

June 9, 2022

Vicki S. Bell, Town Clerk
43 East Main Street
Rockville, UT 84763

Dear Ms. Bell:

Please consider this my application letter for the vacant Rockville Town Council position.

As a resident of Rockville for 2 ½ years, I am familiar with the community on a personal and volunteer basis. During this time, I have become involved in community clean-ups, the local Lion's Club, and the Z'Art's Council. These activities demonstrate my desire to serve the community and to help it become even better. Additionally, I have invested a substantial amount of time, energy, and money to rehabilitate a neglected property.

In terms of the other eligibility requirements for the Town Council position, I have been registered to vote in Rockville since December of 2019; I am mentally competent; and I am NOT a felon.

I served on the Big Cottonwood Canyon Association for 5-years as a Community Council Member. In that position, I interacted and corresponded with federal, state, and local government officials and agencies, attended monthly meetings, and listened and addressed concerns for the residents of the canyon. The issues in the canyon at that time are like the ones facing Rockville today.

As an Economist for the State of Utah, I have a well-developed understanding of the machinations of government. This includes the ability to gather and analyze the available data in order to help find solutions to the complex issues that will face the community now and in the future.

Please let me know if you have any questions or need additional information.

Sincerely | Jan Fasselin
