

Minutes

Summit County Heritage and Landmark Commission

February 2, 2022

Summit County Courthouse

Conference Room 1

Members of the Commission, presenters, and members of public, could attend by electronic means, using Zoom (phone or video). Such members could fully participate in the proceedings as if physically present.

Present:

Margaret Olson, *Commissioner*
Derek Siddoway, *Commissioner*
Patrick Putt, *Commissioner*
Jocelyn Scudder, *Commissioner*
Dalton Gackle, *Commissioner*

Joe Frazier, *Commission Secretary*
Daniel Compton, *Ex Officio Commissioner*
Alex Kramer, *KPCW*

Meeting was called to order at 11:30 AM.

As this is the first meeting of this commission, introductions were made. Those making introductions were Joe Frazier, Dan Compton, Dalton Gackle, Jocelyn Scudder, Patrick Putt, Derek Siddoway, Margaret Olson. The public was also welcomed.

An overview of the purpose of the Commission was given.

Joe Frazier gave a brief overview of the Commission's purpose found in the County Code.

1. Inventory and survey historic community resources.
2. Survey any archaeological and architectural resources within the county.
3. Review nominations to the National Registry of Historic Places.
4. Nominate properties and building to the National Register.
5. Provide advice and council to the county manager and county council as well as other county departments.
6. Foster continuing interest and education regarding historic preservation.

Commissioner Olson asked where this section of the code was located. Mr. Frazier answered with Title 2, Chapter 2 of the Summit County Code.

Discussion and election of a Commission Chair and Vice-Chair.

The floor was opened for nominations for chair of the Commission initially. Commissioner Scudder volunteered to serve as Chair. Commissioner Putt seconded the nomination. All voted in favor.

Commissioner Siddoway volunteered to serve as Vice-Chair. Commissioner Putt seconded the nomination. All voted in favor.

Discussion of 2022 CLG Grant

Commissioner Gackle presented his plans for nominating Ski Era homes to the National Historic Register. The Ski Era is important to the history of not only Park City but also Summit County. This will be a multiple property nomination. The age range is from 1963-1980 for the homes that would be considered. There are roughly 750 homes that would qualify for the age-range. The age-range could be shifted down from 1963-1976 and 175 properties would fit within this framework.

Several clarifying questions were posed to Commissioner Gackle and the rest of the Commission.

Commissioner Olson suggested that we look at all of our options due to the fact that the grant cycle is 16 months long and an application this year will prevent an application next year.

The short amount of time between the meeting date and the due date (February 9) of the grant application was discussed.

Funding was also a topic of discussion amongst the Commission members. The grant requires a 50/50 match from either the County or another entity.

Commissioner Siddoway moved that the commission reconvene on Monday, February 7, 2022 at 11:00 AM to vote on the 2022 grant cycle. Commissioner Gackle seconded the motion. All voted in favor.

Meeting Schedule

Everyone mentioned that they are pretty flexible on meeting times and dates. A few days and times will be proposed for the meeting on Monday.

Miscellaneous Business

Commissioner Gackle mentioned that he would send out some information on the survey of properties he had done to this point.

Commissioner Olson stated that she would be conducting training on the Utah Public Meetings Act that this commission was subject to. All members should attend that training. Commission members can watch the recorded training if the live training doesn't fit their schedule.

Adjournment

Commissioner Olson made a motion to adjourn. Seconded by Commissioner Gackle. All voted in favor.
