Davis COUNTY HEALTH DEPARTMENT

DAVIS 4 HEALTH

Health Strategy Bureau

The Health Strategy Bureau coordinates efforts to advance health equity; leads Davis4Health, the County's health improvement collaborative, which drives community health improvement processes such as the Community Health Assessment (CHA) and Community Health Improvement Plan (CHIP); guides community and partner engagement activities; advocates for underserved and underrepresented residents; and provides data analysis services to the Department.

- Advancing Health Equity
- Community Health Strategists
- Community Health Workers
- Data Services

Health Equity: Every individual has a fair and just opportunity to live their healthiest life.

Community Health Workers (CHW)

Frontline public health workers whose relationships of trust enable them to serve community members in a culturally appropriate way.

CHW Main Line: 801 -525-4950

Action Cycle

Assess Needs & Resources

Focus on What's Important

1) Suicide **2) ACEs & Trauma** **3) Opioids**

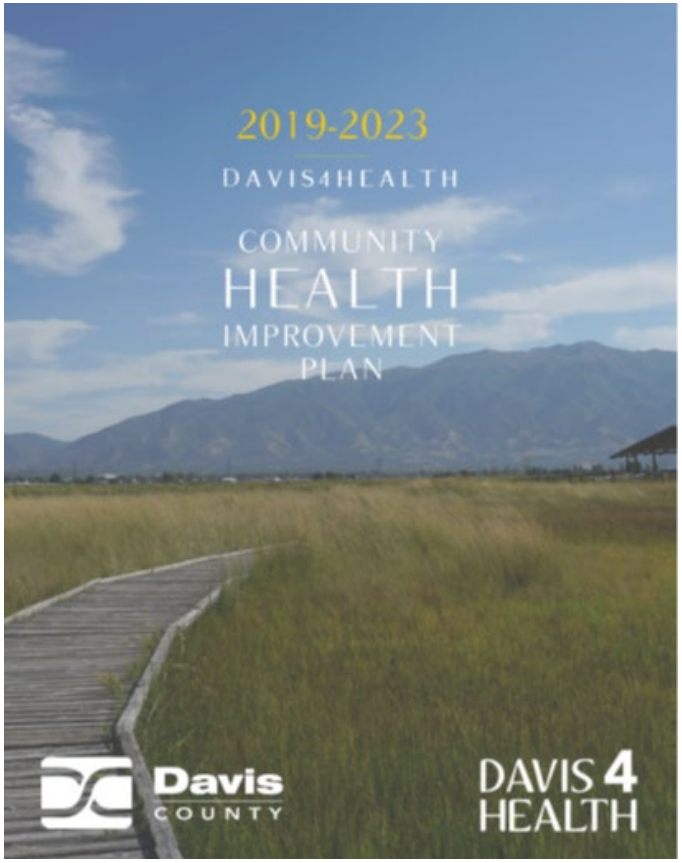

Coordinate **Prevention** efforts & efforts to improve **Access** to services which overlap all 3 priorities

Voted on by Davis4Health Partners, Spring 2018

Choose Effective Policies & Programs

Community Health Improvement Plan (CHIP)

ACT ON WHAT'S IMPORTANT

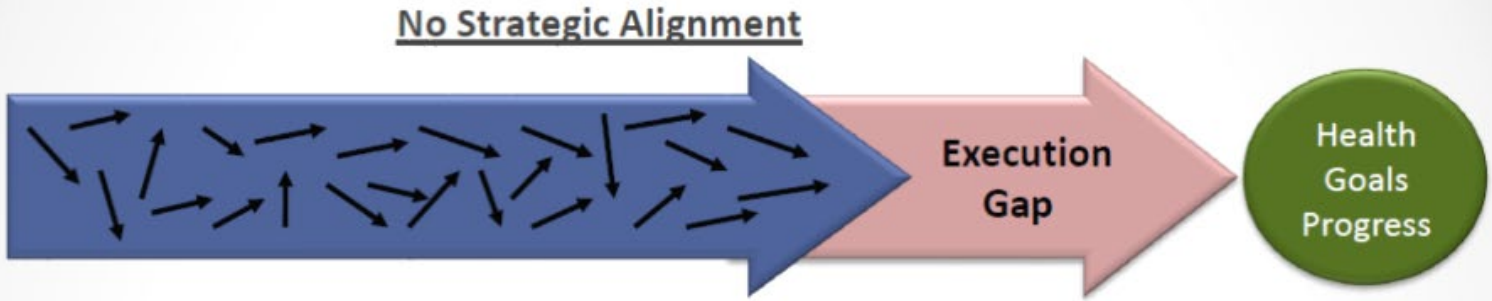

Evaluate Actions

Population Health Outcomes	Davis County Baseline Rate^	Outcome Goals	Most Recent Data
Suicide (IBIS)	14.5 (2014-2016)	10.2*	18.8 (2018-2020)
Child Abuse (DCFS)	817.3 (2015-2017)	735.6**	858.5 (2019-2021)
Poisoning Deaths (IBIS)	16.9 (2013-2015)	13.2*	16.3 (2017-2020)

Notes: ^ Rate per 100,000 population, * Healthy People 2020 Target, ** 10% reduction from baseline
Adapted from page 81 of 2019-2023 Community Health Improvement Plan

- Progress takes time; progress may not be reflected due to data lag
- More recent data: UDOH report on Mental Health During COVID-19
  - Mental health indicators were stable during 2020
  - Service utilization increased (resources are supporting resilience)

The Need to Collaborate around a Strategy

Equity Alignment

- Dozens of equity conversations with individuals, agencies, coalitions, etc.
- Some agencies' sole purpose is to serve underserved/underrepresented populations and address the social determinants of health
- Identified existing frameworks & documents guiding the work
- Many key partnerships are already in place

Davis County Human Services Organization & Priorities

Human Services Cabinet
Lead: Commissioner Kamalu

Human Services Directors Committee
Lead: Commissioner Kamalu

Davis Links Resource Forum
Lead: Staci Fuller

ACEs, Trauma & Resilience (Davis4Health CHIP Priority)

Updated: March 2022

Equity Alignment

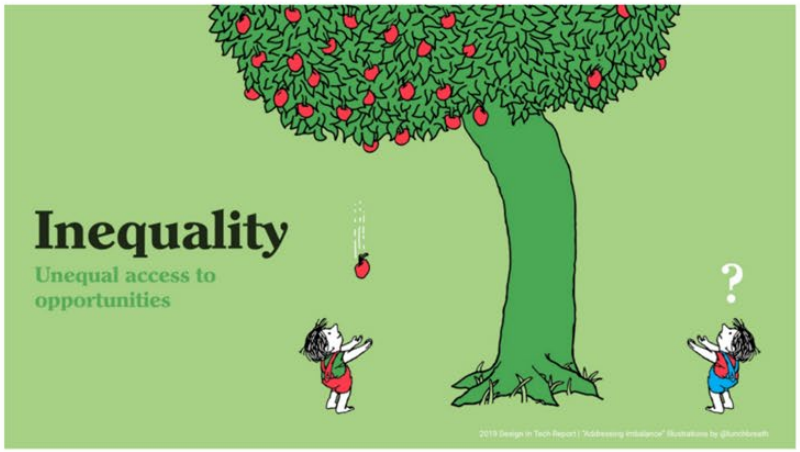

Themes:

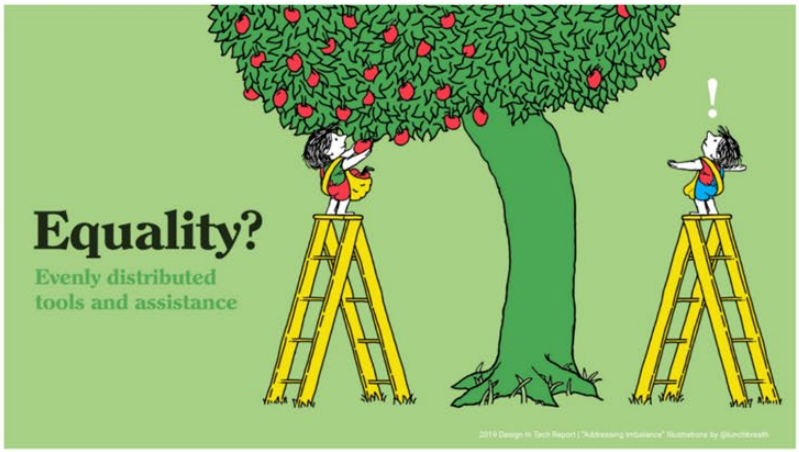

- Federal/State emphasis, additional resources
- New Equity, Inclusion, Diversity and Accessibility positions in some agencies
- Many agencies are working on agency infrastructure, processes, and services to address equity
- Davis4Health Community Health Assessment & Community Health Improvement Plan include many equity components; work towards a more formalized framework

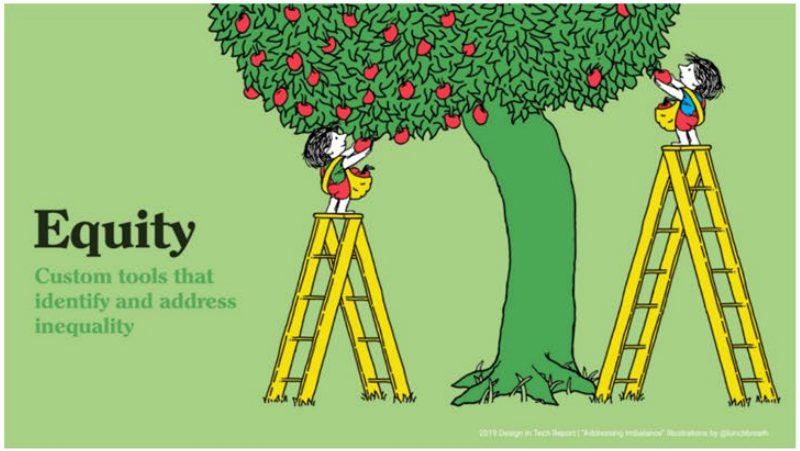

Equity Approach

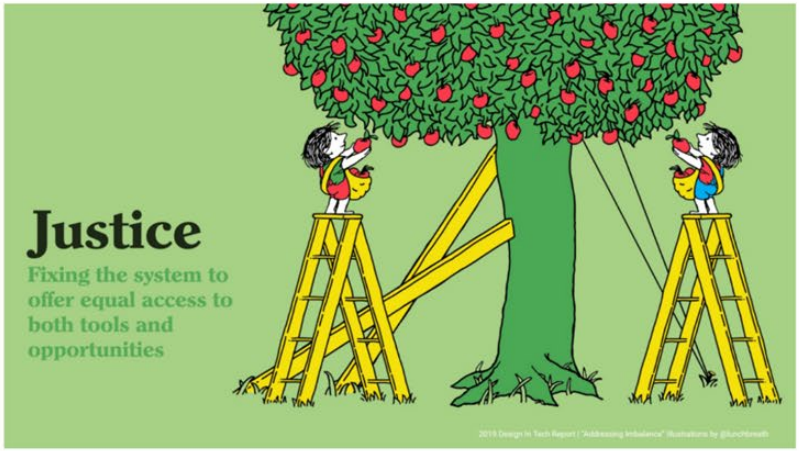

- Equity as a process
  - shared meaning (values & rituals)
  - evaluate current system & structures
- Equity as an outcome
  - Strategies
  - Performance Measures/Goals
