DETAILED REASON AND EXPLANATION FOR REQUEST:

The ordinance was updated to remove the requirement to dedicate culinary water to the City with development. This was done because we have almost twice as much culinary ground water rights than we currently use and we were advised by our water expert Hansen, Allen, and Luce to not require this due to the State Law and how many rights we already own. We will start requiring water rights again once we are up to 80% use of the allocated water we currently have.

We also updated wording and standards that were outdated and that were no longer relevant to how we operate.

DUE DATE:

This agenda request and any supporting documentation is due to the city recorder by the Wednesday one week prior to the council meeting. This allows final preparation of the agenda and time for the city attorney to review.
