5. Secondary Water – Exchange Program – Discuss and Possibly take action
6. New Business
7. Old Business
8. Board Reports
9. Adjourn

Dated this day 24th December 2013

Jennifer Sweat
Secretary

The order of individual items on this agenda is subject to change in order to accommodate the needs of the Board and those in attendance.

This agenda can be amended up to 24 hours before the meeting. Any Changes will be posted on the agenda located in the Midway City Office Building, 75 North 100 West Midway, Utah

If you are planning to attend this public meeting and need special assistance in accordance with the Americans with Disabilities Act, please notify Jennifer Sweat secretary for the Midway Water Advisory Board prior to the meeting at 435-654-3223 x 110.

General Consent Calendar

MIDWAY WATER ADVISORY BOARD
MONDAY, December 2, 2013

Minutes of the Midway Water Advisory Board meeting held December 2, 2013 at 6:00 p.m. in the Midway City Office Building, 75 North 100 West, Midway, Utah.

Roll Call

Irrigation Company Members: Co-Chairman Steve Farrell and Grant Kohler. Council Members: Colleen Bonner and Dick Hines. City Attorney: Kraig Powell and Secretary Jennifer Sweat. Irrigation Company Member Doyle Wilson and Mayor Connie Tatton are excused from tonight's meeting.

General Consent Calendar

Co-Chairman Farrell called for a motion to approve the general consent calendar which includes the agenda for December 2, 2013 and the minutes of November 4, 2013.

Motion: Council Member Colleen Bonner made a motion to approve the General Consent Calendar, Council Member Dick Hines seconded the motion and it was carried unanimously.

Farm Springs – 580 North Center Street – Discuss and possibly take action

Paul Berg was present for the applicant, and stated that the project was on 24.40 acres, 14 lots, four (4) lots on ½ acre or less, ten (10) lots ½ acre to 1 acre. They also will have .12 acres of irrigated common area. He calculates that they would need to turn in a total of 12.50 shares, which would be 2.00 shares for the four (4) ½ acre or less lots, and 10.00 shares for the ten (10) lots ½ acre to 1 acre, as well as ½ share for the irrigated common area.

The board discussed the location of the subdivision, which is off of Center Street. Paul stated that the mound on the property which is sensitive land, and will be left as is, and not disturbed.

Co-Chairman Farrell asked Paul if it would be possible to place on the plat map that no irrigation water would be used for the 9.82 acres of open space. Paul stated that would be fine, and not a problem to add.

The board discussed the golf course easement, and whether additional shares of water would need to be turned in order to make sure that the golf course is watered. Paul stated that the developer and the Homestead were in discussions to perhaps sell that portion to the Homestead and then they would be responsible to come up with the water to take care of that section. However Paul stated that it could a condition in the motion and hopefully when they return for final, they will have an agreement on this matter.

Paul asked the board if the ditch that ran through the property was a private ditch or was it property of the Irrigation Company. Co-Chairman Farrell stated that the ditch was the property of the Irrigation Company, and asked if they would be piping the ditch. Paul stated that they would be piping a portion of it however the intent was to leave most of it opened so that it could be a water feature. The intent was to move the ditch, and add a liner and rocks and make it look nice. They would give the irrigation company a 20 foot easement so they had access to it.

The board had a discussion on maintaining open ditches vs. piped ditches and the possible problems that can arise.

The board suggested that perhaps that the HOA could take on the responsibility of cleaning out the ditch, but have an easement in place for access to the irrigation company. This was something that needed to be decided by the Midway Irrigation Company. Co-Chairman Farrell stated that he would meet with the company, and they could include this in the motion that some type of agreement would need to be reached.

Co-Chairman Farrell asked if there were any other questions regarding Farm Springs?

No other questions were asked.

Motion: Co-Chairman Steve Farrell made a motion to approve Farm Springs subdivision, they would need to dedicate twelve (12) shares of water for the 14 lots, one (1) share of water be dedicated to the open space which includes the .12 acres off Center Street into the project and .55 acres on the golf course. With the understanding that this may be revised depending on what the Developer and Homestead decides on ownership of the .55 acres. It was also moved to have a notation added to the Plat Map that 9.82 acres of common area be restricted from irrigation due to no irrigation water allocated to that portion of the project. A condition was also added that the Midway Irrigation Company will work with the Developer on the disposition of the Kummer Ditch and how it will be handled. Council Member Colleen Bonner seconded the motion and it was carried unanimously.

New Business/Old Business/Board Reports

Council Member Colleen Bonner updated the board on the Alpenhof Well, it was progressing and they had finished drilling the well, and felt confident that they would get the 500 gallons per minute, but they haven't tested it yet.

Co-Chairman Farrell stated that at the 1st of the year the irrigation company were going to have Art Wilson go into the Snake Creek Tunnel and hammer drill and try to put in a 24-36 casing.

Water Lease Agreement – The Links at The Homestead

City Attorney Kraig Powell was present at the meeting, and presented the board with an amended and restated water lease agreement with the The Links at the Homestead. This had previously been reviewed in August 2013.

They had made several other minor changes to the agreement, and he felt the board should review it before it was signed. Co-Chairman Farrell stated that he didn't like the word "donated" that was used several times throughout the document. He would rather it be "convey" or "transfer"

The board had questions on new paragraph "K" and "N"; they felt they didn't make sense. Mr. Powell stated he would go back to them and get clarification on the agreement and ask them to make the change on the wording.

(Note: A copy of the revised agreement is in the supplemental file if needed)

Kinsey and John Price Well

City Attorney Kraig Powell stated that he was working on the Kinsey and John Price Wells. He presented the board with the documents he proposed to use which were quick claim deeds. The board reviewed the documents and asked Mr. Powell to continue on this path to hopefully get these items taken care of by the end of the year.

Secondary Water – Exchange Program

City Attorney Kraig Powell stated he also wanted to briefly discuss the Secondary Water/ Exchange Program. It was discussed at last month's meeting, and it was originally thought there were only a handful of people on this program. Mike Kohler had then sent a list to Gay Motley, City Treasurer and former Water Board secretary with 25 names. However she went through the list and had come up with 125 names. It was discussed whether or not the irrigation company was billing for that many, and if it would be a wash when taking into consideration that the irrigation company does not bill the City for water usage in the parks and cemetery.

The exchange program is for residents that irrigation water isn't available for they are able to use their culinary water as their secondary water, and they are not charged for overages. Normally a homeowner on the culinary water is able to use 30,000 gallons of water per quarter, and these homeowners on the exchange are not charged for any overages.

The board asked Secretary Jennifer Sweat to compile a list of the users with names and addresses and send to Mike Kohler to look into and see if the Irrigation Company was billing those users. It was decided it would be discussed at the next Water Advisory Board meeting,

Co-Chairman Farrell asked if there was any other business to discuss?

No other business was discussed.

Co-Chairman Farrell moved for adjournment, Council Member Colleen Bonner seconded the motion

Co-Chairman Farrell adjourned the meeting @ 7:45 p.m.

WATER BOARD ADVISORY BOARD
2014 Meeting Schedule

Regular Meeting 6:00pm

P.C. MEETING DATE	APPLICATION DEADLINE
Monday, January 6, 2014	Friday, December 20, 2013

Farm Springs – Final Approval
580 North Center Street

Final
Jan. 2014

Midway Water Advisory Project Data Sheet

Name of Project: Farm Springs Subdivision

Address: 580 North Center Street

Name of Developer: Dan Luster

Total Acres of Project: 24.40 acres

Total Acres of Irrigated Land: _____

No. of Buildings: _____

No. of Residential Units: _____

No. of Hotel Units: _____

No. of Seats in Restaurant: _____

No. of Water Fixtures in Commercial Buildings (attach detail if applicable): _____

Utah Administrative Code R317-502-23/Requirements of the Division of Drinking Water: _____

Other: lots 6-9, 13 and 14 contain 1.97 acres of wetlands

Other: _____

No. of Acre Feet needed for inside use: _____

No. of Acre Feet needed for outside use: _____

Extension or Modification of the City Water System:

Extension of water line in Center Street.

Storage Facilities: _____

Midway Irrigation Company Consent:

a. Storm Water Runoff: On site retention pond

b. Piping of Irrigation Ditch (Easements):

open ditch is proposed, waiting for decision from irrigation company if piping is required.

c. Relocation of Ditches (Easements) yes - easement provided on plat

d. Tail Water Control: not applicable

Secondary Water System: extension of pipeline in Center Street.
