UIPA's board may convene and conduct an electronic meeting without an anchor location if the chair:

- (b) states in the written determination the facts upon which the determination is based;
- (c) includes in the public notice for the meeting, and reads at the beginning of the meeting, the information described in paragraphs (a) and (b) above; and
- (d) includes in the public notice information on how a member of the public may view or make a comment at the meeting.

The board may convene and conduct an electronic meeting with an anchor location if:

- (a) the meeting notice will specify the anchor location where members of the board not participating electronically or telephonically will be meeting; and

If there will be an anchor location, board members are permitted to participate electronically or telephonically. Board members should give reasonable notice to the chair of intent to participate electronically or telephonically. Any member of the board appearing electronically or telephonically will be counted as present for purposes of a quorum and may fully participate in the discussion and vote on any matter. At the commencement of the meeting and when any member of the board appears electronically or telephonically the chair will identify for the record all those who are appearing telephonically or electronically. The chair will confirm on the record any votes by members of the board who are not at the physical location of the meeting.
