Subject: City Council Vacancy  
Letter of Intent to Serve

Dear Mayor Wright,

With the pending vacancy of Councilman Brian Hulet from the City Council, I would like to submit myself for consideration. I have served on the Payson City Planning Commission for over eight years and feel that I would have something to offer to the City as a councilman. I have enjoyed serving on the Planning Commission and would miss giving that up if select to fill the remainder of the Councilman Hulet's term, but would still be able serve the citizens of the City in this position as well.

If you have any questions or need additional information, please contact me at [REDACTED]

Sincerely,

Kirk Beecher
