As a 40 year resident, I would hope to be a positive influence in guiding Rockville into the future.

Dear Vicki,

This letter is my 'letter of intent' to serve on Rockville's Town Council for the remainder of Terry Bell's term.

I am a registered voter in Rockville and have been a resident of Rockville for nearly 30 years. I am mentally competent to serve in this capacity and have never been a felon. Having been a member of the Rockville town council in the past, I believe I have the experience necessary to fulfill this position.

I wish to serve Terry's remaining term to not only honor him and the work he has done, but to continue to uphold the General Plan of Rockville as voted by the constituents of the town.

Sincerely,

A handwritten signature in black ink, appearing to be 'M. J. Evenson', with a long horizontal flourish extending to the right.

Vicky,

This email is in regards to the opening of Terry Bell's term on the Rockville City Council. I am interested in serving the good people of Rockville in this position. Tricia and I have just hit our 1 year residency (owned for 1.5 years) and I am a registered voter in Rockville, mentally competent to serve and I am not a felon.

I am interested in serving because after moving numerous times in Northern Utah (flipping homes primarily) we are settled in and plan to make Rockville our forever home. We love the community, agriculture and the people. With the booming growth East and West of us I would like be involved in securing the charm and relaxed atmosphere that makes Rockville so appealing. I would be the voice of the people that live here and have no personal agenda other than maintaining what we currently have and to help in ensuring that we are in good standing for the future. I have been coming down here to Zion for close to 20 years and would love to be involved and represent Rockville in any dealings we have with the Park.

I have no experience in local government but feel my work experience has made been more empathetic and understanding of peoples concerns and needs. A majority of my work experience has been as a manager and my skills were utilized throughout the country in many different states training, coaching and developing employees. I specialized in developing relationships, sales and motivation. I know just from being a resident that our two main concerns are water and traffic. I would love to be more knowledgeable on what it takes to improve both of these issues and willing to learn all I can in what it takes to be involved in local government. I feel I would represent Rockville well and do whatever it takes to maintain the special town that we are.

Sincerely

Richard Yeo

Rockville Town Council
Town of Rockville, Utah

Dear members of Town Council,

I wish to be considered for a position as council member on the Rockville Town Council.

I have been a resident of Rockville for nearly 25 years and a continuous resident for the past 12 months. I am a registered voter, I believe I am mentally competent, however, that will be up to the Town Council to decide and I am not a felon.

I want to be considered to fill the council vacancy because I believe that I have sufficient experience in public office to be able to be a contributor in dealing with the affairs of our community. I have served the Town of Rockville in the past as a member of the Town Planning Commission for 3 years, and I have served as mayor and member of Town Council for more than 8 years. I have continued to serve in a public capacity as a member of the Washington County Library Board and until recently, as a member of the Hurricane Valley Fire District Board.

The Town of Rockville has a special place in my heart and I feel strongly that our General Plan is a good plan and that the Rockville Town Council must stand firm for its principles as guided and defined by the periodic survey of our residents and absentee landowners.

If appointed as a member of the Rockville Town Council, I pledge to attend all meetings of the council to the best of my ability and to be available to attend other meetings or events that may be necessary.

Thank you for your consideration and I wish you well in making the best choice for the Town of Rockville.

Sincerely,

Daniel McGuire
