat.

When this was discovered, I contacted the developer and they graciously agreed to provide the City with plats and plans to complete the improvements for the last 4 lots, which will bring the subdivision into full compliance with the approved preliminary plat.

At the 4/27/2022 Planning Commission meeting, the Commission unanimously passed a motion recommending that the Council grant approval of the final plat.

Staff Review/Recommendation

As this is a PUD, the developer was provided some flexibility on the lot sizes. These 4 lots are consistent with the sizes/setbacks/widths of the previously approved phases, as well as what was anticipated when the preliminary plat was approved.

My only concern is that the Council should ensure the timing of the construction of the last two parts of the road is done in conjunction with the development of the WSD property to the North so that project can have the access needed.

Accordingly, it is staff's recommendation that the Council approve the final plat for Phase 4 of Aspire Pointe, subject to the following conditions:

- 1- Construction of the roads shall be coordinated with the developer of the Weber School District property to the north to ensure that property has the necessary and timely access for construction and development of the property.
- 2- Prior to recording the mylar, the developer shall be required to have a set of fully approved civil improvement drawings.

City Council Staff Review Memo

May 1, 2022

Shari Phippen, Community Development Director

Final Plat Approval- HBH Subdivision

Request: To grant approval of a final plat for a 3-lot commercial subdivision

Property Address: Approx 2100 South 1900 West

Property Zone: C-2

Property Size: 8.49 acres

Applicant: Brent Bailey

Governing Document(s): WHZC Chapter 22, WHC 15

Decision Type: Administrative

Staff Recommendation: See comments under "Staff Review"

Background

Previously, the applicant presented the City with a 5-lot commercial property. They have revised the preliminary plat to consolidate Lots 3, 4 and 5 into a single lot (Lot 3). Lots 1 and 2 remain the same as previously submitted.

This subdivision received preliminary plat approval from the City Council on April 21, 2021. At that time, the following conditions were put into place:

- A decision would need to be made regarding the closure of 2200 South.
- UDOT would need to grant approval for Lots 1 and 2 onto 1900 West.
- A traffic study would need to be completed regarding access points on 1900 West and 2200 South.

I have reviewed the minutes and recording of the April 21, 2021 Council meeting. The conditions were put in place based on the applicant's desire to have Lots 1 and 2 access on to 1900 West and UDOT requiring closure of 2200 South prior to granting the access.

As part of this revised plat before the Commission, the applicant has withdrawn their request to have Lots 1 and 2 access on to 1900 West. There will not be a UDOT access approval, as all accesses will go

STAFF REPORT

TO: City Council Members

FROM: Amy Hugie, City Attorney
Emily Green, City Recorder

DATE: May 4, 2022

SUBJECT: Recodification – City and Zoning Codes – **Review of Changes**

The following staff report discusses the need to form a committee to review the changes that American Legal Publishing is suggesting for the codification of the City and Zoning Codes.

Background

The City has attempted to codify its ordinances twice now. The first time was with Sterling Codifiers (who is now American Legal Publishing). The ordinances were scanned in and Sterling Codifiers produced a book to review. It was not reviewed by everyone, was not approved, and thus the codification was not completed. In 2016, Municode was hired to do a codification of the City and Zoning ordinances. A five year contract was signed with them on June 20, 2016. The City pays \$1800 annually for Municode to host the City Code and Zoning Code. The Municode system is a self-publishing system which means City personnel does all of the input of the ordinances and decision-making regarding where the ordinance shall be placed in the different codes and sections. The online City and Zoning Codes thru Municode has never been officially adopted by the City Council and there is a Preface section in front of the City Code and Zoning Code that states that neither of the online versions are the official version. In April 2021, based on all of the issues with the City and Zoning Codes, the City Council voted to have American Legal Publishing start the process for recodification for both the City Code and the Zoning Code. At this time, American Legal Publishing has sent the first draft of the City and Zoning Codes. Within the next 60 days, they will be sending the legal analysis for the City's review which has to be completed within 60 days of receiving the legal analysis. The legal analysis goes through the City and Zoning Codes and makes suggestions on things that should be fixed, eliminated, etc. or are in conflict with Utah State Code or other sections of the City and Zoning Codes.

Analysis

The City and Zoning Codes are very large documents and there will be a lengthy legal analysis for each of these codes that will require review. This also must be done in a timely manner and would be difficult if there are a large number of reviewers versus forming a small committee for that review.

RECOMMENDATION:

Staff recommends that the City form a committee to review the American Legal Publishing's recodification of the City Code and Zoning Code with the accompanying legal analysis. The Committee would then present their recommendations (accept changes, decline changes, etc.) to the City Council to approve and send back to American Legal Publishing within the prescribed timeline. Staff recommends the following for the committee: City Manager, City Attorney, one planning commission member, one city council member, and one staff member.
